## INFORMATION TO BE INCLUDED IN REPORT

### SECTION 2 – FINANCIAL INFORMATION

#### **Item 2.02 Results of Operations and Financial Condition**

The information contained within Item 2.02 of this Form 8-K and the Exhibits attached hereto shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 and shall not be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

On October 27, 2010, Ethan Allen Interiors Inc. (“Ethan Allen” or the “Company”) issued a press release which contained certain preliminary operating results for the quarter ended September 30, 2010. A copy of the press release is attached hereto as Exhibit 99.1 and hereby incorporated by reference.

On October 28, 2010, Ethan Allen will conduct a conference call during which certain unaudited, non-GAAP financial information related to the Company’s operations for the three months ended September 30, 2010 will be disclosed. This information is set forth in the attached Exhibit 99.1.

Exhibit 99.1 includes references to the Company's (i) consolidated operating profit, (ii) wholesale operating profit, (iii) net income, (iv) earnings per share, and (v) earnings before interest, taxes, depreciation and amortization (“EBITDA”), all excluding the effects of restructuring and transition charges as a result of the Company’s decision to consolidate facilities, and certain non-operating income adjustments recorded during fiscal 2011, and fiscal 2010. A reconciliation of these financial measures to the most directly comparable financial measure reported in accordance with generally accepted accounting principles (“GAAP”) is also provided in Exhibit 99.1.

Management believes that excluding items which are deemed to be non-recurring in nature from financial measures such as operating profit, wholesale operating profit, net income, and earnings per share, allows investors to more easily compare and evaluate the Company's financial performance relative to prior periods and industry comparables. These adjusted measures also aid investors in understanding the operating results of the Company absent such non-recurring or unusual events.

Management considers EBITDA an important indicator of the operational strength and performance of its business, including the ability of the Company to pay interest, service debt and fund capital expenditures. Given the nature of the Company's operations, including the tangible assets necessary to carry out its production and distribution activities, depreciation and amortization represent Ethan Allen's largest non-cash charges. As these non-cash charges do not affect the Company's ability to service debt or make capital expenditures, it is important to consider EBITDA in addition to, but not as a substitute for, operating income, net income and other measures of financial performance reported in accordance with GAAP, including cash flow measures such as operating cash flow.

Description  
Press release dated October 27, 2010

## Ethan Allen Reports Results for Quarter Ended September 30, 2010

DANBURY, Conn.--(BUSINESS WIRE)--October 27, 2010--Ethan Allen Interiors Inc. ("Ethan Allen" or the "Company") (NYSE:ETH) reported operating results for the three months ended September 30, 2010.

Net sales for the quarter ended September 30, 2010 were \$164.8 million, up 21.0% from the prior year quarter. The Company's Retail division delivered net sales of \$121.0 million, an increase of 17.3% from the prior year quarter. Total written orders booked for the Retail division decreased 2.4% while comparable design center orders were 3.5% higher than the prior year quarter.

Farooq Kathwari, Chairman, President and CEO commented, "We are pleased with the growth of sales and profitability. The 'Great Recession' has provided an opportunity to make substantial improvements in most aspects of our vertically integrated enterprise. Written business for the quarter was impacted by the timing of the end of savings events, which ended October 18 this year compared with a September 30 conclusion last year."

Net income for the quarter ended September 30, 2010 was \$3.8 million or \$0.13 per diluted share. This compares with a net loss the prior year quarter of \$13.6 million or \$0.47 per diluted share. Excluding special items from both periods, the current quarter net income was \$3.2 million or \$0.11 per diluted share compared to a prior year net loss of \$5.7 million or \$0.20 per diluted share.

The Company maintained strong liquidity and ended the quarter with cash and securities totaling \$90.7 million. During the quarter, the Company paid \$7.7 million to repurchase a portion of its common stock and bonds. An additional \$3.0 million of bonds were repurchased in early October 2010.

Mr. Kathwari stated, "While we are faced with an uncertain economic environment, we are cautiously optimistic that due to our many initiatives, we have the opportunity to gain market share and continue to show improvements compared to the prior year in both sales and earnings. During the past quarter, we increased our advertising spending and introduced our new campaign, which while maintaining the aspirational value of our brand, also gets the message across about our excellent values, stylish products, quality, and interior design services."

### Analyst Conference Call

The Company will conduct a conference call at 11:00 AM (Eastern) on Thursday, October 28<sup>th</sup> to discuss the financial results and our business initiatives. The live webcast and replay are accessible via the Company's website at <http://ethanallen.com/investors>.

### About Ethan Allen

Ethan Allen Interiors Inc. is a leading interior design company and manufacturer and retailer of quality home furnishings. The Company offers free interior design service to its clients and sells a full range of furniture products and decorative accessories through ethanallen.com and a network of approximately 280 Design Centers in the United States and abroad. Ethan Allen owns and operates seven manufacturing facilities in North America, including five manufacturing plants and one sawmill in the United States and one manufacturing plant in Mexico. Approximately seventy percent of its products are made in its United States plants. For more information on Ethan Allen's products and services, visit ethanallen.com.
