Questions and Answers

Q: What is a proxy?

A: A proxy is a document, also referred to as a "proxy card," on which you authorize someone else to vote for you at the upcoming annual meeting in the way that you want to vote. You also may choose to abstain from voting. Ethan Allen Interiors Inc.'s board of directors is soliciting the proxy card enclosed.

Q: What are the purposes of this annual meeting?

A: At the Annual Meeting, stockholders will elect three directors, each for a three-year term expiring in 2010. The board's nominees are: Clinton A. Clark, Kristin Gamble and Edward H. Meyer (See page 4). Stockholders will also vote on (i) ratifying our appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2008; (ii) an amendment to the 1992 Stock Option Plan; and (iii) the incentive performance components of Mr. Kathwari's new employment agreement. Other than routine or procedural matters, we do not expect any other business will be brought up at the meeting, but if any other business is properly brought up, the persons named in the enclosed proxy will have authority to vote on it as they see fit.

Q: Who is entitled to vote?

A: Only record holders of our common shares of stock at the close of business on the record date for the meeting, September 17, 2007, are entitled to vote at the annual meeting. Each common share has one vote.

Q: How do I vote?

A: Sign and date each proxy card that you receive and return it in the enclosed envelope. Proxies will be voted as you specify on each card. If you sign and return a proxy card without specifying how to vote, your shares will be voted FOR the election of the director nominees identified in this proxy statement; FOR ratification of our appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2008; FOR the amendment to the 1992 Stock Option Plan; and FOR approval of the incentive performance components of Mr. Kathwari's new employment agreement. Your shares also will be voted on any other business that comes before the meeting.

Q: Can I vote by telephone or on the Internet?

A: Yes. If you hold your shares in your own name, you may vote by telephone or on the Internet by following the instructions set forth in the attached proxy card. If your shares are held through a broker, bank, or other nominee, they will contact you to request your voting instructions and should provide you with information on voting those shares by telephone or on the Internet.

Q: Can I change my vote after I have voted?

A: A later vote by any means will cancel any earlier vote. For example, if you vote by telephone and later vote differently on the Internet, the Internet vote will count, and the telephone vote will be canceled. If you wish to change your vote by mail, you should write our Secretary and request a new proxy card. The last vote we receive before the meeting will be the one counted. You also may change your vote by voting in person at the meeting.

Q: What does it mean if I get more than one proxy card?

A: It means that your shares are registered in more than one way. Sign and return *all* proxy cards or vote *each* group of shares by telephone or on the Internet to ensure that all your shares are voted.

Q: Why did our household receive only one proxy statement and annual report this year?

A: If there are two or more stockholders sharing the same address and you did not withhold your consent to “householding,” we are only sending your household a single copy of our annual report and proxy statement unless we have received contrary instructions from one or more of the stockholders at your address. We believe this householding program will provide you greater convenience and save us the cost of mailing duplicate documents to your home. We will promptly provide additional copies of our 2007 annual report or this proxy statement to the other stockholders in your household if you send a written request to: Office of the Secretary, Ethan Allen Interiors Inc., Ethan Allen Drive, Danbury, Connecticut 06811, or you may call us at 203-743-8496 to request additional copies. Copies of the annual report, proxy statement and other reports we file with the SEC are also available on our website at www.ethanallen.com/investors or through the SEC’s website at www.sec.gov.

You may revoke your consent to householding at any time by contacting Broadridge Financial Solutions, Inc., either by calling toll-free 800-542-1061, or by writing to Broadridge Financial Solutions, Inc., Household Department, 51 Mercedes Way, Edgewood, New York 11717. If you revoke your consent, you will be removed from the householding program within 30 days of receipt of your revocation, and each stockholder at your address will then begin receiving individual copies of our disclosure documents. Similarly, if you share an address with another stockholder and have received multiple copies of our proxy materials, you may contact Broadridge Financial Solutions, Inc. to request delivery of a single copy of these materials in the future.

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the “Board of Directors”) of Ethan Allen Interiors Inc., a Delaware corporation (the “Company”), of proxies for use at the 2007 Annual Meeting of stockholders (the “Annual Meeting”) of the Company to be held on Tuesday, November 13, 2007 at the Ethan Allen International Corporate Headquarters, Ethan Allen Drive, Danbury, Connecticut 06811 at 9:00 A.M., local time, or any adjournment thereof. The Proxy Statement and accompanying form of proxy are first being mailed to stockholders on or about October 17, 2007.

VOTING SECURITIES; PROXIES; REQUIRED VOTE

Voting Securities

The Board of Directors has fixed the close of business on September 17, 2007 as the record date (the “Record Date”) for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, the Company had outstanding 29,767,485 shares of common stock, par value \$.01 per share (the “Common Stock”). The holders of Common Stock as of the Record Date are entitled to notice of, and to vote at, the Annual Meeting. Holders of Common Stock are entitled to one vote per share.

Proxies

Horace G. McDonell and Frank G. Wisner, the persons named as proxies on the proxy card accompanying this Proxy Statement, were selected by the Board of Directors of the Company to serve in such capacity. Each properly executed and returned proxy will be voted in accordance with the directions indicated thereon, or if no directions are indicated, such proxy will be voted in accordance with the recommendations of the Board of Directors contained in this Proxy Statement. In voting by proxy with regard to the election of directors, stockholders may vote in favor of all nominees, withhold their vote as to all nominees or withhold their vote as to a specific nominee(s). Each stockholder giving a proxy has the power to revoke it at any time before the shares it represents are voted. Revocation of a proxy is effective upon receipt of a later vote by (i) telephone; (ii) Internet; or (iii) receipt by the Secretary of the Company of either: (a) an instrument revoking the proxy; or (b) a duly executed proxy bearing a later date. Additionally, a stockholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting.

Required Vote

The holders of at least one-third of the outstanding shares of Common Stock represented in person or by proxy will constitute a quorum at the Annual Meeting. At the Annual Meeting, the vote of a majority in interest of the stockholders present, in person or by proxy, and entitled to vote thereon is required (i) to elect directors; (ii) to ratify the appointment of KPMG LLP as the independent registered public accounting firm of the Company; (iii) to amend the 1992 Stock Option Plan (“Option Plan”); and (iv) to approve the incentive performance components of the New Employment Agreement (as defined herein).

The election inspectors appointed for the meeting will tabulate the votes cast, in person or by proxy, at the Annual Meeting and will determine whether or not a quorum is present. The election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority to vote on a particular matter, as to certain shares, those shares will not be considered as present and entitled to vote with respect to that matter.

Meetings and Committees of the Board of Directors

During fiscal year 2007, there were four regularly scheduled meetings of the Board of Directors, one special meeting of the Board of Directors, and the annual meeting of stockholders. Non-employee directors ordinarily meet in executive session without management present immediately after regularly scheduled board meetings. These sessions are chaired by a non-employee director, which chair is rotated annually. Horace G. McDonell currently chairs the independent director meetings. All directors are expected to attend all board meetings, independent director meetings, stockholder meetings and committee meetings, as appropriate. The Board of Directors realizes that conflicts may arise from time to time but expects that each director will make every effort to keep such conflicts to a minimum. All directors who then held office, except Edward H. Meyer and Kristin Gamble, attended the November 14, 2006 annual meeting of stockholders. In fiscal year 2007, except as otherwise set forth hereinafter, there was 93% attendance at all board meetings and committee meetings.

AUDIT COMMITTEE

The Audit Committee is principally responsible for ensuring the accuracy and effectiveness of the annual audit of the financial statements as conducted by the Company's internal auditors and independent registered public accounting firm. The duties of the Committee include, but are not limited to: (i) appointing and supervising the Company's independent registered public accounting firm; (ii) assessing the organization and scope of the Company's internal audit function; (iii) reviewing the scope of audits to be conducted, as well as the results thereof; (iv) approving audit and non-audit services provided to the Company by the independent registered public accounting firm; and (v) overseeing the Company's financial reporting activities, including the Company's system of internal control and the accounting standards and principles applied.

In accordance with SEC regulations, the Audit Committee has approved an Audit Committee Charter, describing the responsibilities of the Audit Committee, a copy of which can be found on the Company's website at www.ethanallen.com/governance. Each member of the Audit Committee is "independent," as defined in Sections 303.01(B) (2)(a) and (3) of the NYSE Listing Standards and Item 7(d)(3) of Schedule 14A and is an "audit committee financial expert" as defined under Item 401 of Regulation S-K of the Securities Exchange Act of 1934.

7

Report of the Audit Committee of the Board of Directors

The Audit Committee oversees the Company's financial reporting process, including the Company's system of internal control, on behalf of the Board of Directors. However, management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. In fulfilling its oversight responsibilities, the Audit Committee reviewed, with management, the audited financial statements contained within the Annual Report on Form 10-K, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures contained in those financial statements. In addition, in compliance with the Sarbanes-Oxley Act of 2002 ("SOX"), the Audit Committee reviewed with management and KPMG LLP, the Company's independent registered public accounting firm ("KPMG"), the effectiveness of the Company's internal control over financial reporting as of June 30, 2007.

The Audit Committee reviewed with KPMG, who is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, their judgment(s) as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also reviewed such other matters as are required to be discussed under auditing standards of the Public Company Accounting Oversight Board (United States), including Statement on Auditing Standards No. 61. In addition, the Audit Committee has received from KPMG the written disclosures required by Independence Standards Board Standard No. 1 and has discussed with KPMG the auditors' independence from management and the Company.

The Audit Committee discussed with the Company's internal auditors and KPMG the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and KPMG, with and without management present, to discuss the results of their examinations, their evaluations of the Company's system of internal control and the overall quality of the Company's financial reporting practices. The Audit Committee held 9 meetings during fiscal year 2007, which included, but were not limited to, the review of the quarterly Form 10-Q filings and annual Form 10-K filing.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended June 30, 2007 for filing with the SEC.

NOMINATIONS/CORPORATE GOVERNANCE COMMITTEE

The duties of the Nominations/Corporate Governance Committee include, but are not limited to, the duty to: (i) develop qualification criteria for board members and nominate or recommend to the Board of Directors individuals to serve on the Board of Directors; (ii) review and monitor the Company's corporate governance policies and guidelines, including the Company's trading policy for its directors and executive officers; and (iii) make an annual assessment of the Board's performance and report to the Board of Directors. The Nominations/Corporate Governance Committee follows the procedure concerning nominations or consideration of director candidates recommended by stockholders set forth in the Company's Amended and Restated By-Laws ("By-Laws"). The By-Laws of the Company permit stockholders, as of the Record Date, to nominate director candidates at the annual meeting, subject to certain notification requirements. (See "Stockholder Proposals and Nomination of Directors" under Other Matters, beginning on page 35 herein, for information on how to submit a proposal or nominate a director.) The Nominations/Corporate Governance Committee believes that as a result of the provisions in the By-Laws, any separate policy relating to stockholder proposals or nominations by the Nominations/Corporate Governance Committee would be duplicative. Each member of the Nominations/Corporate Governance Committee is "independent" as defined in Section 303A.02 of the NYSE Listing Standards. The Nominations/Corporate Governance Committee held 2 meetings during fiscal year 2007.

The Nominations/Corporate Governance Committee seeks candidates who demonstrate a willingness and ability to prepare for, attend and participate in all board and committee meetings and whose experience and skill would complement the then existing mix of directors. The Nominations/Corporate Governance Committee gathers suggestions as to individuals who may be available to meet the Board of Directors' future needs from a variety of sources, such as past and present directors, stockholders, colleagues and other parties with which a member of the Nominations/Corporate Governance Committee or the Board of Directors have had business dealings, and undertakes a preliminary review of the individuals suggested. At such times as the Nominations/Corporate Governance Committee determines that a relatively near term need exists and the Nominations/Corporate Governance Committee believes that an individual's qualities and skills would complement the then existing mix of directors, the Nominations/Corporate Governance Committee or its Chairman will contact the individual. The Chairman will, after such contact, discuss the individual with the Nominations/Corporate Governance Committee. Based on the Nominations/Corporate Governance Committee's evaluation of potential nominees and the Company's needs, the Nominations/Corporate Governance Committee determines whether to nominate the individual for election as a director. While the Nominations/Corporate Governance Committee has not, in the past, engaged any third party firm or consultant to identify or evaluate nominees, the Nominations/Corporate Governance Committee, in accordance with its charter, may do so in the future. There are no differences in the manner in which the Nominations/Corporate Governance Committee evaluates nominees for director recommended by a stockholder.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, owners of over 10% of our Common Stock, and some persons who formerly were directors, executive officers, or over 10% owners, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange and furnish us with a copy of each report filed. Based solely on our review of copies of the reports by some of those persons and written representation from others that no reports were required, the Company believes that during fiscal year 2007 all Section 16(a) filing requirements were observed.

Security Ownership of Common Stock of Certain Owners and Management

The following table sets forth, as of September 17, 2007, except as otherwise noted, information with respect to beneficial ownership of the Common Stock in respect of: (i) each director and Named Executive Officer (as defined herein) of the Company; (ii) all directors and Named Executive Officers of the Company as a group; and (iii) based on information available to the Company and a review of statements filed with the SEC pursuant to Section 13(d) and/or 13(g) of the Securities Act of 1934, as amended (the "Exchange Act"), each person or entity that beneficially owned (directly or together with affiliates) more than 5% of the Common Stock. The Company believes that each individual or entity named has sole investment and voting power with respect to shares of Common Stock indicated as beneficially owned by them, except as otherwise noted.

COMPENSATION COMMITTEE

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide material information about the Company's compensation objectives and policies for its Named Executive Officers and to put into perspective the tabular disclosures and related narratives.

Compensation Philosophy and Objectives

The Company's executive compensation philosophy is focused on attracting, retaining and motivating a qualified management team and aligning their interests with the long-term interests of stockholders. This is accomplished by creating compensation packages which are competitive within the industries in which the Company operates, fair and equitable among the executives and which provide incentives for the long-term success and performance of the Company. Compensation is allocated among base salary, annual cash incentive compensation and long-term equity incentives. Incentive compensation is designed to reward achievement within areas under the control of the relevant employee, although Company-wide performance is also a significant factor. We consider the cost to the Company when we make decisions on compensation packages. As the level of responsibility increases, the portion of an executive's compensation tied to the Company's and the executive's personal performance will be proportionately greater. Finally, we endeavor to ensure that the Company's compensation program is perceived as fundamentally fair to all stakeholders.

The duties of the Compensation Committee include, but are not limited to: (i) reviewing and making determinations with regard to the employment arrangements and compensation for the Principal Executive Officer, President and Principal Financial Officer or Treasurer; and (ii) considering and either accepting, modifying or rejecting the Principal Executive Officer's recommendations as to incentive compensation for other executives. No member of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries during fiscal year 2007. The Compensation Committee, in accordance with its charter, may engage any third party firm or consultant in fulfilling its responsibilities. The Compensation Committee held 3 meetings during fiscal year 2007.

General Policies Regarding Compensation of Named Executive Officers

The Compensation Committee's goal is to establish compensation levels and administer executive compensation plans which serve to: (1) attract and retain high quality managerial and executive talent; (2) reward executives for superior performance; and (3) structure appropriate incentives for executives to produce sustained superior performance in the future. Generally, in assessing the compensation arrangements for Named Executive Officers, other than the Principal Executive Officer, the Compensation Committee solicits recommendations from the Principal Executive Officer relating to discretionary annual cash incentive compensation and long-term equity incentives such as stock option grants, which it considers, and either accepts, modifies or rejects.

Overview of Process and Compensation Components

The compensation for our executives, including our President and Principal Executive Officer, is comprised of three primary elements: base salary, annual cash incentive compensation and long-term equity incentives. We also provide perquisites, a retirement savings plan and, for selected executives, employment and post-employment agreements. The Company does not maintain a stock ownership policy.

During fiscal year 2007, the Compensation Committee maintained a cash bonus program (See "Cash Bonus" under Executive Compensation beginning on page 16) with terms consistent with recommendations made by the President and Principal Executive Officer.

12

The President and Principal Executive Officer makes recommendations to the Compensation Committee with respect to selected other executives. The other executives are not present at the time of deliberations, although, the President and Principal Executive Officer is present. The Compensation Committee may accept or adjust such recommendations. The Compensation Committee reviews, annually, the performance and compensation of the President and Principal Executive Officer. When developing an employment agreement for the President and Principal Executive Officer we engage the services of an independent third-party consultant which gathers relevant market information. We analyze such market information in developing the compensation package. We also receive input from legal counsel, as appropriate.

To assist in developing the terms of the Employment Agreement (hereafter defined), the Compensation Committee retained Sibson Consulting, and met with such consultant over a period of six months. In determining the level of compensation appropriate for Mr. Kathwari, the Compensation Committee reviewed employment contracts of chief executive officers in companies within the home furnishings and retail industries of a size and complexity comparable to the Company. In addition, the Compensation Committee and Mr. Kathwari agreed to include a substantial incentive component in the Employment Agreement. As a result, a large part of Mr. Kathwari's potential compensation is in the form of stock options, restricted stock awards, and a bonus based on the Company's Operating Income (as defined in the Employment Agreement). The Compensation Committee believes that Mr. Kathwari's compensation is appropriate in light of Mr. Kathwari's contributions to the Company, his responsibility for and implementation of the strategic plan of the Company and the brand as well as his experience within the home furnishings industry, including his knowledge and background with respect to both manufacturing and retailing. The terms of Mr. Kathwari's compensation for fiscal year 2007 were governed by the Employment Agreement, details of which can be found under "Executive Compensation—Employment Agreements" beginning on page 20 herein.

Whether a stock option grant will be made to a Named Executive Officer, and if so in what amount, is based upon: (i) the subjective evaluation, by the President and Principal Executive Officer of the Named Executive Officer's potential contribution to the Company's future success; (ii) the level of incentive already provided by the number and term of the Named Executive Officer's existing stock option holdings; and (iii) the market price of the Common Stock. Annually we allocate to the President and Principal Executive Officer a block of options to be granted throughout the fiscal year to recruit executives and reward employees including the Named Executive Officers. In fiscal year 2007, we allocated 75,000 options to the President and Principal Executive Officer. The President and Principal Executive Officer granted 18,000 of such options in fiscal year 2007. Options are granted to directly align the interest of employees, including the Named Executive Officers, to the appreciation on the Common Stock. Options typically vest twenty-five (25%) percent per year beginning one year after the grant date, with full vesting over a four (4) year period. The term of such options is ten (10) years, after which the options expire, unless the employee separates earlier from the Company, at which point the options expire 90 days after such separation. The exercise price is established as of the date of grant.

In determining the size of individual option grants, stock unit awards and restricted stock awards, the Compensation Committee considers the aggregate number of shares available, which is, in turn, a function of: (i) the level of stockholders' dilution; (ii) the number of shares previously authorized by stockholders and remaining available; and (iii) the number of individuals to whom the Company wishes to grant stock options, stock unit awards and/or restricted stock awards. The Compensation Committee also considers the range of potential compensation levels that may be yielded by the options or awards. Furthermore, the Compensation Committee may consider the size of option grants, stock unit or restricted stock awards by those companies with which it believes the Company competes for executives, especially within the home furnishings industry. The Compensation Committee reserves the discretion to consider any factors it considers relevant, and to give all factors considered the relative weight it considers appropriate under the

13

circumstances then prevailing, in reaching its determination regarding the size and timing of option grants, stock unit awards and restricted stock awards. The timing of option grants is neither date nor event specific. However, the Company has historically granted options in the last quarter of each fiscal year. Grants of stock options to the Company's executives under the Option Plan provides an incentive to executives and managerial staff to achieve the Company's long-term performance objectives.

Although the Compensation Committee will continue to consider deductibility under Section 162(m) with respect to future compensation arrangements with Named Executive Officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since Company objectives may not always be consistent with the requirements for full deductibility, the Company may enter into compensation arrangements under which payments are not deductible under Section 162(m).

Conclusion

The Compensation Committee believes that long-term stockholder value is enhanced by corporate and individual performance achievements. Through the plans and practices described above, a significant portion of the Company's executive compensation is based on corporate and individual performance, as well as competitive pay practices. The Compensation Committee believes equity compensation, in the form of stock options, restricted stock, and stock units is vital to the long-term success of the Company. The Compensation Committee remains committed to this policy, recognizing that the competitive market for talented executives and the cyclical nature of the Company's business may result in highly variable compensation for a particular time period.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis set forth above. Based upon the review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's proxy statement.

Mr. Teplitz resigned his position as of October 3, 2007. On October 5, 2007 Mr. Whitely was promoted to Executive Vice President, Operations and Ms. Murphy was promoted to Executive Vice President, Style and Advertising.

Cash Bonus

Each Named Executive Officer, along with other executives and key employees, is eligible for an annual cash bonus. Cash bonuses are intended: (i) to reward key employees based upon both the Company's performance and the individual's performance; (ii) to motivate key employees; and (iii) to provide competitive cash compensation opportunities.

For fiscal year 2007, the Company's Compensation Committee maintained a cash bonus program (the "Bonus Program") for managerial employees of the Company. The amount made available for fiscal year 2007 is based upon actual bonus payments to managerial employees, other than Mr. Kathwari, for fiscal year 2006, as adjusted for actual operating performance of the Company and changes in headcount. The Bonus Program had two components: (i) an aggregate of \$2,138,000 in cash to be distributed to managerial employees, other than Mr. Kathwari, in amounts recommended by Mr. Kathwari; and (ii) as to Mr. Kathwari, an amount determined in accordance with the Employment Agreement. In light of the Company's performance for fiscal year 2007 and in accordance with the bonus formula in the Employment Agreement, the Compensation Committee approved a bonus of \$168,000 for Mr. Kathwari.

Equity Incentives

We grant stock units and restricted stock in limited circumstances to provide competitive pay packages. These grants are designed primarily to retain qualified executives since the employee cannot sell shares during the restriction period, which is of variable duration, including up until the date of separation from the Company. These grants are used to align the Named Executive Officer with long-term stockholder value.

The accounting cost of restricted stock and stock unit awards, for which the exercise price is zero, is calculated based on the closing price of a single share of Common Stock on the date of the award.

Non-qualified stock options

Stock options granted with exercise prices equal to 100% of the underlying Common Stock market value, based on the closing price of a single share of Common Stock on the date of grant, are currently the Company's primary long term compensation vehicle for executives and managerial staff. The Compensation Committee believes that stock options align the interests of management with those of the Company's stockholders, providing appropriate incentive to motivate management, thereby increasing stockholder return.

The Company has issued options to purchase shares of Common Stock pursuant to the Option Plan. See Note 11 to "Notes to Consolidated Financial Statements" in the Company's Annual Report as of June 30, 2007 filed on Form 10-K. The Company has registered the issuance of the shares of Common Stock which will be issuable upon exercise of such options.

The accounting cost of stock option grants is determined on the date of grant and recognized over the applicable vesting period. We estimate, as of the date of grant, the fair value of stock options awarded using the Black-Scholes option-pricing model. Use of a valuation model requires management to make certain assumptions with respect to selected model inputs, including anticipated changes in the underlying stock price (i.e. expected volatility) and option exercise activity (i.e. expected life). Expected volatility is based on the historical volatility of our Common Stock and other contributing factors. The expected life of options granted, which represents the period of time that the options are expected to be outstanding, is based, primarily, on historical data. The actual value of the option that employees will realize, if any, is not known until the options are exercised, if at all.

Executive Perquisites/Other Personal Benefits

Benefits offered to Named Executive Officers are similar to those offered to all employees. In addition, the Company provides nominal perquisites and believes that its perquisites are reasonable and consistent with the overall executive compensation program. In 2007, with the exception of Mr. Kathwari, the Named Executive Officers did not receive any perquisites. Mr. Kathwari received (1) access to and use of a Company car (including driver, gas, registration, title, insurance and maintenance); (2) reimbursement of life insurance premiums up to \$35,000; (3) a retirement contract; (4) 401(k) Company match; (5) interest on a restricted stock book account established pursuant to his Employment Agreement; and (6) dividend equivalent payments on Stock Units awarded pursuant to his prior employment agreement. Mr. Kathwari's use of the airplane, and club membership are as a convenience to the Company and are for business purposes. (See footnote 2—Summary Compensation Table on page 15.)

The Named Executive Officers are eligible to participate in the same retirement benefit programs we offer to salaried employees at the corporate level. Our current program is a 401(k) plan with company-provided match. In addition, Mr. Kathwari is entitled to benefits under a retirement payment contract. Pursuant to the terms of the retirement payment contract and provided Mr. Kathwari remained employed up until the age of fifty (50), the Company is required to make monthly retirement payments computed as follows: \$15,000 multiplied by the number of years Mr. Kathwari remains employed by the Company after attaining the age of fifty (50) (not to exceed ten (10) years) which sum shall be divided by 120. Payment of such resultant sum shall commence on the date Mr. Kathwari attains the age of sixty-five and shall be paid until the earlier to occur of a) 120 monthly payments or b) the death of Mr. Kathwari. Such retirement payment is subject to cost of living adjustments. In the event Mr. Kathwari shall die before receiving all retirement payments Mr. Kathwari's widow shall be entitled to reduced retirement payments equal to one-half of the retirement payment amount until the earlier to occur of a) her death or b) the cumulative payment of 120 monthly payments to Mr. Kathwari and his widow.

The Ethan Allen Retirement Savings Plan

The Company established the Ethan Allen Profit Sharing and 401(k) Retirement Plan, now known as the Ethan Allen Retirement Savings Plan, effective July 1, 1994 (the "Retirement Plan"), as a result of the merger of the Company's and/or its subsidiaries' profit sharing and 401(k) plans. The Retirement Plan covers all employees who have completed at least three months of service.

The 401(k) portion of the Retirement Plan allows participants to defer up to 100% of their compensation, subject to certain statutory limitations. The Company may, at its discretion, fully match the first \$500 of a participant's before tax contribution and one-half of the next \$1,600 of a participant's before tax contribution, up to a maximum of \$1,300 each year. Except as otherwise noted in the Summary Compensation Table on page 15, the Company made matching contributions to the Retirement Plan of \$1,300 for fiscal year 2007 for each of the Named Executive Officers. Participant contributions and employer matching contributions are immediately and fully vested.

Under the Profit Sharing portion of the Retirement Plan, contributions can be made only by the Company and are at the sole discretion of the Company. Contributions are allocated among all Retirement Plan participants in the same ratio as a participant's covered remuneration bears to that of all Retirement Plan participants. The Company made no profit sharing contributions during fiscal year 2007.

The Retirement Plan is the primary vehicle for providing retirement income to Company employees. The Retirement Plan is administered by Ethan Allen Global, Inc. with J.P. Morgan as Investment Manager and Record Keeper. Investment options currently offered under the Retirement Plan include two collective trusts, nine mutual funds, three strategic allocation funds, employer common stock, and a self-directed brokerage fund. Participants direct the investment of their amounts under the Retirement Plan and may choose from some or all of the investment options designated by the Retirement Committee from time to time.

Employment Agreements

As of July 1, 2002, Mr. Kathwari and the Company entered into an employment agreement (the "Employment Agreement"). Pursuant to the Employment Agreement, the Company has agreed to continue to employ Mr. Kathwari as Chairman, President and Principal Executive Officer of the Company and Ethan Allen Global, Inc., by assignment from Ethan Allen Retail, Inc., for a period of five years commencing July 1, 2002, with two automatic one-year extensions commencing on each of July 1, 2007, and July 1, 2008 (each, an "Anniversary Date"), unless notice is given by either Mr. Kathwari or the Company not later than 12 months prior to an Anniversary Date. As of the date hereof no such notice has been given. Pursuant to the terms of the Employment Agreement, Mr. Kathwari will receive a base salary

20

of \$850,000 per year, subject to an annual increase upon the review and recommendation of the Compensation Committee, with automatic annual cost-of-living increases.

Pursuant to the terms of the Employment Agreement, Mr. Kathwari is entitled to an annual incentive bonus based upon the Company's operating income, as adjusted. Specifically, the Company's operating income will be as set forth in the Company's audited financial statements as of June 30th of each fiscal year adjusted by adding thereto the charges, expenses or accruals, if any, charged against such operating income for (1) non-recurring or extraordinary items, (2) incentive bonuses under the Employment Agreement, (3) the issuance to the Company's executives, managers, employees, dealers and other business associates of capital stock of the Company, or the issuance to, or exercise by, such persons of options, warrants or other rights to acquire capital stock of the Company, or stock appreciation rights of the Company or similar equity equivalents, including restricted stock awards and stock options contemplated by the Employment Agreement, and (4) any increased depreciation, amortization or other changes resulting from purchase accounting adjustments (provided, however, that no such adjustments will be made under this clause (4) with respect to acquisitions occurring prior to the effective date of the Employment Agreement) ("Operating Income"). The calculation of Operating Income will be confirmed by the Company's independent public accountants or any other independent, recognized financial or accounting expert retained by the Compensation Committee. If the Company's Operating Income for the fiscal year ended June 30, 2007, was \$117.2 million (the "Threshold") or less, he would receive no incentive bonus. If the Company's Operating Income for the fiscal year ended June 30, 2007, exceeded the Threshold, his incentive bonus would be equal to 2% of the amount by which the Company's Operating Income exceeded the Threshold after giving effect to certain other adjustments as stipulated in the Employment Agreement. The Threshold will be increased by 10% each fiscal year. In addition, in the event the Company consummates a major acquisition, the Company and Mr. Kathwari have agreed that they will negotiate in good faith for an appropriate revision to the Threshold in order to properly implement its purpose.

Pursuant to the Employment Agreement, Mr. Kathwari was granted: (i) as of August 1, 2002, ten-year stock options to purchase 600,000 shares of Common Stock, at an exercise price of \$31.02 per share (the price of a share of Common Stock on the New York Stock Exchange as of such date), which vested at a rate of 200,000 each year following the date of grant, up to and including August 1, 2005; (ii) as of August 1, 2003, ten-year stock options to purchase 400,000 shares of Common Stock, at an exercise price of \$35.53 per share (the price of a share of Common Stock on the New York Stock Exchange as of such date), which vested at a rate of 200,000 each year following the date of grant, up to and including August 1, 2005; and (iii) as of August 1, 2004, ten-year stock options to purchase 200,000 shares of Common Stock, at an exercise price of \$37.15 per share (the price of a share of Common Stock on the New York Stock Exchange as of close of business on July 30, 2004, the date the Common Stock was last reported as August 1, 2004 was a Sunday), which vested on August 1, 2005. All options were granted pursuant to the 1992 Stock Option Plan. As of the Record Date, all of the foregoing options are fully vested.

Pursuant to the Employment Agreement, Mr. Kathwari received on each of August 1, 2002, August 1, 2003 and August 1, 2004, 10,500 shares of restricted stock. The shares of restricted stock vested on the third anniversary of the grant date in accordance with a tiered vesting schedule based on the Company's total return to its stockholders as compared to the total return to holders of common stock of the companies which comprise the Standard & Poor's 500. Any shares which did not vest were forfeited. As of July 31, 2007, in accordance with the tiered vesting schedule set forth in the Employment Agreement, Mr. Kathwari was deemed vested in no shares related to the August 1, 2004 grant. As of July 31, 2006, in accordance with the tiered vesting schedule set forth in the Employment Agreement, Mr. Kathwari was deemed vested in 4,200 shares related to the August 1, 2003 grant. As of July 31, 2005, in accordance with the tiered vesting schedule set forth in the Employment Agreement, Mr. Kathwari was deemed vested in 8,400 shares related to the August 1, 2002 grant. As of each dividend record date for the Common Stock occurring on or after the date of any grant of shares of restricted stock, but prior to the date such shares

21

become vested or are forfeited, an account established by the Company for the benefit of Mr. Kathwari has been credited with the amount of dividends which would otherwise have been paid with respect to such shares. Amounts credited to the account shall be credited with interest at the rate of 5% per year until distribution. Mr. Kathwari shall be fully vested in all amounts credited to the account, regardless of the subsequent vesting or forfeiture of the shares. The balance credited to Mr. Kathwari's account shall be distributed to him, in cash, as soon as practicable after the termination of his employment.

Under Mr. Kathwari's prior employment agreement, the Company established a book account for Mr. Kathwari, which has been credited with 126,000 Stock Units (the "Stock Units"). Following the termination of Mr. Kathwari's employment, Mr. Kathwari will receive shares of Common Stock equal to the number of Stock Units credited to the account. During the period in which Stock Units are credited to the account, Mr. Kathwari received and will receive dividend-equivalent payments, in cash, equal to the dividends which would otherwise have been paid on the shares of Common Stock represented by the Stock Units.

For fiscal year 2007, Mr. Kathwari received \$1,100,000 in base salary, which represents a \$164,983 increase from the prior fiscal year and is consistent with the terms of the Employment Agreement. Mr. Kathwari also received an annual incentive bonus for fiscal year 2007 of \$168,000 and dividend income of \$98,280 from the Stock Units. The payment of the incentive bonus and the dividend income were in accordance with the recommendation and action of the Compensation Committee and terms of the Employment Agreement. For fiscal year 2006, Mr. Kathwari received \$935,017 in base salary, which represented a \$21,022 increase from the prior fiscal year and is consistent with the terms of the Employment Agreement. Mr. Kathwari also received an annual incentive bonus for fiscal year 2006 of \$864,000 and dividend income of \$86,940 from the Stock Units. The payment of the incentive bonus and the dividend income were in accordance with the recommendation and action of the Compensation Committee and the terms of the Employment Agreement. For fiscal year 2005, Mr. Kathwari received \$913,995 in base salary, which represented a \$40,195 increase from the prior fiscal year and was consistent with the terms of the Employment Agreement. Mr. Kathwari also received an annual incentive bonus for fiscal year 2005 of \$663,000 and dividend income of \$69,300 from the Stock Units. The payment of the incentive bonus and the dividend income were in accordance with the recommendation and action of the Compensation Committee and the terms of the Employment Agreement.

The Employment Agreement is currently in its first extension year. The Compensation Committee and Mr. Kathwari have, over a period of nine months, been discussing the terms of a new employment agreement, including incentive performance components which stockholders are being asked to approve at the Annual Meeting. (See Proposal 4 "Approval of Incentive Performance Components of the New Employment Agreement" below beginning on page 32.) As of October 10, 2007, the Company's Compensation Committee approved and the independent members of the Company's Board of Directors ratified, subject to approval by stockholders of the incentive components, the terms of a new employment agreement between the Company and Mr. Kathwari (the "New Employment Agreement"). The form of the New Employment Agreement has not yet been executed. Pursuant to the New Employment Agreement, the Company has agreed to continue to employ Mr. Kathwari and Mr. Kathwari has agreed to remain as Chairman, President and Principal Executive Officer of the Company and Ethan Allen Global, Inc., for a period of approximately five years commencing October 10, 2007, with two automatic one-year extensions commencing on each of July 1, 2012, and July 1, 2013 (each, an "Anniversary Date"), unless notice is given by either Mr. Kathwari or the Company not later than 9 months prior to an Anniversary Date.

To assist in developing the terms of the New Employment Agreement, the Compensation Committee retained Sibson Consulting, and met with such consultant over a period of nine months. Key considerations, in determining Mr. Kathwari's final compensation package were: (i) identification of a peer group, which included both companies adhering to similar retail models and known competitors of the

Company; (ii) ensuring that the overall level of pay is competitive and appropriate with the market; (iii) ensuring that a substantial portion of the total compensation was tied to long-term incentives; and (iv) creation of parameters that provide for increased compensation based upon the performance of the Company. The consultant analyzed data contained in proxy filings of the peer group as well as published compensation survey data, for a broader group of retail and similarly sized companies. In addition, the Compensation Committee and Mr. Kathwari agreed to include a substantial incentive component in the New Employment Agreement. As a result, a large part of Mr. Kathwari's potential compensation is in the form of stock options, restricted stock awards, and a bonus based on the Company's Operating Income. The Compensation Committee believes that Mr. Kathwari's compensation is appropriate in light of Mr. Kathwari's contributions to the Company, his responsibility for and implementation of the strategic plan of the Company and the brand as well as his experience within the home furnishings industry, including his knowledge and background with respect to both manufacturing and retailing.

Pursuant to the terms of the New Employment Agreement, Mr. Kathwari will receive a base salary of \$1,127,500 per year, subject to an annual increase. The annual increase is based on the Company's Operating Income as divided by reported sales ("Operating Margin").

Annual Percentage Increase to Base Salary	Annual Operating Margin
0%	Less than 10%
2%	³ 10% but < 11%
4%	³ 11% but < 13%
5%	³ 13%

Mr. Kathwari will be entitled to an annual incentive bonus based upon the Company's Operating Income if the bonus arrangement is approved by stockholders. Mr. Kathwari's incentive bonus for a given fiscal year will be based upon the amount by which the Company's Operating Income for the fiscal year exceeds the applicable threshold amount specified below; except that the incentive bonus for 2008 shall be based upon the Company's Operating Income from October 1, 2007 through June 30, 2008 (each a "Threshold").

Fiscal Year	Threshold
2008	\$ 75 Million
2009	\$ 105 Million
2010	\$ 110 Million
2011	\$ 115 Million
2012	\$ 120 Million
2013	\$ 125 Million
2014	\$ 130 Million

Mr. Kathwari will receive a bonus equal to (i) 1.25% of the first \$20 million (or portion thereof) by which the Operating Income exceeds the applicable Threshold, (ii) 2.25% of the second \$20 million (or portion thereof) by which the Operating Income exceeds the applicable Threshold, (iii) 2.75% of the third \$20 million (or portion thereof) by which the Operating Income exceeds the applicable Threshold, and (iv) 3.25% of any amount greater than \$60 million by which the Operating Income exceeds the applicable Threshold.

The Compensation Committee shall make adjustments to the Threshold to reflect certain unusual, non-recurring events, including acquisitions and divestitures.

Pursuant to the New Employment Agreement, Mr. Kathwari shall be granted the following options under the Option Plan: (i) as of October 10, 2007, ten-year stock options to purchase 150,000 shares of

Common Stock, at an exercise price of \$34.03 per share (the price of a share of Common Stock on the New York Stock Exchange as of the close of business on the date of grant), which vest at a rate of 50,000 on each June 30th, up to and including June 30, 2010; (ii) as of July 1, 2008, ten-year stock options to purchase 90,000 shares of Common Stock, at an exercise price equal to the price of a share of Common Stock on the New York Stock Exchange as of the close of business on July 1, 2008), which vest at a rate of 45,000 each year following the date of grant, up to and including June 30, 2010; and (iii) as of July 1, 2009, ten-year stock options to purchase 60,000 shares of Common Stock, at an exercise price equal to the price of a share of Common Stock on the New York Stock Exchange as of close of business on July 1, 2009 which vest on June 30, 2010. All options are granted pursuant to the Option Plan.

Pursuant to the New Employment Agreement, Mr. Kathwari will receive on the date stockholders approve the incentive components of the New Employment Agreement, 20,000 shares of restricted stock and will receive an additional 20,000 shares of restricted stock on each of July 1, 2008 and July 1, 2009. The initial grant of 20,000 shares of restricted stock will vest on June 30, 2010 upon the attainment of certain performance targets, as set forth below. Thereafter, the July 1, 2008 grant of 20,000 shares of restricted stock will vest on June 30, 2011 and the July 1, 2009 grant of 20,000 shares of restricted stock will vest on June 30, 2012. All of these restricted stock awards vests in accordance with a tiered vesting schedule based on the Company's total return to its stockholders as compared to the total return to holders of common stock of the companies which comprise the Standard & Poor's 500. Any shares which do not vest will be forfeited. As of each dividend record date for the Common Stock occurring on or after the date of any grant of shares of restricted stock, but prior to the date such shares become vested or are forfeited, an account established by the Company for the benefit of Mr. Kathwari shall be credited with the amount of dividends which would otherwise have been paid with respect to such shares. Amounts credited to the account will be credited with interest at the rate of 5% per year until distribution. Mr. Kathwari will be fully vested in all amounts credited to the account, regardless of the subsequent vesting or forfeiture of the shares. The balance credited to Mr. Kathwari's account will be distributed to him in cash as soon as practicable after the termination of his employment. All shares of restricted stock will become fully vested upon the occurrence of a change in control of the Company or in the event that Mr. Kathwari's employment is terminated by the Company without "cause" or by Mr. Kathwari "for good reason."

Pursuant to the New Employment Agreement, on the date stockholders approve the amendment to the Option Plan, Mr. Kathwari will receive an additional 15,000 shares of restricted stock. These shares of restricted stock vest at a rate of 3,000 shares per year over the initial five year term of the New Employment Agreement.

In the event Mr. Kathwari's employment with the Company is terminated by reason of death or disability, under the Employment Agreement (and the New Employment Agreement, as applicable), he (or his estate) will receive his base salary plus his bonus through the end of the year, along with any deferred compensation, unreimbursed expenses, insurance proceeds and other payments in accordance with Company practices. If Mr. Kathwari's employment is terminated by the Company without "cause" or by Mr. Kathwari "for good reason", he will receive his base salary through the end of the term of the Employment Agreement (or the New Employment Agreement, as applicable) and a payment equal to the lesser of \$1 million or the bonus payments for two years calculated by reference to the highest bonus previously paid to him, and he will be entitled to settlement of the stock options, which are exercisable within three years after termination. If Mr. Kathwari's employment is terminated by the Company for "cause" or voluntarily by Mr. Kathwari, he will receive his base salary and bonus prorated through the date of termination, along with any deferred compensation, unreimbursed expenses or any other payment in accordance with Company practices. In connection with each of the foregoing termination payments, Mr. Kathwari will be reimbursed for certain excise and other taxes he is required to pay in respect of such payments.

Change in Control

We maintain a change in control provision with our President and Principal Executive Officer as set forth in the New Employment Agreement to ensure continuity of our leadership in the event of a change in ownership of the Company. Under the New Employment Agreement, the Company pays him in accordance with the terms of the New Employment Agreement including base salary, the aggregate of his two largest bonuses not to exceed \$1 million in the aggregate, deferred compensation, reimbursement of expenses and other compensation or benefits owed in accordance with applicable plans, programs or agreements if there is a change in control and his employment is subsequently terminated.

Director Compensation

For fiscal year 2007, all independent directors (as defined in the NYSE Listing Standards) received \$20,000 per annum and \$3,500 per meeting of the Board of Directors attended in person (\$1,000 per meeting attended by telephone). The Chairmen of the Compensation and Nominations/Corporate Governance Committees received an additional \$8,000 per annum. The Chairman of the Audit Committee received an additional \$10,000 per annum. Each independent director received \$2,000 for each committee meeting of the Board of Directors attended in person (\$1,000 per meeting attended by telephone) held on a date on which a meeting of the Board of Directors was not held. In addition, independent directors are eligible for awards of options and stock appreciation rights under the Option Plan. 3,000 options were granted in fiscal year 2007 to each independent director. Employee directors do not receive additional compensation for serving on the Board of Directors.

Tax Policy

Section 162(m) of the Internal Revenue Code (the "Code") limits deductibility of annual compensation in excess of \$1 million paid to the Company's Principal Executive Officer and to each of its next three most highly compensated Named Executive Officers (other than the Principal Financial Officer). However, compensation is exempt from this limit if it qualifies as "performance-based compensation." In 2001, the Company submitted an amendment to the Option Plan to stockholders, to allow awards thereunder to qualify under the "performance-based compensation" requirements. The Company has also submitted the incentive performance bonus provisions of the New Employment Agreement to its stockholders to allow the bonus to comply with the "performance-based compensation" requirements. It is intended that, if the stockholders approve the incentive components of the New Employment Agreement, the annual incentive bonuses and the performance-vesting restricted stock granted under the New Employment Agreement will also qualify as "performance-based compensation" under Section 162(m) of the Code.

PROPOSAL 3

AMENDMENT TO THE 1992 STOCK OPTION PLAN

General

Since the Company’s adoption of the Option Plan on March 23, 1993, as amended, and as of the Record Date, the Company has granted 4,969,876 stock options, net of cancellations, as adjusted for the 1997 2-for-1 and 1999 3-for-2 stock splits (the “Stock Splits”), to employees and directors of the Company, 1,654,843 of which remain outstanding. As of the Record Date, there were 690,563 shares (as adjusted for the Stock Splits) of Common Stock available for grant under the Option Plan. In order to continue to implement the Company’s policy of providing equity incentives to its employees and directors, the Board of Directors has approved an amendment to the Option Plan to permit grants of restricted stock and stock units pursuant to the Option Plan. Approval of this amendment requires the affirmative vote of a majority of the shares of Common Stock issued and outstanding and entitled to vote thereon, and if the amendment does not receive such approval, it will not take effect.

A summary of the material terms of the Option Plan, as amended, is set forth below. This summary should be read with and is subject to the specific terms of the Option Plan as amended, the full text of which is set forth as Appendix A to this Proxy Statement.

Purpose

Awards under the Option Plan are made for the purpose of increasing stockholder value, advancing the interests of the Company, strengthening the Company’s ability to attract and retain the services of experienced and knowledgeable independent directors, and enhancing the Company’s ability to attract, retain and motivate employees. In order to continue to attract, retain and motivate employees, the Committee believes it is in the Company’s best interest to offer equity compensation, in the form of restricted stock or stock units, as well as stock options and stock appreciation rights (“SARs”). The Company does not currently have any other equity based plan or compensation plan and believes that in order to align the long-term interests of stockholders, the Company needs to retain flexibility in the type of equity based compensation that it grants to its employees and directors.

Administration

The Option Plan is administered by the Compensation Committee, or such other committee of the Board of Directors as the Board may determine (the “Committee”). Subject to the provisions of the Option Plan, the Committee has all powers with respect to the administration of the Option Plan, including, without limitation, full power and authority to determine those eligible individuals who are to receive awards under the Option Plan and the type and amount of such awards, to interpret the provisions of the Option Plan and any agreement evidencing any award under the Option Plan and to resolve all questions arising under the Option Plan.

Shares Subject to the Stock Option Plan

In the event of any exercise or termination (by reason of forfeiture, expiration, cancellation, surrender or otherwise) of any award under the Option Plan, that number of shares of Common Stock that was subject to the award but not delivered shall again be available for awards under the Option Plan. In addition, in the event of any merger, consolidation, reorganization, recapitalization, spinoff, split-up, stock dividend, stock split, reverse stock split, repurchase, exchange or other distribution with respect to shares of Common Stock or other change in the corporate structure or capitalization affecting the Common Stock, the type and number of shares of stock which are or may be subject to awards under the Option Plan and the terms of any outstanding awards (including the price at which shares of stock may be issued pursuant to an outstanding award) shall be equitably adjusted by the Committee, in its sole discretion, to preserve the value of benefits awarded or to be awarded to participants under the Option Plan.

The following additional limits apply to awards under the Option Plan: (i) the maximum number of shares of Common Stock that may be covered by Options and SARs granted to any one individual during any fiscal year of the Company shall be 500,000 shares, (ii) the maximum number of shares that may be covered by Options that are intended to be incentive stock options is the maximum number of shares of Common Stock available for issuance under the Option Plan, and (iii) in the case of any Restricted Stock awards that are intended to constitute “performance-based compensation” (discussed below), the maximum number of shares of Common Stock that may be delivered to any one individual with respect to such awards granted during any fiscal year of the Company shall be 500,000 shares.

Who May Participate in the Option Plan

Directors and employees of the Company are eligible to receive awards pursuant to the terms of the Option Plan. Awards granted to independent directors and employees under the Option Plan are determined by the Committee. The Committee determines which individuals will be granted awards, the type of award, the number of shares and other terms and conditions applicable to the grants.

Types of Awards

Options

The Committee may grant to participants options to purchase shares of Common Stock. Options granted under the Option Plan may be either incentive stock options as defined in Section 422 of the Code or non-qualified stock options. Incentive stock options may be granted only to employees of the Company and its Subsidiaries (as defined in the Code) and are subject to the limitation, among others, that the aggregate fair market value (determined as of the time the option is granted) of stock with respect to which incentive stock options are exercisable for the first time by an optionee during any calendar year (under all option plans of the Company) will not exceed \$100,000. Options that do not meet these requirements will be treated as non-qualified stock options.

SARs

The Committee may grant to participants SARs, which entitle the participant to receive the amount (in cash or stock) by which the fair market value of a specified number of shares of Common Stock on the exercise date exceeds an exercise price established by the Committee at the date of grant. The exercise price for an SAR may not be less than the fair market value of a share of Common Stock on the date the SAR is granted.

Restricted Stock and Stock Units

The Committee may grant to participants shares of restricted stock or stock units. "Restricted Stock" is a grant of Common Stock which is subject to a risk of forfeiture or other restrictions that will lapse upon the achievement of one or more goals relating to completion of service by the participant, or achievement of performance or other objectives, as determined by the Committee. A "Stock Unit" is the right to receive a share of Common Stock in the future, subject to satisfaction of the same type of conditions as may apply to Restricted Stock. Shares of Restricted Stock and Stock Units awarded under the Option Plan are subject to such conditions, restrictions and contingencies as the Committee shall determine, including provisions relating to dividend or dividend equivalent rights.

Performance-Based Compensation

To the extent provided by the Committee, Restricted Stock or Stock Units may be "performance-based" within the meaning of IRS rules and regulations. In order to be performance-based, the award must satisfy certain requirements set forth in the Internal Revenue Code and applicable regulations. If the award is designated as a performance-based award, it must be conditioned on the achievement of one more performance targets established by the Committee. These targets may be based on corporate performance, operating group or sub-group performance, individual company performance, other group or individual performance, or division performance, and shall be based on one or more of the following "Performance Criteria": (a) earnings including operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or non-recurring items or book value per share (which may exclude nonrecurring items) or net earnings; (b) pre-tax income or after-tax income; (c) earnings per share (basic or diluted); (d) operating profit; (e) revenue, revenue growth or rate of revenue growth; (f) return on assets (gross or net), return on investment (including cash flow return on investment), return on capital (including return on total capital or return on invested capital), or return on equity; (g) returns on sales or revenues; (h) operating expenses; (i) stock price appreciation; (j) cash flow (before or after dividends), free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, cash flow in excess of cost of capital or cash flow per share (before or after dividends); (k) implementation or completion of critical projects or processes; (l) economic value created; (m) cumulative earnings per share growth; (n) operating margin or profit margin; (o) stock price or total stockholder return; (p) cost targets, reductions and savings, productivity and efficiencies; (q) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information technology, and goals relating to acquisitions, divestitures, joint ventures and similar transactions, and budget comparisons; (r) personal professional objectives, including any of the foregoing performance targets, the implementation of policies and plans, the negotiation of transactions, the development of long term business goals, formation of joint ventures, research or development collaborations, and the completion of other corporate transactions; (s) funds from operations (FFO) or funds available for distribution (FAD); (t) economic value added (or an equivalent metric); (u) stock price performance; (v) improvement in or attainment of expense levels or working capital levels; or (w) any combination of, or a specified increase in, any of the foregoing. Where applicable, the performance targets may be expressed in terms of attaining a specified level of the particular criteria or the attainment of a percentage increase or decrease in the particular criteria, and may be applied to one or more of the Company, a Subsidiary or a division or strategic business unit of the Company, or may be applied to the performance of the Company relative to a market index, a group of other companies or a combination thereof, all as determined by the Committee. The performance targets may include a threshold level of performance below which no vesting or payment will occur, levels of performance at which specified vesting or payment will occur, and a maximum level of performance above which full vesting or payment will occur. Each of the foregoing performance targets shall be determined in accordance with generally accepted accounting principles and shall be subject to certification by the

Committee; provided that the Committee shall have the authority to exclude the impact of charges for restructurings, discontinued operations, extraordinary items and other unusual or non-recurring events and the cumulative effects of tax or accounting principles and identified in financial statements, notes to financial statements, management's discussion and analysis or other SEC filings.

Exercise and Settlement of Awards; Exercise Price; Termination of Awards

Awards granted pursuant to the Option Plan are evidenced by agreements in such form as the Committee may from time to time establish. Generally, to the extent applicable, each agreement states the number of shares covered thereby, the exercise or grant price (which will not be less than the closing price of the Common Stock on the NYSE or such other principal exchange on which the Common Stock may be trading on the date of grant), the time or times during which each award is exercisable, vested or settled, the expiration date of the award, the form of payment which may be used upon exercise of a stock option, whether a stock option is an incentive stock option or a non-qualified stock option and, in the case of a Stock Unit, when the unit will be settled and whether it will be settled in Common Stock or cash. Awards granted under the Option Plan vest at a rate determined by the Committee. Options granted under the Option Plan may not be re-priced. On the Record Date, the closing price of the Common Stock on the NYSE was \$33.23 per share.

An Option or SAR may be exercised in whole or in part (but for the purchase of whole shares only) from time to time by written notice to the Principal Executive Officer of the Company or his appointees which states the number of shares being exercised. Subject to the terms of the award agreement payment of the exercise price may be made in cash, check or in outstanding shares of Common Stock (valued as of the date of exercise) or in a combination of such methods and must accompany the exercise notice. The exercise date of an Option or SAR is the date elected by the optionee, but not earlier than the date on which the Company receives the notice from the participant.

Awards of options, stock units and SARs do not give any person holding any such award any privileges as a stockholder of the Company with respect to any shares of Common Stock subject to the award until the date of issuance of shares upon exercise or vesting.

Options awarded under the Option Plan expire on the earlier of the date 10 years after the date of grant or the earlier date specified in the award agreement.

All outstanding awards become immediately exercisable and vested if a Business Combination (as defined in Article Fifth of the Company's Restated Certificate of Incorporation) occurs and is consummated and the disinterested directors of the Company either do not approve such Business Combination in accordance with Article Fifth, or do approve such Business Combination and so authorize such immediate exercisability in connection with such Business Combination.

Withholding

All distributions under the Option Plan are subject to withholding of all applicable taxes, and the Committee may condition the delivery of any shares or other benefits under the Plan on satisfaction of the applicable withholding obligations. To the extent provided by the Committee, a participant may elect to have any distribution otherwise required to be made under the Plan to be withheld or to surrender to the Company shares of Common Stock already owned by the Participant to fulfill any tax withholding obligation.

Duration of the Option Plan; Amendment; Certain Transactions

The amended Option Plan would remain in effect as long as any awards that were made under it remain outstanding. However, no awards can be granted under the amended Option Plan after November 30, 2012.

The amended Option Plan may be amended or terminated by the Board at any time, except that no such amendment or termination shall: (i) increase or decrease the number of shares reserved thereunder without stockholder approval; (ii) increase or decrease the individual limits applicable to participants, (iii) be made without stockholder approval to the extent such approval is required by law, agreement or the rules of any exchange or automated quotation system upon which the Common Stock is listed or quoted; (iii) alter or impair the rights of holders with respect to awards previously made under the Option Plan without the consent of the holders thereof or (iv) make any change that would disqualify the grants made under the Option Plan, intended to be so qualified, from the exemption provided by Rule 16b-3 of the Exchange Act. The foregoing restrictions on adjustments to the maximum number of shares reserved or the applicable limits do not apply in the context of adjustments as the result of corporate reorganizations.

Assignment; Death of Holder

The Option Plan provides that, except as otherwise provided by the Committee, an award is exercisable only by the holder and is not assignable or transferable during the lifetime of a holder. If the holder dies, his or her outstanding Options and SARs will be exercisable for 120 days thereafter (unless otherwise provided by the Committee) by his or her executors or administrators to the full extent to which such award was exercisable by the holder at the time of his or her death.

Awards Granted

All current directors who are not Named Executive Officers, as a group, have been granted 210,500 stock options; and all employees, including all current officers who are not Named Executive Officers, as a group, have been granted 1,229,987, stock options. All Named Executive Officers as a group have been granted 3,973,604 stock options. No SARs have been awarded under the Option Plan. A total of 444,215 stock options have been canceled.

In addition, if the amendment to the Option Plan to permit the grant of restricted stock under the Option Plan is approved by stockholders, Mr. Kathwari will be entitled to receive awards of restricted stock under the Option Plan in respect of 15,000 shares which vest over time and an aggregate of 60,000 shares which vest upon attainment of performance targets.

Certain Federal Income Tax Consequences

The following summarizes the federal income tax consequences to participants who may receive awards under the Option Plan. This description of tax consequences is based upon present federal tax laws and regulations. A participant may also be subject to state and local taxes in connection with the grant of awards under the Option Plan. The Company recommends that participants consult with their individual tax advisors to determine the applicability of the tax rules to the awards granted to them in their personal circumstances.

Non-Qualified Stock Options. The grant of a non-qualified stock option to an optionee will not itself be a taxable event, and the optionee will not be subject to any income tax consequences with respect to such option unless and until the option is exercised. Upon the exercise of a non-qualified stock option, the optionee will generally recognize ordinary compensation income equal to the “spread” between the exercise price and the fair market value of the Common Stock on the date of exercise, and the Company will be entitled to a corresponding deduction. Upon a subsequent disposition of the Common Stock, the optionee will recognize a short-term or long-term capital gain or loss equal to the difference between the fair market value of the shares on the date of exercise and the fair market value at disposition, depending on the length of time the shares are held.

Incentive Stock Options. The grant of an incentive stock option to an employee will not itself be a taxable event. In addition, in contrast to the exercise of a non-qualified stock option, the exercise of an

incentive stock option will not cause an optionee to recognize taxable income for regular income tax purposes. If the optionee holds the shares acquired upon exercise of the incentive stock option for a minimum of two years from the date of the grant of the incentive stock option and for at least one year after exercise, any gain realized by the optionee on the subsequent sale of such shares will be treated as long-term capital gain. Under such circumstances, the Company will not be entitled to any deduction for federal income tax purposes. If the shares are sold or otherwise disposed of prior to the expiration of such periods, then the optionee will recognize ordinary income in an amount equal to the difference between the fair market value of the Common Stock on the date of exercise over the amount paid for such shares, and the Company generally will be entitled to a corresponding deduction. Any loss recognized upon a taxable disposition of the shares generally would be characterized as a capital loss.

The excess of the fair market value of the Common Stock on the date of exercise of an incentive stock option over the exercise price is an adjustment which increases alternative minimum taxable income, the base upon which alternative minimum tax is computed. In determining the amount of gain or loss recognized on the later disposition of stock acquired pursuant to the exercise of an incentive stock option, the tax basis of the stock for alternative minimum tax purposes (but not regular tax purposes) is increased by the excess of the fair market value of the stock over the option price at the time of exercise.

Stock Appreciation Rights. A participant will not realize taxable income at the time of the grant of an SAR. Upon exercise, however, the participant will generally realize ordinary income in the amount that the fair market value of the Common Stock on the date of exercise exceeds its fair market value on the date of grant. The Company generally will be entitled to a corresponding deduction in the year of exercise.

Restricted Stock. A participant who has been granted a Restricted Stock Award under the Option Plan will not realize taxable income at the time of grant, and the Company will not be entitled to a deduction at that time, if (i) the award is subject to a risk of forfeiture or other restrictions that will lapse upon the achievement of one or more goals relating to completion of service by the participant or achievement of other objectives, and (ii) the restrictions constitute a “substantial risk of forfeiture” for Federal income tax purposes. Upon the vesting of shares subject to the award, the holder will realize ordinary income in an amount equal to the then fair market value of those shares, and the Company will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting. Dividends paid to the holder during the restricted period will also be compensation income to the participant and deductible as such by the Company.

Stock Units. The fair market value of any Common Stock or other property a participant receives in connection with Stock Unit awards are includable in income in the year received or made available to the participant without substantial limitations or restrictions. Generally, the Company will be entitled to a corresponding deduction at the time the participant recognizes income.

Section 162(m) of the Code. Under Section 162(m) of the Code, the federal income tax deductibility of compensation paid to the Company’s Principal Executive Officer and to each of its next three most highly compensated Named Executive Officers (other than the Principal Financial Officer) may be limited to the extent that it exceeds \$1 million in any one year. The Company can deduct compensation in excess of that amount if it qualifies as “performance-based compensation” under Section 162(m) of the Code. For awards of restricted stock and stock units made under the Option Plan to qualify as “performance-based compensation”, the amendment to the Option Plan, which includes the addition of the performance criteria and individual limits on awards described above, must be approved by stockholders. The Company contemplated that the payment of certain awards of restricted stock and stock units that vest upon the attainment of performance goals will be eligible for a federal income tax deduction by the Company.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE AMENDMENT TO THE OPTION PLAN, WHICH IS DESIGNATED AS PROPOSAL NO. 3 ON THE ENCLOSED PROXY CARD.

**PROPOSAL 4
APPROVAL OF INCENTIVE PERFORMANCE COMPONENTS
OF THE NEW EMPLOYMENT AGREEMENT**

The Company’s stockholders are being asked to approve the incentive performance components (the “Incentive Components”) of the New Employment Agreement between the Company and Mr. Kathwari. The Compensation Committee has unanimously approved and the independent members of the Company’s Board of Directors have ratified the terms of the New Employment Agreement, subject to stockholder approval of the Incentive Components, which includes both the performance based bonuses and restricted stock grants that vest when performance targets are met. This Proposal 4 does not purport to summarize the entire New Employment Agreement. For a full description of the New Employment Agreement, see Employment Agreements above beginning on page 20.

The Company has had a longstanding practice of linking key employees’ compensation to corporate performance. This increases employee motivation to improve stockholder value as the employees’ rewards are directly related to the Company’s success. A performance-based incentive arrangement rewards key employees for achieving objectives for the financial performance of the Company and/or its business units. The purposes of the Incentive Components in Mr. Kathwari’s New Employment Agreement are: (i) to motivate Mr. Kathwari to further improve stockholder value by linking a portion of his compensation to the Company’s on-going financial performance; (ii) to reward Mr. Kathwari for greatly improving the Company’s financial performance; and (iii) to help retain the services of Mr. Kathwari.

Under the terms of the New Employment Agreement, Mr. Kathwari will be entitled to an annual incentive bonus based upon the Company’s Operating Income. The Company’s Operating Income will be as set forth in the Company’s financial statement as of June 30th of each fiscal year adjusted by adding thereto the charges, expenses or accruals, if any, charged against such operating income for (1) non-recurring or extraordinary items, (2) incentive bonuses under the New Employment Agreement, (3) the issuance to the Company’s executives, managers, employees, dealers and other business associates of capital stock of the Company, or the issuance to, or exercise by, such persons of options, warrants or other rights to acquire capital stock of the Company, or stock appreciation rights of the Company or similar equity equivalents, including in respect of the restricted stock awards and the stock options contemplated by the New Employment Agreement, and (4) any increased depreciation, amortization or other changes resulting from purchase accounting adjustments (provided, however, that no such adjustments will be made under this clause (4) with respect to acquisitions occurring prior to the effective date of the New Employment Agreement) (“Operating Income”). The calculation of Operating Income will be confirmed by the Company’s independent public accountants or any other independent, recognized financial or accounting expert retained by the Compensation Committee. Mr. Kathwari’s incentive bonus for a given fiscal year will be based upon the amount by which the Company’s Operating Income for the fiscal year

33

exceeds the applicable threshold amount specified below; except that the incentive bonus for 2008 shall be based upon the Company’s Operating Income from October 1, 2007 through June 30, 2008 (each a “Threshold”).

<u>Fiscal Year</u>	<u>Threshold</u>
2008	\$ 75 Million
2009	\$ 105 Million
2010	\$ 110 Million
2011	\$ 115 Million
2012	\$ 120 Million
2013	\$ 125 Million
2014	\$ 130 Million

Mr. Kathwari will receive a bonus equal to (i) 1.25% of the first \$20 million (or portion thereof) by which the Operating Income exceeds the applicable Threshold, (ii) 2.25% of the second \$20 million (or portion thereof) by which the Operating Income exceeds the applicable Threshold, (iii) 2.75% of the third \$20 million (or portion thereof) by which the Operating Income exceeds the applicable Threshold, and (iv) 3.25% of any amount greater than \$60 million by which the Operating Income exceeds the applicable Threshold.

The Compensation Committee shall make adjustments to the threshold to reflect certain unusual, non-recurring events, including acquisitions and divestitures.

Pursuant to the New Employment Agreement, Mr. Kathwari will receive on the date stockholders approve the Incentive Components of the New Employment Agreement, 20,000 shares of restricted stock and will receive an additional 20,000 shares of restricted stock on each of July 1, 2008 and July 1, 2009. The initial grant of 20,000 shares of restricted stock will vest on June 30, 2010 upon the attainment of certain performance targets, as set forth below. Thereafter, the July 1, 2008 grant of 20,000 shares of restricted stock will vest on June 30, 2011 and the July 1, 2009 grant of 20,000 shares of restricted stock will vest on June 30, 2012. The restricted stock vests in accordance with a tiered vesting schedule based on the Company’s total return to its stockholders as compared to the total return to holders of common stock of the companies which comprise the Standard & Poor’s 500. Any shares which do not vest will be forfeited. As of each dividend record date for the Common Stock occurring on or after the date of any grant of shares of restricted stock, but prior to the date such shares become vested or are forfeited, an account established by the Company for the benefit of Mr. Kathwari shall be credited with the amount of dividends which would otherwise have been paid with respect to such shares. Amounts credited to the account will be credited with interest at the rate of 5% per year until distribution. Mr. Kathwari will be fully vested in all amounts credited to the account, regardless of the subsequent vesting or forfeiture of the shares. The balance credited to Mr. Kathwari’s account will be distributed to him in cash as soon as practicable after the termination of his employment. All shares of restricted stock will become fully vested upon the occurrence of a change in control of the Company or in the event that Mr. Kathwari’s employment is terminated by the Company without “cause” or by Mr. Kathwari “for good reason.”

Under Section 162(m) of the Code, the federal income tax deductibility of compensation paid to the Company’s Chief Executive Officer and to each of its next three most highly compensated Named Executive Officers (other than the Principal Financial Officer) may be limited to the extent that it exceeds \$1 million in any one year. The Company can deduct compensation in excess of that amount if it qualifies as “performance-based compensation” under Section 162(m) of the Code. For the Incentive Component, to qualify as “performance-based compensation” and to be paid under the New Employment Agreement, the Incentive Components of the New Employment Agreement must be approved by stockholders. The New Employment Agreement is intended to permit the Company to pay incentive compensation which qualifies as “performance-based compensation”, thereby permitting the Company to receive a federal income tax deduction for the payment of such incentive compensation.

34

If approved by stockholders, the Incentive Components will be effective as follows: (i) for the bonus performance period commencing October 1, 2007 and ending June 30, 2008 and for the six following fiscal years, assuming the two one-year extensions are exercised, unless the New Employment Agreement is sooner terminated; and (ii) for the restricted stock grant, performance periods October 1, 2007 through June 30, 2010, July 1, 2008 through June 30, 2011 and July 1, 2009 through June 30, 2012.

THIS SUMMARY OF THE INCENTIVE PROVISIONS IS QUALIFIED IN ITS ENTIRETY BY REFERENCE TO THE DESCRIPTION OF THE NEW EMPLOYMENT AGREEMENT LOCATED UNDER EXECUTIVE COMPENSATION—EMPLOYMENT AGREEMENTS BEGINNING ON PAGE 20.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE INCENTIVE PERFORMANCE COMPONENTS OF THE

OTHER MATTERS

Proxy Solicitation Expense

The expense of the proxy solicitation will be paid by the Company. In addition to the solicitation of proxies by use of the mails, solicitation also may be made by telephone, telegraph or personal interview by directors, officers and regular employees of the Company, none of whom will receive additional compensation for any such solicitation. The Company has engaged Morrow & Co., Inc., located at 470 West Avenue, Stamford, Connecticut 06902, a professional proxy solicitation firm, to provide customary solicitation services for a fee of \$6,000 plus expenses. The Company does not anticipate that the costs and expenses incurred in connection with this proxy solicitation will exceed those normally expended for a proxy solicitation for those matters to be voted on at the Annual Meeting. The Company will, upon request, reimburse brokers, banks and similar organizations for out-of-pocket and reasonable clerical expenses incurred in forwarding proxy material to their principals.

Stockholder Proposals and Nomination of Directors

Nominations of persons for election to the Board of Directors along with stockholder proposals may be made at any annual meeting of stockholders by any stockholder of the Company: (i) who is a stockholder of record on the date of the giving of the notice and on the Record Date; and (ii) who complies with the notice procedures.

For the nomination or proposal to be made by a stockholder, such stockholder must have given timely notice thereof in proper written form to the Secretary of the Company.

To be timely, a stockholder's notice to the Secretary must be delivered to or mailed and received at the principal executive offices of the Company not less than sixty days nor more than ninety days prior to the date of the annual meeting; *provided, however*, that in the event that less than seventy days' notice or prior public disclosure of the date of the annual meeting is given or made to stockholders, notice by the stockholder in order to be timely must be so received not later than the close of business on the tenth day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure of the date of the annual meeting was made, whichever first occurs.

Nomination

To be in proper written form, a stockholder's notice to the Secretary must set forth: (a) as to each person whom the stockholder proposes to nominate for election as a director (i) the name, age, business address and residence address of the person; (ii) the principal occupation or employment of the person; (iii) the class or series and number of shares of Common Stock of the Company which are owned beneficially or of record by the person; and (iv) any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with

solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, as amended, and the rules and regulations promulgated thereunder; and (b) as to the stockholder giving the notice (i) the name and record address of such stockholder; (ii) the class or series and number of shares of Common Stock of the Company which are owned beneficially or of record by such stockholder; (iii) a description of all arrangements or understandings between such stockholder and each proposed nominee and any other person or persons (including their name) pursuant to which the nomination(s) are to be made by such stockholder; (iv) a representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the person or persons named in its notice; and (v) any other information relating to such stockholder that would be required to be disclosed in a proxy statement or other filings or solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder. Such notice must be accompanied by a written consent of each proposed nominee to be named as a nominee and to serve as a director if elected.

Proposal

To be in proper written form, a stockholder's notice to the Secretary must describe the proposal in sufficient detail for the proposal to be summarized on the agenda for the 2008 annual meeting of stockholders and must set forth: (i) the name and address, as it appears on the books of the Company, of the stockholder who intends to make the proposal; (ii) a representation that the stockholder is a holder of record of Common Stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at such meeting to present such proposal; and (iii) the class or series and number of shares of Common Stock of the Company which are beneficially owned by the stockholder. In addition the notice must set forth the reasons for conducting such proposed business at the 2008 annual meeting of stockholders and any material interest of the stockholder in such business. The presiding officer of the 2008 annual meeting of stockholders will, if the facts warrant, refuse to acknowledge a proposal not made in compliance with the foregoing procedure, and any such proposal not properly brought before the 2008 annual meeting of stockholders will not be considered.

The Company currently intends to hold its 2008 annual meeting of stockholders on or about November 11, 2008. In order for any stockholder proposal submitted pursuant to Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, to be included in the Company's proxy statement to be issued in connection with the 2008 annual meeting of stockholders, such proposal must be received by the Company no later than June 12, 2008. Any proposal(s) or nomination(s) to be submitted that do not comply with Rule 14a-8 promulgated under the Exchange Act may be omitted. Any stockholder proposal or nomination for the 2008 annual meeting of stockholders submitted outside the submission date will be deemed untimely for purposes of Rule 14a-4(c)(i). Proxies for that meeting may confer discretionary authority to vote on untimely proposals without express direction from the stockholders giving the proxies.

Subject to the terms and conditions of the Plan, there shall be designated the Participants to whom shares of Restricted Stock or Stock Units are to be awarded under the Plan, shall determine the number and terms of the shares of Restricted Stock to be awarded to each of them and, with respect to an award of a Stock Unit, the number of shares of Common Stock covered by the Stock Unit. For purposes of the Plan, "Restricted Stock" is a grant of Common Stock which Common Stock is subject to a risk of forfeiture or other restrictions that will lapse upon the achievement of one or more goals relating to completion of service by the Participant, or achievement of performance or other objectives, as determined by the Committee. For purposes of the Plan, a "Stock Unit" is a grant of a right to receive a share of Common Stock in the future upon the achievement of one or more goals relating to completion of service by the Participant, or achievement of performance or other objectives, as determined by the Committee.

5.2 Restrictions. Shares of Restricted Stock and Stock Units awarded under the Plan shall be subject to such conditions, restrictions and contingencies as the Committee shall determine, including provisions relating to dividend or dividend equivalent rights.

5.3 Performance-Based Compensation. The Committee may designate an award of Restricted Stock or a Stock Unit granted to any Participant as Performance-Based Compensation. To the extent required by section 162(m) of the Code, any award that is so designated shall be conditioned on the achievement of one or more performance targets as determined by the Committee. The performance targets established by the Committee may be with respect to corporate performance, operating group or sub-group performance, individual company performance, other group or individual performance, or division performance, and shall be based on one or more of the Performance Criteria (described in subsection 5.3). At the time of grant, the Committee shall designate whether an award of Restricted Stock or an award of a Stock Unit is intended to constitute Performance-Based Compensation.

5.4 Performance Criteria. For purposes of the Plan, "Performance Criteria" shall mean performance targets based on one or more of the following criteria: (a) earnings including operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or non-recurring items or book value per share (which may exclude nonrecurring items) or net earnings; (b) pre-tax income or after-tax income; (c) earnings per share (basic or diluted); (d) operating profit; (e) revenue, revenue growth or rate of revenue growth; (f) return on assets (gross or net), return on investment (including cash flow return on investment), return on capital (including return on total capital or return on invested capital), or return on equity; (g) returns on sales or revenues; (h) operating expenses; (i) stock price appreciation; (j) cash flow (before or after dividends), free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, cash flow in excess of cost of capital or cash flow per share (before or after dividends); (k) implementation or completion of critical projects or processes; (l) economic value created; (m) cumulative earnings per share growth; (n) operating margin or profit margin; (o) stock price or total stockholder return; (p) cost targets, reductions and savings, productivity and efficiencies; (q) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information technology, and goals relating to acquisitions, divestitures, joint ventures and similar transactions, and budget comparisons; (r) personal professional objectives, including any of the foregoing performance targets, the implementation of policies and plans, the negotiation of transactions, the development of long term business goals, formation of joint ventures, research or development collaborations, and the completion of other corporate transactions; (s) funds from operations (FFO) or funds available for distribution (FAD); (t) economic value added (or an equivalent metric); (u) stock price performance; (v) improvement in or attainment of expense levels or working capital levels; or (w) any combination of, or a specified increase in, any of the foregoing. Where applicable, the performance targets may be expressed in terms of attaining a specified level of the particular criteria or the attainment of a percentage increase or decrease in the particular criteria, and may be applied to one or more of the Company, a Subsidiary or a division or strategic business unit of the Company, or may be applied to the performance of the Company relative to a market index, a group of other companies or a combination thereof, all as determined by the Committee. The performance targets may include a threshold level of performance below which no vesting will occur, levels of performance at which specified vesting will occur, and a maximum level of performance above which full vesting will occur. Each of the foregoing performance targets shall be determined in accordance with generally accepted accounting principles and shall be subject to certification by the Committee; provided that the Committee shall have the authority to exclude the impact of charges for restructurings, discontinued operations, extraordinary items and other unusual or non-recurring events and the cumulative effects of tax or accounting principles and identified in financial statements, notes to financial statements, management's discussion and analysis or other SEC filings.

6. Stock Options.

6.1 Awards. Subject to the terms and conditions of the Plan, there shall be designated the Participants to whom options to purchase shares of Common Stock ("Stock Options") are to be awarded under the Plan and shall determine the number, type and terms of the Stock Options to be awarded to each of them; provided however, that each Stock Option shall expire on the earlier of the date provided by the option terms or the date which is 10 years after the date of grant. The option price per share (the "Option Price") for any Stock Option awarded shall not be less than the greater of par value or the Fair Market Value of a share of Common Stock on the date the Stock Option is awarded. Each Stock Option awarded under the Plan shall be a "nonqualified stock option" for tax purposes unless the Stock Option satisfies all of the requirements of section 422 of the Code and the Committee designates such Stock Option as an Incentive Stock Option.

6.2 Manner of Exercise. A Stock Option may be exercised, in whole or in part, by giving written notice to the CEO (or his or her designee) prior to the date on which the Stock Option expires; provided, however, that a Stock Option may only be exercised with respect to whole shares of Common Stock. Such notice shall specify the number of shares of Common Stock to be purchased and shall be accompanied by payment of the Option Price for such shares in such form and manner as the Committee may from time to time approve.

7. Stock Appreciation Rights.

7.1 Awards. Subject to the terms and conditions of the Plan, there shall be designated the Participants to whom stock appreciation rights ("SARs") are to be awarded under the Plan and shall determine the number and terms of the SARs to be awarded to each of them; provided, however, that each SAR shall expire on the earlier of the date provided by the terms of the SAR or the date which is 10 years after the date of grant.

7.2 Payment. Subject to the terms and conditions of the Plan, upon exercise of an SAR, a Participant shall be entitled to receive that number of shares of Common Stock having a Fair Market Value (as of the date of exercise) equal to the product of:

- (a) the number of shares of Common Stock as to which the SAR is exercised; and
- (b) the excess of the Fair Market Value (as of the date of exercise) of a share of Common Stock over the exercise price of the SAR;

provided, however, that, in lieu of fractional shares of Common Stock, a Participant shall be entitled to receive an appropriate cash payment; and provided further that the Committee, in its sole discretion, may elect to settle the SAR (or any portion thereof) in cash equal to the Fair Market Value on the exercise date of any or all of the shares of Common Stock that would otherwise be issuable upon exercise.

7.3 Manner of Exercise. An SAR may be exercised, in whole or in part by giving written notice to the CEO (or his or her designee) prior to the date on which the SAR expires. Such notice shall specify the number of shares with respect to which the SAR is exercised. As soon as practicable after receipt of such notice, the Company shall deliver to the Participant certificates for the shares of Common Stock or cash, or both, to which the Participant is entitled pursuant to subsection 7.2.

8. General.

8.1 Effective Date. The Plan shall be effective as of March 23, 1993.

8.2 Duration. The Plan shall be unlimited in duration and, in the event of Plan termination, shall remain in effect as long as any awards under it are outstanding; provided, however, that no awards may be granted under the Plan on any date after November 30, 2012.

8.3 Non-transferability of Awards; Other Agreements. Except as otherwise provided by the Committee, no award made under the Plan may be transferred, pledged or assigned by the holder thereof (except in the event of the holder's death, by will or the laws of descent and distribution) and the Company shall not be required to recognize any attempted assignment of such rights by any Participant. During a Participant's lifetime, awards may be exercised only by him or by his guardian or legal representative. Awards under the Plan, including any Stock Options, SARs, Restricted Stock, Stock Units and Common Stock issued in connection with Stock Options,

SARs, Stock Units or otherwise, will also be subject to any other agreements entered into, from time to time, by the Participant and the Company.

8.4 Effect of Termination of Employment or Death. In the event that a Participant ceases to be an employee of the Company as a result of his or her death any Stock Options or SARs then outstanding may be exercised or shall expire 120 days thereafter, and therefore may be exercised by such Participant's estate within 120 days thereafter, unless otherwise provided in accordance with the terms of the award. In the event that a Participant, who is an employee, ceases to be an employee of the Company for any reason, other than death) any Stock Options or SARs then outstanding may be exercised or shall expire 90 days thereafter, and therefore may be exercised by such Participant within 90 days thereafter, unless otherwise provided in accordance with the terms of the award.

8.5 Compliance with Applicable Law and Withholding.

(a) Notwithstanding any other provision of the Plan, the Company shall have no obligation to issue any shares of Common Stock under the Plan if such issuance would violate any applicable law or any applicable regulation or requirement of any securities exchange or similar entity.

(b) Prior to the issuance of any shares of Common Stock under the Plan, the Company may require a written statement that the recipient is acquiring the shares for investment and not for the purpose or with the intention of distributing the shares and will not dispose of them in violation of the registration requirements of the Securities Act of 1933.

(c) With respect to any person who is subject to section 16(a) of the Exchange Act, the Committee may, at any time, add such conditions and limitations to any award under the Plan that it deems necessary or desirable to comply with the requirements of Rule 16b-3.

(d) If, at any time, the Company, in its sole discretion, determines that the listing, registration or qualification (or any updating of any such document) of any award, or the shares of Common Stock issuable pursuant thereto, is necessary on any securities exchange or under any federal or state securities or blue sky law, or that the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, any award or the issuance of shares of Common Stock pursuant to any award, such award shall not be made and the shares of Common Stock shall not be issued or such restrictions shall not be removed, as the case may be, in whole or in part, unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company.

(e) All awards and payments under the Plan which are made to employees of the Company are subject to withholding of all applicable taxes and the Company shall have the right to withhold from any such award under the Plan or to collect as a condition of any payment under the Plan, as applicable, any taxes required by law to be withheld. To the extent provided by the Committee, a Participant may elect to have any distribution otherwise required to be made under the Plan to be withheld or to surrender to the Company shares of Common Stock already owned by the Participant to fulfill any tax withholding obligation.

A-5

8.6 No Continued Employment. The Plan does not constitute a contract of employment or continued service, and participation in the Plan will not give any employee or Participant the right to be retained in the employ of the Company or the right to continue as a director of the Company or any right or claim to any benefit under the Plan unless such right or claim has specifically accrued under the terms of the Plan or the terms of any award under the Plan.

8.7 Treatment as a Stockholder. Any award to a Participant under the Plan shall not create any rights in such Participant as a stockholder of the Company until shares of Common Stock are registered in the name of the Participant.

8.8 Amendment and Termination of the Plan. The Board may, at any time and in any manner, amend, alter, suspend, discontinue, or terminate the Plan or any award outstanding under the Plan; provided however, that no such amendment, alteration, suspension, discontinuance or termination shall:

(a) increase or decrease the number of shares reserved under subsection 4.1 without stockholder approval (other than increases or decreases resulting from the application of subsection 4.3);

(b) increase or decrease the individual limits under subsection 4.4 (other than increases or decreases resulting from the application of subsection 4.3) or the Performance Criteria set forth in subsection 5.4 without stockholder approval;

(c) be made without stockholder approval to the extent such approval is required by law, agreement or the rules of any exchange or automated quotation system upon which the Common Stock is listed or quoted;

(d) alter or impair the rights of Participants with respect to awards previously made under the Plan without the consent of the holder thereof; or

(e) make any change that would disqualify the Plan, intended to be so qualified, from the exemption provided by Rule 16b-3.

8.9 Immediate Acceleration of Incentives. Notwithstanding any provision in this Plan to the contrary or the normal terms of vesting under any award, all outstanding Stock Options and SARs will become immediately exercisable, all Stock Units shall be immediately vested and all outstanding shares of Restricted Stock will be immediately vested if a Change in Control occurs. For purposes of this Plan, a "Change in Control" shall have occurred if a Business Combination (as defined in Article Fifth of the Company's Certificate of Incorporation) occurs and is consummated and the disinterested directors of the Company either do not approve such Business Combination in accordance with Article Fifth, or do approve such Business Combination and so authorize such immediate exercisability in connection with such Business Combination.

8.10 Definition of Fair Market Value. Except as otherwise determined by the Committee, the "Fair Market Value" of a share of Common Stock as of any date shall be equal to the closing sale price of a share of Common Stock as reported on The National Association of Securities Dealers' New York Stock Exchange Composite Reporting Tape (or if the Common Stock is not traded on the New York Stock Exchange, the closing sale price on the exchange on which it is traded or as reported by an applicable automated quotation system) (the "Composite Tape") on the applicable date or, if no sales of Common Stock are reported on such date, the closing sale price of a share of Common Stock on the date the Common Stock was last reported on the Composite Tape (or such other exchange or automated quotation system, if applicable).

8.11 Other Agreements. All Options, SARs, Restricted Stock, Stock Units and shares of Common Stock issued in respect thereof, will be subject to any other agreements, if any, between the Company and a Participant that is issued awards hereunder.
