**Questions and Answers**

**Q: What is a proxy?**

A: A proxy is a document, also referred to as a "proxy card," on which you authorize someone else to vote for you at the upcoming Annual Meeting in the way that you want to vote. You also may choose to abstain from voting. Ethan Allen Interiors Inc.'s board of directors is soliciting the proxy card.

**Q: What are the purposes of this annual meeting?**

A: At the Annual Meeting, stockholders will elect three Class II directors for a three-year term expiring in 2013. The board's Class II nominees for election are: Clinton A. Clark, Kristin Gamble and Don M. Wilson. You are also being asked to ratify the election of James W. Schmotter as a Class III director with a term expiring 2012 (see page 4). Stockholders will also vote on ratifying our appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2011. Other than routine or procedural matters, we do not expect any other business will be brought up at the meeting, but if any other business is properly brought up, the persons named in the proxy card will have authority to vote on it as they see fit.

**Q: Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?**

A: In accordance with rules adopted by the Securities and Exchange Commission ("SEC"), rather than mailing a printed copy of our proxy materials to each stockholder of record, we may now send some or all of our stockholders a Notice Regarding the Availability of Proxy Materials ("Notice"), which indicates how our stockholders may:

- access their proxy materials and vote their proxies over the Internet or by telephone;
- request a paper copy of the materials including a proxy card.

**Q: How can I get electronic access to the proxy materials?**

A: The Notice provides you with instructions regarding how to:

- view our proxy materials for the Annual Meeting over the Internet; and
- instruct us to send our future proxy materials to you electronically by email instead of sending you printed copies by mail.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meeting of stockholders on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it. The Annual Report and the Form 10-K accompany these proxy materials but are not considered part of the proxy soliciting materials.

**Q: Who is entitled to vote?**

A: Only record holders of our common shares of stock at the close of business on the record date for the meeting, September 21, 2010, are entitled to vote at the Annual Meeting. Each common share has one vote.

**Q: How do I vote?**

A: You can vote either in person at the Annual Meeting or by proxy whether or not you attend the Annual Meeting. You can vote by proxy in three ways:

- By mail—If you received your proxy materials by mail, you can vote using the proxy card;
- By telephone—In the United States and Canada, you can vote by telephone by following the instructions in the Notice, on the Internet or on your proxy card if you received your materials by mail; or
- By Internet—You can vote over the Internet by following the instructions on the Notice or on your proxy card if you received your materials by mail.

If you vote by proxy, your shares will be voted at the Annual Meeting in the manner you indicate. If your shares are held in your name (but not in nominee name through a broker) and if you sign your proxy card, but do not specify how you want your shares to be voted, they will be voted as the Board of Directors recommends.

**Q: Can I change my vote after I have voted?**

A: A later vote by any means will cancel any earlier vote. For example, if you vote by telephone and later vote differently on the Internet, the Internet vote will count, and the telephone vote will be canceled. If you wish to change your vote by mail, you should write our Corporate Secretary, at the address set forth at the beginning of the Questions and Answers, and request a new proxy card. The last vote we receive before the meeting will be the one counted. You also may change your vote by voting in person at the meeting.

**Q: What does it mean if I get more than one proxy card?**

A: It means that your shares are registered in more than one way. Sign and return *all* proxy cards or vote *each* group of shares by telephone or over the Internet to ensure that all your shares are voted.

**Q: What is a Broker Non-Vote?**

A: The SEC recently approved a New York Stock Exchange (NYSE) amendment to Rule 452 prohibiting brokers from exercising "discretionary voting" in all director elections. The amendment will apply to shareholder meetings held on or after January 1, 2010. Therefore, if your shares are held in nominee name by your broker and you do not provide instructions to your broker on how you want your shares voted in director elections, your broker is prohibited from exercising discretionary voting and voting those shares in the director elections.

**Q: What is Electronic Access?**

A: Our proxy statement and our 2010 annual report are available on an Internet site at <http://materials.proxyvote.com/297602>. Most stockholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail. If you are a registered stockholder, you can choose this option and save the Company the cost of producing and mailing these documents by following the instructions provided on your proxy card or following the prompt if you choose to vote over the Internet. If you hold your stock in nominee name (such as through a bank or broker), check the information provided by your nominee for instructions on how to elect to view future proxy statements and annual reports over the Internet. If you are a registered stockholder and have chosen to view future proxy statements and annual reports over the Internet, you will receive an e-mail with instructions containing the Internet address of those materials.

## PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the "Board of Directors") of Ethan Allen Interiors Inc., a Delaware corporation (the "Company"), of proxies for use at the 2010 Annual Meeting of stockholders (the "Annual Meeting") to be held on Tuesday, November 16, 2010 at the Ethan Allen International Corporate Headquarters, Ethan Allen Drive, Danbury, Connecticut 06811 at 9:00 A.M., local time, or any adjournment thereof. The Proxy Statement and our Annual Report are first being made available electronically on or about October 7, 2010.

### VOTING SECURITIES; PROXIES; REQUIRED VOTE

#### Voting Securities

The Board of Directors has fixed the close of business on September 21, 2010 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, the Company had outstanding 28,728,575 shares of common stock, par value \$.01 per share (the "Common Stock"). The holders of Common Stock as of the Record Date are entitled to notice of, and to vote at, the Annual Meeting. Holders of Common Stock are entitled to one vote per share.

#### Proxies

M. Farooq Kathwari and Frank G. Wisner, the persons named as proxies, were selected by the Board of Directors to serve in such capacity. Each properly executed and returned proxy card will be voted in accordance with the directions indicated thereon, or if no directions are indicated, such proxy will be voted in accordance with the recommendations of the Board of Directors contained in this Proxy Statement for shares held by registered owners. In voting by proxy with regard to the election of directors, stockholders may vote in favor of all nominees, withhold their vote as to all nominees or withhold their vote as to a specific nominee(s). Each stockholder giving a proxy has the power to revoke it at any time before the shares it represents are voted. Revocation of a proxy is effective upon receipt of a later vote by (i) telephone; (ii) Internet; or (iii) receipt by the Corporate Secretary of the Company of either: (a) an instrument revoking the proxy; or (b) a duly executed proxy card bearing a later date. Additionally, a stockholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting.

#### Required Vote

The holders of at least one-third of the outstanding shares of Common Stock represented in person or by proxy will constitute a quorum at the Annual Meeting. Effective with annual meetings held after January 1, 2010, NYSE Rule 452 prohibits brokers from exercising "discretionary" voting on all director elections. At the Annual Meeting, the vote of a majority in interest of the stockholders present, in person or by proxy, and entitled to vote thereon is required (i) to elect or ratify directors; and (ii) to ratify the appointment of KPMG LLP as the independent registered public accounting firm of the Company.

The election inspectors appointed for the Annual Meeting will tabulate the votes cast, in person or by proxy, at the Annual Meeting and will determine whether or not a quorum is present. The election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority to vote on a particular matter, as to certain shares, those shares will not be considered as present and entitled to vote with respect to that matter.

## PROPOSAL 1

### ELECTION OF DIRECTORS

The Board of Directors is presently composed of seven members. The Restated Certificate of Incorporation of the Company divides the Board of Directors into three classes, with one class of directors elected each year for a three-year term. Alternatively, the Board of Directors may chose to reduce the size of the board, as permitted by our Amended and Restated By-laws ("By-laws"). It is not anticipated that Mr. Clark, Ms. Gamble, Mr. Schmotter or Mr. Wilson will be unavailable or will decline to serve as director.

#### **Certain Transactions**

The Company is party to indemnification agreements with each of the members of the Board of Directors pursuant to which the Company has agreed to indemnify and hold harmless each member of the Board of Directors from liabilities incurred as a result of such director's status as a director of the Company, subject to certain limitations.

#### **Certain Relationships and Related Party Transactions**

The Company recognizes that transactions between Ethan Allen and related persons present a potential for actual or perceived conflicts of interest. The Company's general policies with respect to such transactions are included in its Code of Business Conduct and Ethics ("Code"), the administration of which is overseen by the Nominations/Corporate Governance Committee. The Company defines "related party" transaction as any transaction or series of related transactions in excess of \$120,000 in which the Company is a party and in which a "related person" has a material interest. Related persons include directors, director nominees, executive officers, 5% beneficial owners and members of their immediate families.

The Company collects information about potential related party transactions in its annual questionnaires completed by directors and officers as well as throughout the year at its quarterly Disclosure Control Committee Meetings, comprised of key management responsible for significant business units, departments or divisions. Potential related party transactions are first reviewed and assessed by our General Counsel to consider the materiality of the transactions and then reported to the Nominations/Corporate Governance Committee. The Nominations/Corporate Governance Committee reviews and considers all relevant information available to it about each related party transaction and presents the facts to the members of the Board of Directors not associated with the potential related party transaction. A related party transaction is approved or ratified only if such members of the Board of Directors determine that it is not inconsistent with the best interests of the Company and its stockholders. The Company did not have any such transactions during fiscal year 2010.

#### **Compensation Committee Interlocks and Insider Participation**

#### **Charters, Code and Guidelines**

The Company's Code, Corporate Governance Guidelines and the charters of its Audit Committee, Compensation Committee and Nominations/Corporate Governance Committee are available on the Company's website at [www.ethanallen.com/governance](http://www.ethanallen.com/governance). Any waiver of the Code for directors or executive officers may only be made by the Nominations/Corporate Governance Committee, and any waivers or amendments will be disclosed promptly by a posting on our website. Stockholders may request a copy of any of these documents by writing to: Ethan Allen Interiors Inc., Ethan Allen Drive, Danbury, CT 06811, Attn: Office of the Secretary.

## **Leadership Structure and Board of Directors' Role in Risk Oversight**

The Company's leadership structure combines the leadership role of the Chairman and CEO coupled with the role of a lead director. The Board of Directors believes that the existence of a lead director supports strong corporate governance principles while deriving the benefit of having the Company's CEO also serve as Chairman of the Board. The Board believes that the Company's current leadership structure enhances the Chairman/CEO's ability to provide insight and direction on the Company's strategic direction to both management and independent directors, and at the same time, with the support and oversight of a lead director, ensures that the appropriate level of independent oversight is applied to all management decisions. The Board believes that this structure ensures that the independent directors continue to effectively oversee management and provide effective oversight of key issues relating to strategy, risk and integrity without the need to split the roles of Chairman/CEO.

The Board believes that splitting the roles, especially in light of Mr. Kathwari's skill and experience, would potentially have the consequence of making our management and governance process less effective through the undesirable duplication of work, and, in the worst case, the blurring of accountability and responsibility without any clear benefits.

The Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and to enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks but also understanding what level of risk is appropriate for the company. The involvement of the full Board of Directors in reviewing the Company's business strategy is an integral aspect of its assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for the Company. In addition to management's discussion of risk with the full Board of Directors throughout the year, the independent directors also discuss risk.

### **Meetings and Committees of the Board of Directors**

During fiscal year 2010, there were four (4) regularly scheduled meetings of the Board of Directors and the annual meeting of stockholders. Independent directors ordinarily meet in executive session without management present immediately after regularly scheduled board meetings. These sessions are chaired by a non-employee director, which Chair is rotated annually. Kristin Gamble currently serves as lead director.

All directors are expected to attend all board meetings, independent director meetings, stockholder meetings and committee meetings, as appropriate. The Board of Directors realizes that conflicts may arise from time to time but expects that each director will make every effort to keep such conflicts to a minimum. All directors who then held office attended the November 16, 2009 annual meeting of stockholders. In fiscal year 2010, except as otherwise set forth hereinafter, there was 91% attendance at all board meetings and committee meetings.

The Board of Directors has established three standing committees: the Audit Committee; the Compensation Committee; and the Nominations/Corporate Governance Committee. Committee memberships of each nominee and continuing or current director are set forth below:

*Audit Committee:*

Clinton A. Clark (Chair)  
John P. Birkelund  
Kristin Gamble

*Nominations/Corporate Governance Committee:*

Frank G. Wisner (Chair)  
John P. Birkelund  
Edward H. Meyer

*Compensation Committee:*

Edward H. Meyer (Chair)  
Clinton A. Clark  
Kristin Gamble

**AUDIT COMMITTEE**

The Audit Committee is principally responsible for ensuring the accuracy and effectiveness of the annual audit of the financial statements as conducted by the Company's internal auditors and independent registered public accounting firm. The duties of the Committee include, but are not limited to: (i) appointing and supervising the Company's independent registered public accounting firm; (ii) assessing the organization and scope of the Company's internal audit function; (iii) reviewing the scope of audits to be conducted, as well as the results thereof; (iv) approving audit and non-audit services provided to the Company by the independent registered public accounting firm; and (v) overseeing the Company's financial reporting activities, including the Company's system of internal control and the accounting standards and principles applied.

In accordance with SEC regulations, the Audit Committee has approved an Audit Committee Charter, describing the responsibilities of the Audit Committee, (see page 7 for website address). Each member of the Audit Committee is "independent," as defined in Sections 303A.02 and 303A.07 of the NYSE Listed Company Manual and is an "audit committee financial expert" as defined under Item 407 (d) (5)(ii) of SEC Regulation S-K and as contemplated by Rule 10A-3 of the Exchange Act.

### **Report of the Audit Committee of the Board of Directors**

The Audit Committee, on behalf of the Board of Directors, oversees the Company's financial reporting process, including the Company's system of internal control. However, management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Audit Committee reviewed, with management, the audited financial statements contained within the Annual Report on Form 10-K, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures contained in those financial statements. In addition, in compliance with the Sarbanes-Oxley Act of 2002 ("SOX"), the Audit Committee reviewed with management and KPMG LLP, the Company's independent registered public accounting firm ("KPMG"), the effectiveness of the Company's system of internal control over financial reporting as of June 30, 2010.

The Audit Committee reviewed with KPMG, who is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, their judgment(s) as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also reviewed such other matters as are required to be discussed under auditing standards of the Public Company Accounting Oversight Board (United States), including Statement on Auditing Standards No. 61. In addition, the Audit Committee has received from KPMG the written disclosures required by Independence Standards Board Standard No. 1 and has discussed with KPMG the auditors' independence from management and the Company.

The Audit Committee discussed with the Company's internal auditors and KPMG the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and KPMG, with and without management present, to discuss the results of their examinations, their evaluations of the Company's system of internal control and the overall quality of the Company's financial reporting practices. The Audit Committee held seven (7) meetings during fiscal year 2010, which included, but were not limited to, the review of the quarterly Form 10-Q filings and annual Form 10-K filing.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 30, 2010 for filing with the SEC.

## NOMINATIONS/CORPORATE GOVERNANCE COMMITTEE

The duties of the Nominations/Corporate Governance Committee include, but are not limited to, the duty to: (i) develop qualification criteria for board members and nominate or recommend to the Board of Directors individuals to serve on the Board of Directors; (ii) review and monitor the Company's corporate governance policies and guidelines, including the Company's trading policy for its directors and executive officers; and (iii) make an annual assessment of the Board's performance and report to the Board of Directors. The Nominations/Corporate Governance Committee follows the procedure concerning nominations or consideration of director candidates recommended by stockholders set forth in the By-laws. The By-laws of the Company permit stockholders, as of the Record Date, to nominate director candidates at the annual meeting, subject to certain notification requirements. (See "Stockholder Proposals and Nomination of Directors" under Other Matters, beginning on page 34 herein, for information on how to submit a proposal or nominate a director.) The Nominations/Corporate Governance Committee believes that as a result of the provisions in the By-laws, any separate policy relating to stockholder proposals or nominations would be duplicative. Each member of the Nominations/Corporate Governance Committee is "independent" as defined in Section 303A.02 of the NYSE Listed Company Manual. The Nominations/Corporate Governance Committee met formally one (1) time and individual committee members conducted interviews/meetings with potential candidates and communicated, when necessary, by telephone or other means during fiscal year 2010.

The Nominations/Corporate Governance Committee seeks candidates who demonstrate a willingness and ability to prepare for, attend and participate in all board and committee meetings and whose experience and skill would complement the then existing mix of directors. The Committee may consider the diversity of a candidate's background and experience when evaluating a nominee, as well as the diversity of a candidate's perspectives, which may result from diversity in age, gender, ethnicity or national origin. While the Committee may consider diversity in its evaluation process, the Committee does not have formal policy with regard to the consideration of diversity in identifying director nominees. The Nominations/Corporate Governance Committee gathers suggestions as to individuals who may be available to meet the Board of Directors' future needs from a variety of sources, such as past and present directors, stockholders, colleagues and other parties with which a member of the Nominations/Corporate Governance Committee or the Board of Directors has had business dealings, and undertakes a preliminary review of the individuals suggested. At such times as the Nominations/Corporate Governance Committee determines that a relatively near term need exists and the Nominations/Corporate Governance Committee believes that an individual's qualities and skills would complement the then existing mix of directors, the Nominations/Corporate Governance Committee or its Chair will contact the individual. The Chair will, after such contact, discuss the individual with the Nominations/Corporate Governance Committee. Based on the Nominations/Corporate Governance Committee's evaluation of potential nominees and the Company's needs, the Nominations/Corporate Governance Committee determines whether to nominate the individual for election as a director. While the Nominations/Corporate Governance Committee has not, in the past, engaged any third party firm or consultant to identify or evaluate nominees, the Nominations/Corporate Governance Committee, in accordance with its charter, may do so in the future. The Nominations/Corporate Governance Committee would evaluate nominees for director recommended by a stockholder in the same manner it undertakes the Committee's evaluation.

Based solely on our review of copies of the reports by some of those persons and written representations from others that no reports were required, we believe that during fiscal year 2010 all

## COMPENSATION COMMITTEE

### Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide material information about the Company's compensation objectives and policies for its Named Executive Officers and to put into perspective the tabular disclosures and related narratives.

#### Compensation Philosophy and Objectives

The Company's executive compensation philosophy is focused on attracting, retaining and motivating a qualified management team and aligning their interests with the long-term interests of stockholders. This is accomplished by offering compensation packages which are competitive within the industries in which the Company operates, fair and equitable among the executives and which provide incentives for the long-term success and performance of the Company. Compensation is allocated among base salary, annual discretionary cash incentive compensation and long-term equity incentives. Incentive compensation is discretionary and designed to reward achievement within areas under the control of the relevant employee, although Company-wide performance is also a significant factor and to retain management for the long-term success and performance of the Company. The Principal Executive Officer exercises discretion in assessing an executive's, including Named Executive Officers, other than his own, personal performance and the extent, if any, of incentive compensation. We consider the cost to the Company when we make decisions on and consider compensation packages. As the level of responsibility increases, the portion of an executive's compensation tied to the Company's and the executive's personal performance will be proportionately greater. Finally, we endeavor to ensure that the Company's compensation program is perceived as fundamentally fair to all stakeholders.

The duties of the Compensation Committee include, but are not limited to: (i) reviewing and making determinations with regard to the employment arrangements and compensation for the Principal Executive Officer, President and Principal Financial Officer or Treasurer; and (ii) considering and either accepting, modifying or rejecting the Principal Executive Officer's recommendations as to incentive compensation for other executives, including Named Executive Officers. No member of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries during fiscal year 2010. The Compensation Committee, in accordance with its charter, may engage any third party firm or consultant in fulfilling its responsibilities. The Compensation Committee held three (3) meetings during fiscal year 2010.

#### General Policies Regarding Compensation of Named Executive Officers

The Compensation Committee's goal is to establish compensation levels and administer executive compensation which serves to: (1) attract and retain high quality managerial and executive talent; (2) reward executives for superior performance; and (3) structure appropriate incentives for executives to produce sustained superior performance in the future. Generally, in assessing the compensation arrangements for Named Executive Officers, other than the Principal Executive Officer, the Compensation Committee solicits recommendations from the Principal Executive Officer relating to annual discretionary cash incentive compensation and long-term equity incentives such as stock option grants or restricted stock awards, which it considers, and either accepts, modifies or rejects.

#### Overview of Process and Compensation Components

The compensation for our executives, including our President and Principal Executive Officer, is comprised of three primary elements: base salary, annual discretionary cash incentive compensation and long-term equity incentives. We also provide or have provided perquisites, a retirement savings plan and, for select executives, employment and post-employment agreements. The Company does not maintain a stock ownership policy.

During fiscal year 2010, the Company maintained an incentive bonus program ("Bonus Program"). Under the Bonus Program (See "Incentive Bonus" under Executive Compensation on page 21, the President and Principal Executive Officer makes recommendations to the Compensation Committee with respect to select executives, other than himself. The other executives are not present at the time of deliberations, although the President and Principal Executive Officer is or may be present. The Compensation Committee considers such recommendations and consistent with the overall compensation philosophy, the duties of the Committee, and general policies regarding compensation may accept or adjust such recommendations. In fiscal year 2010 the Principal Executive Officer presented his recommendations as to incentive compensation, including annual discretionary bonus and equity incentives for other Named Executive Officers, taking into account each Named Executive Officers' total compensation, including base salary, discretionary cash and long-term incentives. After considering such recommendations and discussions with the Principal Executive Officer, the Compensation Committee agreed with the Principal Executive Officer's recommendations for fiscal year 2010. Because no targets are set in advance of a fiscal year, the Compensation Committee considers the Incentive Bonus to be a discretionary bonus. The Principal Executive Officer along with the Compensation Committee conduct, as needed, an informal review of market data, with the assistance of the Company's Human Resource Department which periodically performs benchmarking studies.

The Compensation Committee reviews, annually, the performance and compensation of the President and Principal Executive Officer. In view of Mr. Kathwari's substantial contributions, the Company decided to enter into a new employment agreement with Mr. Kathwari to assure the continued availability of his services to the Company ("Employment Agreement") dated October, 2007. (See Employment Agreement Page 26). The prior agreement, effective July 1, 2002, expired July 1, 2007.

When developing an employment agreement for the President and Principal Executive Officer we engage the services of an independent third party consultant to assist in gathering relevant market information which we analyze and consider in developing the compensation package to be included in the employment agreement. We also receive input from legal counsel, as appropriate.

To assist in developing the terms of the Employment Agreement for Mr. Kathwari, the Compensation Committee engaged Sibson Consulting. Members of the Compensation Committee met and/or had discussions and communications with representatives of the consultant over a period of nine months. Key considerations for the Compensation Committee in developing the compensation package to be included in the Employment Agreement were: (i) identification of a peer group, which included both known competitors of the Company and companies adhering to similar retail models; (ii) ensuring that the overall level of compensation was competitive and appropriate with the market; (iii) ensuring that a substantial portion of the total compensation package was tied to long-term incentives; and (iv) creation of parameters that provide for increased compensation based upon performance of the Company. The companies that Sibson Consulting reviewed included, but were not limited to Bombay Company, Inc., Haverty Furniture Companies, Inc., Pier 1 Imports, Inc., Restoration Hardware, Inc. and Williams Sonoma. Sibson Consulting analyzed data contained in proxy filings of the peer group. In addition, they analyzed published compensation data for a broader group of retail and similarly sized companies.

The Compensation Committee and Mr. Kathwari agreed to include a substantial incentive component in the Employment Agreement. As a result, a large part of Mr. Kathwari's potential compensation under the Employment Agreement is in the form of stock options, restricted stock awards, and a bonus based upon the Company's operating income.

Effective October 10, 2007, the Compensation Committee approved and the independent members of the Company's Board of Directors ratified, subject to approval by stockholders of the incentive components thereof (which approval was obtained at the 2007 Annual Meeting of stockholders held on November 13, 2007), the Employment Agreement. The Compensation Committee believes that the compensation package for Mr. Kathwari included in the Employment Agreement is appropriate in light of

Mr. Kathwari's extensive experience in the home furnishings industry, his knowledge and background with respect to both manufacturing and retailing and, in particular, his responsibility for implementation of the strategic plan for the Company and the Ethan Allen brand. For a detailed description of the terms of the Employment Agreement, which governed Mr. Kathwari's compensation for the 2010 fiscal year, see "Employment Agreement," beginning on page 26.

Whether an equity incentive grant will be made to a Named Executive Officer, and if so in what amount, is based upon: (i) the subjective evaluation, by the President and Principal Executive Officer of the Named Executive Officer's contribution to the Company's future success; (ii) the level of incentive compensation previously provided by the number and term of the Named Executive Officer's existing stock option and restricted stock holdings; and (iii) the market price of the Common Stock on the date of grant. Annually we allocate to the President and Principal Executive Officer a block of equity incentives (stock options and restricted stock) to be granted throughout the fiscal year to recruit executives, and reward and retain management including the Named Executive Officers other than himself. Equity incentives are granted to directly align the interest of employees, including the Named Executive Officers, to the appreciation on the Common Stock. Options typically vest twenty-five (25%) percent per year beginning one year after the grant date, with full vesting over a four (4) year period. The term of such options is ten (10) years, after which the options expire, unless the employee separates earlier from the Company, at which point the options expire 90 days after such separation. The exercise price is established as of the date of grant. Restricted stock awards typically vest one-third per year beginning one year after the grant date, with full vesting over a three (3) year period. Any stock not fully vested on the date the employee separates are forfeited.

In determining the size of individual option grants, stock unit awards and restricted stock awards, the Compensation Committee considers the aggregate number of shares available, which is, in turn, a function of: (i) the level of stockholders' dilution; (ii) the number of shares previously authorized by stockholders and remaining available; and (iii) the number of individuals to whom the Company wishes to grant stock options, stock unit awards and/or restricted stock awards. The Compensation Committee also considers the range of potential compensation levels that may be yielded by the options or awards. The Compensation Committee reserves the discretion to consider any factors it considers relevant, and to give all factors considered the relative weight it considers appropriate under the circumstances then prevailing, in reaching its determination regarding the size and timing of option grants, stock unit awards and restricted stock awards. The timing of option grants is neither date nor event specific. Grants of stock options to the Company's executives under the Option Plan provide an incentive to executives and managerial staff to achieve the Company's long-term performance objectives and to retain managerial staff.

#### *2010 Compensation*

In fiscal year 2010, we allocated 200,000 equity incentives to the President and Principal Executive Officer for use during fiscal year 2010 to recruit executives, and reward and retain management, including the Named Executive Officers. The President and Principal Executive Officer granted 117,200 equity incentives to other executives and employees including the Named Executive Officers in fiscal year 2010 with the balance carried over to 2011.

At the time of the November 2009 grant of options, the financial position of the Company, as compared to the Company's prior year position was considered and the Compensation Committee determined that it was in the best interest of the Company and its stockholders to provide an incentive award to select employees. It was determined that the granting of equity incentives was a prudent non-cash way to provide incentive to and retain the Named Executive Officers. In addition to the analysis as to

whether equity incentives should be granted, as set forth above, the following were the top factors considered in fiscal year 2010 in determining the extent of each award to the Named Executive Officers:

1. The extent that the Named Executive Officer took initiatives to position the Company well for the future;
2. The extent that the Named Executive Officer contributed to the reduction and minimization in the overall overhead cost of the Company;
3. The extent that the Named Executive Officer was successful in maintaining the morale of his or her department(s)/division(s);
4. The extent that the Name Executive Officer contributed to the Company's strategic objective to conserve cash; and
5. The more efficient operation of the Company and sensible maximizing of Company revenues.

The Compensation Committee determined each award was appropriate as to each Named Executive Officer, in light of: (i) the salary reduction taken by the Named Executive Officer, commencing March 2009; (ii) the absence of a discretionary bonus payment for fiscal year 2009; and (iii) the need to retain and motivate managerial talent during this difficult economic and business climate.

In February 2010, once again the Compensation Committee determined it was appropriate to review compensation of its Named Executive Officers. In approving the February 2010 grant of Restricted Stock, the Company and the Compensation Committee considered not only those factors considered in making the November 2009 Option Awards, including the benefits of granting a non-cash based award and the factors as they relate to each individual award, but also considered the value of such awards to the Named Executive Officers at that time. After consideration of all such factors, the Compensation Committee believed that it was in the best interest of the Company and its stockholders to grant the Restricted Stock in the amounts awarded to each Named Executive Officer.

At the end of fiscal year 2010, in reviewing total compensation for 2010, the Compensation Committee revisited the total compensation awards granted to the Named Executive Officers throughout the year and determined that another form of award was appropriate. In making the discretionary incentive bonus awards for each Named Executive Officer, the Compensation Committee determined that, in view of all of the factors listed above, and with special consideration to the obligation of the Compensation Committee to retain and motivate the Named Executive Officers, the grant of a cash award was appropriate and the amount of each award was determined in light of the value of total compensation paid or awarded to each Named Executive Officer and the total value the Named Executive Officer brought to the Company under the foregoing factors.

Although the Compensation Committee will continue to consider deductibility under Section 162(m) with respect to future compensation arrangements with Named Executive Officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since Company objectives may not always be consistent with the requirements for full deductibility, the Company may enter into compensation arrangements under which payments are not deductible under Section 162(m).

#### **Conclusion**

The Compensation Committee believes that long-term stockholder value is enhanced by corporate and individual performance achievements. Through the plans and practices described above, a meaningful portion of the Company's executive compensation is based on competitive pay practices, as well as corporate and individual performance. The Compensation Committee believes equity compensation, in the form of stock options, restricted stock, and stock units is vital to the long-term success of the Company. The Compensation Committee remains committed to this policy, recognizing that the competitive market

for talented executives and the cyclical nature of the Company's business may result in highly variable compensation for a particular time period.

#### **Report of the Compensation Committee of the Board of Directors**

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis set forth above. Based upon the review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's proxy statement.

- (1) The amounts shown for stock awards and option awards represent the fair values as of each grant date, computed in accordance with Accounting Standards Codification Topic 718, successor to FAS 123R. For financial statement reporting purposes, these fair values are charged to expense over the vesting period, which is generally three years for stock grants and four years for option grants. The actual values that employees may realize if any, will not be known until the vesting date and could differ significantly. See footnote 11 to the Company's Form 10-K for fiscal year ended June 30, 2010 for assumptions in the valuation.
- (2) Stock awards shown for Mr. Kathwari include performance based restricted shares with payouts that were dependent on performance in 2010, 2009 and 2008 with grant date fair value of \$95,153, \$772,721 and \$318,373 respectively. If the highest level of performance was assumed on these awards at grant date, the resulting values would have been \$216,535, \$1,489,172, and \$601,238 respectively. Due to their performance requirements, the actual values realized can vary widely, including having no value.
- (3) Includes contributions by the Company of \$750 for each executive pursuant to the Ethan Allen Retirement Savings Plan for fiscal year 2010, \$500 for fiscal 2009 and \$1,300 for fiscal 2008.
- (4) The following is a detailed table outlining the components of Mr. Kathwari's other compensation for fiscal 2010. Amounts reflected below represent actual amounts charged to the Company's operations during the fiscal year ended June 30, 2010. In addition, there were other incremental costs incurred by the Company for: (i) a Company car (\$74,002); (ii) a club membership (\$6,406); and (iii) a Company plane (\$102,262) all of which were used solely for business purposes. It is Mr. Kathwari's practice to reimburse the Company for any incremental costs relating

to his personal use of the Company plane and club membership. See also Executive Perquisites/Other Personal Benefits on page 25.

Life insurance premiums	\$ 39,206
Retirement contract (change in value)	-\$ 9,757
Restricted Stock book account (change in value)	\$ 27,938
Cash dividends on Stock Units	\$ 25,200
Company match under Ethan Allen Retirement Savings Plan	\$ 750
Total	<u>\$ 83,337</u>

- (5) Includes reimbursement of moving expenses of \$26,997 in fiscal 2010 and \$20,800 in fiscal 2009.
- (6) The totals reflect a \$100,000 voluntary reduction in Mr. Kathwari's annual base salary and a voluntary five percent (5%) reduction in the salary of the other Named Executive Officers, in all cases beginning March 1, 2009 through July 31, 2010.

#### **Incentive Bonus**

Each Named Executive Officer, along with other executives and key employees, is eligible for an annual Incentive Bonus. Incentive Bonuses are intended: (i) to reward key employees based upon both the Company's performance and the individual's performance; (ii) to motivate key employees; and (iii) to provide competitive cash compensation opportunities.

For fiscal year 2010, the Company's Compensation Committee maintained an incentive bonus program (the "Bonus Program") for managerial employees of the Company. The Bonus Program had two components: (i) an aggregate of \$534,000 in cash to be distributed to managerial employees, other than Mr. Kathwari, in amounts recommended by Mr. Kathwari; and (ii) as to Mr. Kathwari, an amount determined in accordance with his Employment Agreement and such other amount distributed by the Compensation Committee in its discretion. In light of the Company's performance for fiscal year 2010 and in accordance with the bonus formula in the Employment Agreements, Mr. Kathwari was not eligible for a bonus. The Company did not make any Incentive Bonus payments for fiscal year 2009. In light of: (i) the Company's performance for fiscal year 2010 and its cash position; (ii) the voluntary reduction in salary forgone by the Named Executive Officers; (iii) the absence of an Incentive Bonus payment in 2009, the Compensation Committee believed it was in the best interest of the Company and its stockholders to make Incentive Bonus payments to the Named Executive Officers. The Compensation Committee was in agreement with Mr. Kathwari's recommendations as to the Named Executive Officers, other than himself. In addition, as a result of the foregoing reasons, the Compensation Committee paid an Incentive Bonus to Mr. Kathwari. All Incentive Bonus payments were made to reward key executives for their performance during this difficult economic and business climate and to keep the managerial staff motivated to continue to deliver positive results and guide the Company to meet its strategic objectives. Because no targets are set in advance of a fiscal year, the Compensation Committee considers the Incentive Bonus to be a discretionary bonus.

#### **Equity Incentives**

##### *Stock Units and Restricted Stock*

We grant stock units and restricted stock in certain circumstances to provide competitive pay packages. These grants are designed primarily to retain qualified executives since the employee cannot sell shares during the restriction period, which is of variable duration, including up until the date of separation from the Company. These grants are used to align the Named Executive Officers with long-term stockholder value.

The accounting cost of restricted stock and stock unit awards, for which the exercise price is zero, is calculated based on the closing price of a single share of Common Stock on the date of the award for

awards with no performance or market conditions. For awards with market conditions, a binomial lattice model was used, with the following assumptions:

	Awards Granted in Fiscal		
	2010	2009	2008
Volatility			
Ethan Allen	62.2%	34.6%	27.0%
S & P 500	35.1%	14.4%	12.1%
Risk-free rate of return	1.6%	2.9%	3.5%
Dividend Yield	1.9%	2.4%	2.4%
Expected Average Life	3.0 yrs	3.0 yrs	2.6 yrs

The Company has issued restricted stock pursuant to the Option Plan. See Note 11 to "Notes to Consolidated Financial Statement" in the Company's Annual Report on Form 10-K for the year ended June 30, 2010 for additional information. The Company has registered the issuance of the shares. Dividends are not payable on unvested restricted stock.

*Non-qualified stock options*

Stock options granted with exercise prices equal to 100% of the underlying Common Stock market value, based on the closing price of a single share of Common Stock on the date of grant, are currently the Company's primary long term compensation vehicle for executives and managerial staff. The Compensation Committee believes that stock options align the interests of management with those of the Company's stockholders, providing appropriate incentive to motivate management, thereby increasing stockholder return.

The Company has issued options to purchase shares of Common Stock pursuant to the Option Plan. See Note 11 to "Notes to Consolidated Financial Statements" in the Company's Annual Report on Form 10-K for the year ended June 30, 2010 for additional information. The Company has registered the issuance of the shares of Common Stock which are issuable upon exercise of such options.

The accounting cost of stock option grants is determined on the date of grant and recognized over the applicable vesting period. We estimate, as of the date of grant, the fair value of stock options awarded using the Black-Scholes option-pricing model. Use of a valuation model requires management to make certain assumptions with respect to selected model inputs, including anticipated changes in the underlying stock price (i.e. expected volatility) and option exercise activity (i.e. expected life). Expected volatility is based on the historical volatility of our Common Stock and other contributing factors. The expected life of options granted, which represents the period of time that the options are expected to be outstanding, is based, primarily, on historical data.

(1) The threshold is the point at which the smallest payout would be attained.

(2) Based on the interim comparison of Ethan Allen's stockholder return as compared to the Standard & Poor's 500 return as of June 30, 2010, 20,000 shares from the July 1, 2009 grant would have vested if this interim period were the final measurement period of June 30, 2012. The actual payout, if any, will be determined at June 30, 2012 and is based on a tiered vesting schedule.

See "Outstanding Equity Awards at Fiscal Year End" page 24 and the footnotes thereto for information regarding expirations and vesting of grants listed above.

See "Employment Agreement" page 26 for a discussion of the material terms of Mr. Kathwari's employment agreement and for an understanding of the information disclosed in the charts above.

See "Compensation Discussion and Analysis" page 15 for an explanation of the base salary and bonus in proportion to total compensation payable to the Named Executive Officers.

**Executive Perquisites/Other Personal Benefits**

Benefits offered to Named Executive Officers are similar to those offered to all employees. In addition, the Company provides perquisites it believes are reasonable and consistent with the overall executive compensation program. In 2010, with the exception of Mr. Kathwari, the Named Executive Officers did not receive any perquisites. Mr. Kathwari received: (1) access to and use of Company cars (including driver, gas, registration, title, insurance and maintenance); (2) reimbursement of life insurance premiums up to \$50,000; (3) a retirement contract; (4) interest on a restricted stock book account established pursuant to his Employment Agreement; and (5) dividend equivalent payments on Stock Units awarded pursuant to his prior employment agreement. Mr. Kathwari's use of the car, airplane, and club

membership are as a convenience to the Company and are for business purposes. (See footnote 4—Summary Compensation Table on page 20).

The Named Executive Officers are eligible to participate in the same retirement benefit programs we offer to salaried employees at the corporate level. Our current program is a 401(k) plan with company-provided match. In addition, Mr. Kathwari is entitled to benefits under a retirement payment contract. Pursuant to the terms of the retirement payment contract, the Company is required to make monthly retirement payments of \$1,250 per month, commencing on the month in which his employment with the Company terminates, and shall be paid until the earlier to occur of a) 120 monthly payments or b) the death of Mr. Kathwari. Such retirement payment is subject to cost of living adjustments. In the event Mr. Kathwari shall die before receiving all retirement payments Mr. Kathwari's widow shall be entitled to reduced retirement payments equal to one-half of the retirement payment amount until the earlier to occur of a) her death or b) the cumulative payment of 120 monthly payments to Mr. Kathwari and/or his widow.

#### **The Ethan Allen Retirement Savings Plan**

The Company established the Ethan Allen Profit Sharing and 401(k) Retirement Plan, now known as the Ethan Allen Retirement Savings Plan, effective July 1, 1994 (the "Retirement Plan"), as a result of the merger of the Company's and/or its subsidiaries' profit sharing and 401(k) plans. The Retirement Plan covers all employees who have completed at least three months of service.

The 401(k) portion of the Retirement Plan allows participants to defer up to 100% of their compensation, subject to certain statutory limitations. The Company may, at its discretion, fully match the first \$500 of a participant's before tax contribution and one-half of the next \$1,600 of a participant's before tax contribution, up to a maximum of \$1,300 each year. The Company made matching contributions, in the form of shares of Company Common Stock to the Retirement Plan equal to \$750 for fiscal year 2010 for each of the Named Executive Officers. Participant contributions and employer matching contributions are immediately and fully vested.

Under the Profit Sharing portion of the Retirement Plan, contributions can be made only by the Company and are at the sole discretion of the Company. Contributions are allocated among all Retirement Plan participants in the same ratio as a participant's covered remuneration bears to that of all Retirement Plan participants. The Company made no profit sharing contributions during fiscal year 2010.

The Retirement Plan is the primary vehicle for providing retirement income to Company employees. The Retirement Plan is administered by Ethan Allen Global, Inc. with J.P. Morgan as Investment Manager and Record Keeper. Investment options currently offered under the Retirement Plan include two collective trusts, nine mutual funds, six strategic allocation funds, employer common stock, and a self-directed brokerage fund. Participants direct the investment of their accounts under the Retirement Plan and may choose from some or all of the investment options designated by the Retirement Committee from time to time.

#### **Employment Agreement**

As of October 10, 2007, the Company's Compensation Committee approved, and the independent members of the Company's Board of Directors ratified, subject to approval of the incentive components by stockholders (which approval was obtained at the 2007 Annual Meeting of stockholders held on November 13, 2007), the terms of the Employment Agreement between the Company and Mr. Kathwari. Pursuant to the Employment Agreement, the Company agreed to continue to employ Mr. Kathwari and Mr. Kathwari agreed to remain as Chairman, President and Principal Executive Officer of the Company and Ethan Allen Global, Inc., for a period of approximately five years, with two automatic one-year extensions commencing on each of July 1, 2012, and July 1, 2013 (each, an "Anniversary Date"), unless notice is given by either Mr. Kathwari or the Company not later than 9 months prior to an Anniversary Date.

Pursuant to the terms of the Employment Agreement, Mr. Kathwari will receive a base salary of \$1,127,500 per year, subject to an annual increase. The annual increase is based on the Company's Operating Income as divided by reported sales ("Operating Margin").

<u>Annual Percentage Increase to Base Salary</u>	<u>Annual Operating Margin</u>
0%	Less than 10%
2%	<sup>3</sup> 10% but < 11%
4%	<sup>3</sup> 11% but < 13%
5%	<sup>3</sup> 13%

As of July 1, 2008, Mr. Kathwari was entitled to an annual increase of 2% pursuant to the terms of the Employment Agreement increasing his base salary to \$1,150,050. However, due to the economic climate and Company sales, on March 1, 2009, Mr. Kathwari voluntarily took a \$100,000 per year salary reduction, such that his base salary as in effect from March 1, 2009 through July 31, 2010 was \$1,050,050 per year. Beginning August 1, 2010 Mr. Kathwari's annual salary is \$1,150,050.

Mr. Kathwari will be entitled to an annual incentive bonus based upon the Company's Operating Income. Mr. Kathwari's incentive bonus for a given fiscal year will be based upon the amount by which the Company's Operating Income for the fiscal year exceeds the applicable threshold amount specified below (each a "Threshold").

<u>Fiscal Year</u>	<u>Threshold</u>
2010	\$ 110 Million
2011	\$ 115 Million
2012	\$ 120 Million
2013	\$ 125 Million
2014	\$ 130 Million

Mr. Kathwari will receive a bonus equal to (i) 1.25% of the first \$20 million (or portion thereof) by which the Operating Income exceeds the applicable Threshold, (ii) 2.25% of the second \$20 million (or portion thereof) by which the Operating Income exceeds the applicable Threshold, (iii) 2.75% of the third \$20 million (or portion thereof) by which the Operating Income exceeds the applicable Threshold, and (iv) 3.25% of any amount greater than \$60 million by which the Operating Income exceeds the applicable Threshold. No incentive bonus under the Employment Agreement was awarded to Mr. Kathwari in fiscal year 2010.

The Compensation Committee shall make adjustments to the Threshold to reflect certain unusual, non-recurring events, including acquisitions and divestitures. In August 2010, the Compensation Committee, in addition to any annual incentive bonus provided for in the Employment Agreement, paid Mr. Kathwari an Incentive Bonus of \$150,000.

Pursuant to the Employment Agreement, Mr. Kathwari was granted the following options under the Option Plan: (i) as of October 10, 2007, ten-year stock options to purchase 150,000 shares of Common Stock, at an exercise price of \$34.03 per share (the price of a share of Common Stock on the New York Stock Exchange as of the close of business on the date of grant), which vest at a rate of 50,000 on each June 30th, up to and including June 30, 2010; (ii) as of July 1, 2008, ten-year stock options to purchase 90,000 shares of Common Stock, at an exercise price of \$24.62 per share (the price of a share of Common Stock on the New York Stock Exchange as of the close of business on July 1, 2008), which vest at a rate of 45,000 each year following the date of grant, up to and including June 30, 2010; and (iii) as of July 1, 2009, ten-year stock options to purchase 60,000 shares of Common Stock, at an exercise price of \$10.68 per share (the price of a share of Common Stock on the New York Stock Exchange as of close of business on July 1,

2009), which vest on June 30, 2010. All options are fully vested and were granted pursuant to the Option Plan.

On November 11, 2008, the Compensation Committee, in addition to the options granted pursuant to the Employment Agreement, granted Mr. Kathwari the right to purchase 50,000 shares of Common Stock at an exercise price of \$15.93 per share (the price of a share of Common Stock on the date of grant), which vest at a rate of 25% each year following the date of grant, up to and including November 10, 2012. On February 3, 2010, the Compensation Committee, in addition to the options granted pursuant to the Employment Agreement, granted to Mr. Kathwari the right to purchase 50,000 shares of Common Stock at an exercise price of \$14.86 per share (the price of a share of Common Stock on the date of grant), which vest at a rate of 25% each year following the date of grant, up to and including February 3, 2014.

Pursuant to the Employment Agreement, Mr. Kathwari was granted the following restricted stock under the Option Plan: (i) as of the date stockholders approved the incentive components of the Employment Agreement (November 13, 2007), 20,000 shares; (ii) as of July 1, 2008, 20,000 shares; and (iii) as of July 1, 2009, 20,000 shares. The initial grant of 20,000 shares of restricted stock was scheduled to vest on June 30, 2010 upon the attainment of certain performance targets, as set forth below. Thereafter, the July 1, 2008 grant of 20,000 shares of restricted stock will vest on June 30, 2011 and the July 1, 2009 grant of 20,000 shares of restricted stock will vest on June 30, 2012. All of these restricted stock awards vest in accordance with a tiered vesting schedule based on the Company's total return to its stockholders as compared to the total return of the Standard & Poor's 500. Any shares which do not vest will be forfeited. As of June 30, 2010, 8,000 shares vested and 12,000 shares were forfeited. As of each dividend record date for the Common Stock occurring on or after the date of any grant of shares of restricted stock, but prior to the date such shares become vested or are forfeited, an account established by the Company for the benefit of Mr. Kathwari shall be credited with the amount of dividends which would otherwise have been paid with respect to such shares. Amounts credited to the account will be credited with interest at the rate of 5% per year until distribution. Mr. Kathwari will be fully vested in all amounts credited to the account, regardless of the subsequent vesting or forfeiture of the shares. The balance credited to Mr. Kathwari's account will be distributed to him in cash as soon as practicable after the termination of his employment. All shares of restricted stock will become fully vested upon the occurrence of a change in control of the Company or in the event that Mr. Kathwari's employment is terminated by the Company without "cause" or by Mr. Kathwari "for good reason."

Pursuant to the Employment Agreement, on November 11, 2007, Mr. Kathwari received an additional 15,000 shares of restricted stock. These shares of restricted stock vest at a rate of 3,000 shares per year over the initial five year term of the Employment Agreement.

On February 3, 2010, the Compensation Committee, in addition to the restricted stock granted pursuant to the Employment Agreement, awarded Mr. Kathwari 15,000 shares of restricted stock to vest ratably over three years beginning on February 2, 2011, and on July 20, 2010, awarded Mr. Kathwari 11,000 shares of restricted stock to vest ratably over two years beginning on July 20, 2011.

In the event Mr. Kathwari's employment with the Company is terminated by reason of death or disability, under the Employment Agreement, he (or his estate) will receive his base salary plus his bonus through the end of the year, along with any deferred compensation, unreimbursed expenses, insurance proceeds and other payments in accordance with Company practices. If Mr. Kathwari's employment is terminated by the Company without "cause" or by Mr. Kathwari "for good reason", he will receive his base salary through the end of the term of the Employment Agreement and a payment equal to the lesser of \$1 million or the bonus payments for two years calculated by reference to the highest bonus previously paid to him, and he will be entitled to settlement of the stock options, which are exercisable within three years after termination. If Mr. Kathwari's employment is terminated by the Company for "cause" or voluntarily by Mr. Kathwari, he will receive his base salary and bonus prorated through the date of termination, along with any deferred compensation, unreimbursed expenses or any other payment in accordance with

Company practices. In connection with each of the foregoing termination payments, Mr. Kathwari will be reimbursed for certain excise and other taxes he is required to pay in respect of such payments.

Under Mr. Kathwari's prior employment agreement, the Company established a book account for Mr. Kathwari, which has been credited with 126,000 Stock Units (the "Stock Units"). Following the termination of Mr. Kathwari's employment, Mr. Kathwari will receive shares of Common Stock equal to the number of Stock Units credited to the account. During the period in which Stock Units are credited to the account, Mr. Kathwari received and will receive dividend-equivalent payments, in cash, equal to the dividends which would otherwise have been paid on the shares of Common Stock represented by the Stock Units.

**Change in Control**

We maintain a change in control provision with our President and Principal Executive Officer as set forth in the Employment Agreement and our Named Executive Officers as set forth in restricted stock and option agreements to ensure continuity of our leadership in the event of a change in ownership of the Company. Under the Employment Agreement, the Company pays him in accordance with the terms of the Employment Agreement including base salary, the aggregate of his two largest bonuses not to exceed \$2 million in the aggregate, deferred compensation, reimbursement of expenses and other compensation or benefits owed in accordance with applicable plans, programs or agreements if there is a change in control and his employment is subsequently terminated.

## Potential Payments upon Termination or Change in Control

The amount of compensation which would have been payable to the Named Executive Officer upon termination of employment or a change in control (as defined in our By-laws), assuming a June 30, 2010 triggering event, is listed in the following table.

	For Cause/ Voluntary Termination/ Retirement	Without Cause/ Good Reason Termination/	Death or Disability	Change in Control

- (1) If terminated other than for cause, Mr. Kathwari is entitled to salary continuation through June 30, 2012. The amount disclosed is the total undiscounted amount of future payments.
- (2) If terminated other than without cause, Mr. Kathwari would receive a prorated bonus entitlement from the beginning of the fiscal year through the termination date. Mr. Kathwari received a bonus payment for fiscal 2010 of \$150,000. If terminated without cause, Mr. Kathwari would have received a bonus equal to the lesser of his two (2) largest bonuses or \$2.0 million dollars.
- (3) If terminated without cause, the Company would continue to pay life and disability insurance payments through June 30, 2012. The amount disclosed is the total undiscounted amount of future payments.
- (4) Equity awards that were fully vested by their terms as of June 30, 2010 are not included in the numbers shown above. For information on any outstanding fully-vested awards, see the "Outstanding Equity Awards at Fiscal Year-End" table page 24. At June 30, 2010, Mr. Kathwari held unvested options to purchase an aggregate of 87,500 shares of Common Stock, at exercise prices ranging from \$14.86 to \$15.93. If Mr. Kathwari's employment had been terminated by the Company without cause, by Mr. Kathwari for good reason (as defined in his Employment Agreement), or for disability on

June 30, 2010, the options to purchase the additional shares would have become immediately exercisable. However, since the closing market price of our Common Stock on June 30, 2010 was \$13.99 per share, the net proceeds to Mr. Kathwari from an exercise of all of such options would have been zero.

- (5) In connection with Mr. Kathwari's 1997 employment agreement he was awarded 126,000 stock units which will, upon termination for any reason, including death or disability, be converted to common stock. The closing market price at June 30, 2010 was used to value the shares.
- (6) If terminated without cause or due to death or disability, 21,000 unvested restricted shares would vest immediately. The closing market price at June 30, 2010 was used to value the shares.
- (7) At June 30, 2010, Mr. Kathwari held 40,000 restricted shares none of which had vested. If Mr. Kathwari's employment had terminated for death or disability on June 30, 2010, the restrictions on the 40,000 shares of restricted stock previously granted would have lapsed immediately. If Mr. Kathwari's employment had been terminated by the Company without cause or by him for good reason on June 30, 2010, the restrictions on the 40,000 shares of restricted stock previously granted would have lapsed immediately. The closing market price at June 30, 2010 was used to value the shares.
- (8) If terminated for any reason, including death or disability, the value of deemed dividends on restricted share awards held in a book account along with accrued interest at 5% per annum would be paid by the Company.
- (9) Mr. Kathwari is also entitled to payments pursuant to a retirement contract, which is described under the section Executive Perquisites/Other Personal Benefits, on page 25. The amount disclosed is the total undiscounted amount of future payments, assuming the maximum cost of living adjustments.
- (10) Amounts reflect the difference between the exercise price of the option and the closing market price of \$13.99 as of June 30, 2010, based on immediate vesting due to a change in control in accordance with the Company's Option Plan. Options with a strike price of at least \$13.99 are shown as \$0. However any such option may have a fair value greater than zero as of this date. Equity awards that were fully vested as of June 30, 2010 are not included in the numbers shown above.
- (11) Amounts reflect the market value of the shares underlying the awards as of June 30, 2010, based on a market price of \$13.99 and do not include any value for that portion of the award with respect to which the participants accrued a vested interest on June 30, 2010, as provided for in the Company's Option Plan.

#### **Director Compensation**

For fiscal year 2010, all independent directors received \$35,000 per annum and \$3,500 per meeting of the Board of Directors attended in person (\$1,000 per meeting attended by telephone). The Chair of the Compensation and Nominations/Corporate Governance Committees received an additional \$8,000 per annum. The Chair of the Audit Committee received an additional \$10,000 per annum. Each independent director received \$2,000 for each committee meeting of the Board of Directors attended in person (\$1,000 per meeting attended by telephone) held on a date on which a meeting of the Board of Directors was not held. In addition, independent directors were eligible in fiscal year 2010 for awards of options, restricted

stock, stock appreciation rights under the Option Plan or \$25,000 cash. Employee directors do not receive additional compensation for serving on the Board of Directors.

Name	Fees earned or paid in cash	Option awards(1)	Restricted Stock(1)	Total
John P. Birkelund(2)	\$ 45,500	\$ 13,200	—	\$ 58,700
Clinton Clark(3)	\$ 89,000	—	—	\$ 89,000
Kristin Gamble(4)	\$ 54,000	\$ 13,200	—	\$ 67,200
Edward H. Meyer(5)	\$ 58,000	—	\$ 11,330	\$ 69,330
Richard A. Sandberg(6)	\$ 16,250	—	\$ 11,330	\$ 27,580
James W. Schmotter	\$ 8,750	—	—	\$ 8,750
Frank G. Wisner(7)	\$ 57,000	—	\$ 11,330	\$ 68,330

- (1) The amounts shown for stock awards and option awards represent the fair values as of each grant date, computed in accordance with Accounting Standards Codification Topic 718, successor to FAS 123R. For financial statement reporting purposes, these fair values are charged to expense over the vesting period, which is generally two years for stock grants and three years for option grants. The actual values realized if any, will not be known until the vesting date and could differ significantly. See footnote 11 to the Company's Form 10-K for fiscal year ended June 30, 2010 for assumptions in the valuation.
- (2) Mr. Birkelund was awarded options in respect of 3,000 shares of July 22, 2009 vesting in two equal annual installments. As of 2010 fiscal year end, Mr. Birkelund held an aggregate of 6,000 stock options and 500 stock awards.
- (3) As of 2010 fiscal year end, Mr. Clark held an aggregate of 13,500 stock options.
- (4) Ms. Gamble was awarded options in respect of 3,000 shares on July 22, 2009 vesting in two equal annual installments. As of 2010 fiscal year end, Ms. Gamble held an aggregate of 31,000 stock options.
- (5) Mr. Meyer was granted 1,000 restricted shares on July 22, 2009 vesting in two equal annual installments. As of 2010 fiscal year end, Mr. Meyer held an aggregate of 19,000 stock options and 1,000 stock awards.
- (6) Mr. Sandberg was granted 1,000 restricted shares on July 22, 2009 vesting in two equal annual installments. However, with Mr. Sandberg's retirement from the Board effective November 16, 2009, this vesting accelerated to that date. As of 2010 fiscal year end, Mr. Sandberg held no remaining stock options.
- (7) Mr. Wisner was granted 1,000 restricted shares on July 22, 2009 vesting in two equal annual installments. As of 2010 fiscal year end, Mr. Wisner held an aggregate of 17,000 stock options and 1,500 stock awards.

#### Tax Policy

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Tax Code") limits deductibility of annual compensation in excess of \$1 million paid to the Company's Principal Executive Officer and to each of its next three most highly compensated Named Executive Officers (other than the Principal Financial Officer). However, compensation is exempt from this limit if it qualifies as "performance-based compensation." In 2007, the Company submitted an amendment to the Option Plan to stockholders, to allow awards thereunder to qualify under the "performance-based compensation" requirements, which was approved by Stockholders. The Company submitted the incentive performance bonus provisions of the Employment Agreement to its stockholders who agreed to have the annual incentive bonuses and the performance-vesting restricted stock granted under the Employment Agreement comply with the "performance-based compensation" requirements under Section 162(m) of the Tax Code.

## PROPOSAL 2

### RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee selects and hires our independent registered public accounting firm and has appointed KPMG as the independent registered public accounting firm of the Company for the fiscal year ending June 30, 2011. KPMG was the independent registered public accounting firm for the Company for the fiscal year ended June 30, 2010. Representatives of KPMG will be present at the Annual Meeting and will be given the opportunity to make a statement if they so desire. They will also be available to respond to appropriate questions. We are asking you to ratify the appointment of KPMG as our independent registered public accounting firm. Although ratification is not required by our By-laws, the Board of Directors is submitting the appointment of KPMG to you for ratification as a matter of good corporate practice. If the Audit Committee's appointment is not ratified, it will reconsider the appointment, if appropriate. Even if the appointment is ratified, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time during the fiscal year if it determines that such a change would be in the best interests of the Company and our stockholders.

### AUDIT FEES

The following table represents a summary of professional fees paid to KPMG for services rendered in connection with: (i) the audit for the Company's annual financial statements for the fiscal years ended June 30, 2010 and 2009; and (ii) other matters.

	2010	2009
Audit fees(1)	\$ 1,215,000	\$ 1,200,000
Audit-related fees(2)	\$ 45,000	\$ 38,000
Tax fees(3)	\$ 76,233	\$ 8,500
All other fees	—	—
Total fees	<u>\$ 1,336,233</u>	<u>\$ 1,246,500</u>

- (1) In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees that the Company paid to KPMG for the audit of the Company's annual financial statements included in the Form 10-K and review of the Company's interim financial statements included in the Forms 10-Q; for the attestation of management's report on the effectiveness of the Company's internal control over financial reporting, as required by Section 404 of SOX; and for services that are normally provided by the auditors in connection with statutory and regulatory filings or engagements.
- (2) "Audit-related fees" are fees for services related to the performance of the annual audit of the Retirement Plan.
- (3) Tax fees consist of fees incurred in connection with tax compliance, tax advice and tax planning services.

The Audit Committee has determined that the provision of tax and other services by the independent registered public accounting firm is compatible with maintaining their independence.

### Audit and Non-Audit Engagement Pre-Approval Policy

To help assure the independence of the Company's independent registered public accounting firm, the Audit Committee has established a policy whereby all audit and non-audit engagements proposed to be

performed by the independent registered public accounting firm must be approved in advance by the Chair of the Audit Committee or, in his discretion, the entire Audit Committee.

**THE AUDIT COMMITTEE RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JUNE 30, 2011, WHICH IS DESIGNATED AS PROPOSAL NO. 2.**

## OTHER MATTERS

### Proxy Solicitation Expense

The expense of the proxy solicitation will be paid by the Company. In addition to the solicitation of proxies by use of the mail, solicitation also may be made by telephone, telegraph or personal interview by directors, officers and regular employees of the Company, none of whom will receive additional compensation for any such solicitation. The Company has engaged Morrow & Co., LLC, located at 470 West Avenue, Stamford, Connecticut 06902, a professional proxy solicitation firm, to provide customary solicitation services for a fee of \$5,500 plus expenses. The Company does not anticipate that the costs and expenses incurred in connection with this proxy solicitation will exceed those normally expended for a proxy solicitation for those matters to be voted on at the Annual Meeting. The Company will, upon request, reimburse brokers, banks and similar organizations for out-of-pocket and reasonable clerical expenses incurred in forwarding proxy material to their principals.

### Stockholder Proposals and Nomination of Directors

Nominations of persons for election to the Board of Directors along with stockholder proposals may be made at any annual meeting of stockholders by any stockholder of the Company: (i) who is a stockholder of record on the date of the giving of the notice and on the Record Date; and (ii) who complies with the notice procedures.

For the nomination or proposal to be made by a stockholder, such stockholder must have given timely notice thereof in proper written form to the Corporate Secretary of the Company.

To be timely, a stockholder's notice to the Corporate Secretary must be delivered to or mailed and received at the principal executive offices of the Company not less than sixty days nor more than ninety days prior to the date of the annual meeting; *provided, however*, that in the event that less than seventy days' notice or prior public disclosure of the date of the annual meeting is given or made to stockholders, notice by the stockholder in order to be timely must be so received not later than the close of business on the tenth day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure of the date of the annual meeting was made, whichever first occurs.

### Nomination

To be in proper written form, a stockholder's notice to the Corporate Secretary must set forth: (a) as to each person whom the stockholder proposes to nominate for election as a director (i) the name, age, business address and residence address of the person; (ii) the principal occupation or employment of the person; (iii) the class or series and number of shares of Common Stock of the Company which are owned beneficially or of record by the person; and (iv) any other information relating to the person that would be required to be disclosed in a proxy statement or other filing required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder; and (b) as to the stockholder giving the notice (i) the name and record address of such stockholder; (ii) the class or series and number of shares of Common Stock of the Company which are owned beneficially or of record by such stockholder; (iii) a description of all arrangements or understandings between such stockholder and each proposed nominee and any other

person or persons (including their name) pursuant to which the nomination(s) are to be made by such stockholder; (iv) a representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the person or persons named in its notice; and (v) any other information relating to such stockholder that would be required to be disclosed in a proxy statement or other filings or solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder. Such notice must be accompanied by a written consent of each proposed nominee to be named as a nominee and to serve as a director if elected.

### **Proposal**

To be in proper written form, a stockholder's notice to the Corporate Secretary must describe the proposal in sufficient detail for the proposal to be summarized on the agenda for the 2011 annual meeting of stockholders and must set forth: (i) the name and address, as it appears on the books of the Company, of the stockholder who intends to make the proposal; (ii) a representation that the stockholder is a holder of record of Common Stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at such meeting to present such proposal; and (iii) the class or series and number of shares of Common Stock of the Company which are owned beneficially or of record by the stockholder. In addition the notice must set forth the reasons for conducting such proposed business at the 2011 annual meeting of stockholders and any material interest of the stockholder in such business. The presiding officer of the 2011 annual meeting of stockholders will, if the facts warrant, refuse to acknowledge a proposal not made in compliance with the foregoing procedure, and any such proposal not properly brought before the 2011 annual meeting of stockholders will not be considered.

The Company currently intends to hold its 2011 annual meeting of stockholders on or about November 15, 2011. In order for any stockholder proposal submitted pursuant to Rule 14a-8 promulgated under the Exchange Act, to be included in the Company's proxy statement to be issued in connection with the 2011 annual meeting of stockholders, such proposal must be received by the Company no later than June 9, 2011. Any proposal(s) or nomination(s) to be submitted that do not comply with Rule 14a-8 promulgated under the Exchange Act may be omitted. Any stockholder proposal or nomination for the 2011 annual meeting of stockholders submitted outside the submission date will be deemed untimely for purposes of Rule 14a-4(c)(i). Proxies for that meeting may confer discretionary authority to vote on untimely proposals without express direction from the stockholders giving the proxies.
