## Item 2.02 Results of Operations and Financial Condition

On October 26, 2022, Ethan Allen Interiors Inc. (“Ethan Allen” or the “Company”) issued a press release announcing its financial and business results for its fiscal 2023 first quarter ended September 30, 2022. A copy of the press release is furnished as Exhibit 99.1 hereto and incorporated by reference herein. The information furnished pursuant to this Item 2.02 (Results of Operations and Financial Condition), including Exhibit 99.1, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (such act being the “Exchange Act”), or otherwise subject to the liabilities of that section, and shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

Exhibit 99.1 to this report contains certain financial measures that are considered non-GAAP financial measures as defined in the rules issued by the Securities and Exchange Commission. These non-GAAP measures are not in accordance with, or an alternative for, measures prepared in accordance with generally accepted accounting principles, and may be different from non-GAAP measures used by other companies. Non-GAAP measures have limitations in that they do not reflect all of the amounts associated with the Company’s results of operations as determined in accordance with GAAP and that these measures should only be used to evaluate Ethan Allen’s results of operations in conjunction with the corresponding GAAP measures. Ethan Allen believes that the presentation of non-GAAP measures when shown in conjunction with the corresponding GAAP measures, provides useful information to investors and management regarding financial and business trends relating to its financial condition and its historical and projected results of operations. Exhibit 99.1 to this Current Report contains the reconciliation of these non-GAAP financial measures to their most directly comparable financial measures calculated and presented in accordance with generally accepted accounting principles.

## Ethan Allen Reports Strong Fiscal 2023 First Quarter Results

DANBURY, CT – OCTOBER 26, 2022 – Ethan Allen Interiors Inc. (“Ethan Allen” or the “Company”) (NYSE: ETD) today reported its financial and business results for its fiscal 2023 first quarter ended September 30, 2022.

Farooq Kathwari, Ethan Allen’s Chairman, President and CEO commented, “We are pleased with our fiscal 2023 first quarter results. Our sales increased 17.7% to \$214.5 million and our diluted earnings per share increased by 48.1% to \$1.17. We are also pleased to generate strong operating cash flow of \$38.4 million during the quarter and returned \$20.9 million to shareholders through cash dividends. We benefited from efficiencies throughout our vertically integrated structure and a higher backlog of orders.”

Mr. Kathwari continued, “Moving forward we are well-positioned to manage the challenging trends within the global economy. As we celebrate 90 years of innovation, our focus is on the continued strengthening of our vertically integrated structure. This includes our interior design network with major advancements in technology, accelerating introductions of relevant offerings, expanding our marketing and continuing to invest in our North American manufacturing and logistics. About 75% of our products are made in our North American workshops.”

### FISCAL 2023 FIRST QUARTER HIGHLIGHTS\*

- Consolidated net sales growth of 17.7% to \$214.5 million
  - Retail net sales of \$183.7 million increased 18.5%
  - Wholesale net sales of \$114.7 million increased 4.8%
- Written order trends
  - Retail segment written orders increased 7.4% compared with the pre-pandemic first quarter of fiscal 2020; down 8.6% compared with the first quarter of fiscal 2022
  - Wholesale segment written orders were 0.1% lower than the first quarter of fiscal 2020; declined 7.2% from a year ago
- Consolidated gross margin increased to 60.4%, up from 59.9% a year ago due to a change in sales mix with the Retail segment becoming a larger portion, a favorable product mix, product pricing actions taken and higher manufacturing productivity and efficiency
- Operating margin of 18.5%; adjusted operating margin of 17.6% compared with 15.2% last year due to strong net sales growth, retail and wholesale gross margin expansion and controlling costs by leveraging cost reductions partially offset by higher delivery, freight and marketing costs; selling, general and administrative expenses decreased from 44.7% of net sales to 42.9%, reflecting the Company’s operating leverage
- Diluted EPS of \$1.17 compared with \$0.79; adjusted diluted EPS of \$1.11 increased 38.8%
- Generated \$38.4 million of cash from operating activities; cash and short-term investments totaled \$142.4 million with no debt outstanding
- Paid special cash dividends and regular quarterly cash dividends totaling \$20.9 million
- Ended the quarter with \$167.7 million in inventory, down \$8.8 million from June 30, 2022

## BALANCE SHEET and CASH FLOW

**Cash and short-term investments** totaled \$142.4 million at September 30, 2022, compared with \$121.1 million at June 30, 2022. The increase of \$21.3 million during the quarter was primarily due to \$38.4 million in cash generated from operating activities and \$8.1 million in proceeds received from a sale-leaseback transaction completed in August 2022 partially offset by \$20.9 million in cash dividends paid and capital expenditures of \$3.2 million as the Company continues to return capital to shareholders and reinvest back into the business.

**Cash from operating activities** totaled \$38.4 million, an increase from \$17.0 million in the prior year period due to an improvement in working capital and higher net income. The increase in working capital was primarily from a reduction in customer deposits as net shipments outpaced written orders and improved collections on accounts receivable partially offset by a reduction in inventory levels.

**Cash dividends** paid were \$20.9 million, which included a special cash dividend of \$12.7 million, or \$0.50 per share. Ethan Allen has a long history of returning capital to shareholders and is pleased to have paid the special cash dividend in August 2022, which highlights the Company's strong balance sheet and operating results.

**Inventories, net** decreased to \$167.7 million at September 30, 2022, compared with \$176.5 million at June 30, 2022, as the Company restores its operating inventory levels to more historical norms as backlog declines.

**Customer deposits** from written orders decreased \$12.2 million during the quarter and totaled \$108.9 million at September 30, 2022. Increased manufacturing capacity and related deliveries combined with the pace of written orders led to the reduction in customer deposits.

**No debt outstanding** at September 30, 2022.

## ABOUT NON-GAAP FINANCIAL MEASURES

This press release is intended to supplement, rather than to supersede, the Company's consolidated financial statements, which are prepared and presented in accordance with U.S. generally accepted accounting principles ("GAAP"). In this press release the Company has included financial measures that are derived from the consolidated financial statements but are not presented in accordance with GAAP. The Company uses non-GAAP financial measures, including adjusted operating income and margin, adjusted net income, and adjusted diluted EPS (collectively "non-GAAP financial measures"). The Company computes these non-GAAP financial measures by adjusting the comparable GAAP measure to remove the impact of certain charges and gains and the related tax effect of these adjustments. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, or superior to, the financial performance measures prepared in accordance with GAAP. The Company uses these non-GAAP financial measures for financial and operational decision making and to evaluate period-to-period comparisons. The Company believes that they provide useful information about operating results, enhance the overall understanding of past financial performance and prospects, and allow for greater transparency with respect to key metrics used by management in its financial and operational decision making. A reconciliation of these non-GAAP financial measures to the most directly comparable financial measure reported in accordance with GAAP is provided at the end of this press release.

## FORWARD-LOOKING STATEMENTS

This press release contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Generally, forward-looking statements represent management’s beliefs and assumptions concerning current expectations, projections or trends relating to results of operations, financial results, financial condition, strategic objectives and plans, expenses, dividends, share repurchases, liquidity, use of cash and cash requirements, investments, future economic performance, business and industry and the effect of the COVID-19 pandemic on the business operations and financial results. Such forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. These forward-looking statements may include words such as “anticipate,” “estimate,” “expect,” “project,” “plan,” “intend,” “believe,” “continue,” “may,” “will,” “short-term,” “target,” “outlook,” “forecast,” “future,” “strategy,” “opportunity,” “would,” “guidance,” “non-recurring,” “one-time,” “unusual,” “should,” “likely,” “COVID-19 impact,” and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events. The Company derives many of its forward-looking statements from operating budgets and forecasts, which are based upon many detailed assumptions. While the Company believes that its assumptions are reasonable, it cautions that it is very difficult to predict the impact of known factors and it is impossible for the Company to anticipate all factors that could affect actual results and matters that are identified as “short term,” “non-recurring,” “unusual,” “one-time,” or other words and terms of similar meaning may in fact recur in one or more future financial reporting periods.

Forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those that are expected. Actual results could differ materially from those anticipated in the forward-looking statements due to a number of risks and uncertainties including, but not limited to, the risks and uncertainties disclosed in Part I, Item 1A. *Risk Factors*, in the Company’s 2022 Annual Report on Form 10-K and other factors identified in its reports filed with the Securities and Exchange Commission (the “SEC”), available on the SEC’s website at [www.sec.gov](http://www.sec.gov).

All forward-looking statements attributable to the Company, or persons acting on its behalf, are expressly qualified in their entirety by these cautionary statements, as well as other cautionary statements. A reader should evaluate all forward-looking statements made in this press release in the context of these risks and uncertainties. Given the risks and uncertainties surrounding forward-looking statements, you should not place undue reliance on these statements. Many of these factors are beyond the Company’s ability to control or predict. The Company is including this cautionary note to make applicable and take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 for forward-looking statements. The forward-looking statements included in this press release are made only as of the date hereof. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as otherwise required by law.

## Reconciliation of Non-GAAP Financial Measures

To supplement the financial measures prepared in accordance with GAAP, the Company uses non-GAAP financial measures, including adjusted operating income and margin, adjusted net income and adjusted diluted earnings per share. The reconciliations of these non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are shown in tables below.

These non-GAAP measures are derived from the consolidated financial statements but are not presented in accordance with GAAP. The Company believes these non-GAAP measures provide a meaningful comparison of its results to others in its industry and prior year results. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, its financial performance measures prepared in accordance with GAAP. Moreover, these non-GAAP financial measures have limitations in that they do not reflect all the items associated with the operations of the business as determined in accordance with GAAP. Other companies may calculate similarly titled non-GAAP financial measures differently than the Company does, limiting the usefulness of those measures for comparative purposes.

Despite the limitations of these non-GAAP financial measures, the Company believes these adjusted financial measures and the information they provide are useful in viewing its performance using the same tools that management uses to assess progress in achieving its goals. Adjusted measures may also facilitate comparisons to historical performance.

The following tables below provide a reconciliation of non-GAAP financial measures used in this release to the most directly comparable GAAP financial measures.
