## INFORMATION TO BE INCLUDED IN REPORT

### SECTION 2 – FINANCIAL INFORMATION

#### **Item 2.02 Results of Operations and Financial Condition**

The information contained within Item 2.02 of this Form 8-K and the Exhibits attached hereto shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 and shall not be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

On January 29, 2009, Ethan Allen Interiors Inc. (“Ethan Allen” or the “Company”) issued a press release setting forth its operating results for the three and six months ended December 31, 2008. A copy of the press release is attached hereto as Exhibit 99.1 and hereby incorporated by reference.

On January 29, 2009 Ethan Allen will conduct a conference call during which certain unaudited, non-GAAP financial information related to the Company’s operations for the three and six months ended December 31, 2008 and December 31, 2007 will be disclosed. This information is set forth in the attached Exhibit 99.2.

Exhibits 99.1 and 99.2 include references to the Company's (i) consolidated operating profit, (ii) wholesale operating profit, (iii) net income, (iv) earnings per share, and (v) earnings before interest, taxes, depreciation and amortization (“EBITDA”), all excluding the effects of restructuring and impairment charges recorded during the three and six months ended December 31, 2008 as a result of the Company's decisions to consolidate retail facilities. A reconciliation of these financial measures to the most directly comparable financial measure reported in accordance with generally accepted accounting principles (“GAAP”) is also provided in Exhibit 99.2.

Management believes that excluding items which are deemed to be non-recurring in nature from financial measures such as operating profit, wholesale operating profit, net income, and earnings per share, allows investors to more easily compare and evaluate the Company's financial performance relative to prior periods and industry comparables. These adjusted measures also aid investors in understanding the operating results of the Company absent such non-recurring or unusual events.

Management considers EBITDA an important indicator of the operational strength and performance of its business, including the ability of the Company to pay interest, service debt and fund capital expenditures. Given the nature of the Company's operations, including the tangible assets necessary to carry out its production and distribution activities, depreciation and amortization represent Ethan Allen's largest non-cash charges. As these non-cash charges do not affect the Company's ability to service debt or make capital expenditures, it is important to consider EBITDA in addition to, but not as a substitute for, operating income, net income and other measures of financial performance reported in accordance with GAAP, including cash flow measures such as operating cash flow. Further, EBITDA is one measure used to determine compliance with the Company's existing credit facility.

**Ethan Allen Amends Bank Credit Facility**

Ethan Allen has reached an agreement with its lending group to amend its existing un-drawn revolving credit agreement to provide additional covenant flexibility and reduce the total line to \$100 million.

**Ethan Allen Declares Quarterly Cash Dividend**

Ethan Allen's Board of Directors has declared a regular quarterly cash dividend of \$0.10 per share, which will be payable to shareholders of record as of April 14, 2009 and paid on April 28, 2009.

Farooq Kathwari, Chairman and CEO, commented, "Despite major economic challenges resulting in a decline in sales, we maintained profitability. We are pleased that during this turbulent period we have also maintained a strong marketing program while reducing operating costs. This would not have been possible without the continuous process of reinvention that has been undertaken by us during the last several years."

Mr. Kathwari continued, "Having already made the substantial investments to reposition our retail network and launch our new website, our need for capital expenditures is substantially reduced, and we are focused on conserving cash in a prudent and conservative manner. We are very pleased to be able to continue to pay a quarterly cash dividend to our shareholders out of current cash flow. Although we have not drawn on the line of credit and only used our existing credit facility to support Letters of Credit, the new covenants provide greater flexibility going forward. We are pleased to have the continued support of our lending group and are happy to have this additional source of liquidity."

Commenting on the outlook for fiscal 2009, Mr. Kathwari stated, "We will continue to focus on creatively and proactively managing our enterprise, and at the same time conserving cash and making those investments that will position us to be ready when growth returns."

Ethan Allen Interiors Inc. is a leading manufacturer and retailer of quality home furnishings. The Company sells a full range of furniture products and decorative accessories through a network of 293 design centers in the United States and abroad, of which 162 are Company owned. Ethan Allen owns eight manufacturing facilities in the United States, which include 2 sawmills, and one cut and sew factory in Mexico.

The Company will conduct a Conference Call at 11:00 AM (Eastern) on Thursday, January 29<sup>th</sup>. The live webcast and replay are accessible at <http://ethanallen.com/investors>.
