Ethan Allen Reports Strong Fiscal 2023 Second Quarter Operating Results

DANBURY, CT – JANUARY 25, 2023 – Ethan Allen Interiors Inc. (“Ethan Allen” or the “Company”) (NYSE: ETD) today reported its financial and business results for its fiscal 2023 second quarter ended December 31, 2022.

Farooq Kathwari, Ethan Allen’s Chairman, President and CEO commented, “We are pleased with our second quarter operating performance. Our strong delivered net sales of \$203.2 million were helped by our backlog. Our gross margins increased to 61.0% and operating margins rose to 18.2%. Our adjusted diluted earnings per share of \$1.10 grew by 15.8%. We continued to generate strong operating cash flow and as of December 31, 2022, we had total cash and investments of \$140.4 million and no debt. Our retail written orders have returned to near pre-pandemic levels. We are also pleased that yesterday we announced a regular quarterly cash dividend of \$0.32 per share, payable February 21, 2023.”

Mr. Kathwari continued, “In November 2022 we opened a new state-of-the-art design center in Skokie, Illinois, a suburb of Chicago. This design center projection continues to position us as a leading *Interior Design Destination*. Combining personal service of our talented interior designers with advanced technology is an important focus. Over the next twelve months, we plan to greatly enhance the projection of all our design centers.”

“We are well-positioned with continued strengthening of our vertically integrated structure, which includes enhancing our product offerings, continued re-positioning of our retail network as a premier *Interior Design Destination*, investments in our North American manufacturing, which accounts for about 75% of our net sales, and investing in technology and logistics. We remain cautiously optimistic,” concluded Mr. Kathwari.

BALANCE SHEET and CASH FLOW

Cash and investments totaled \$140.4 million at December 31, 2022, compared with \$121.1 million at June 30, 2022. The increase of \$19.3 million during the year was primarily due to \$40.9 million in cash generated from operating activities and \$8.1 million in proceeds received from a sale-leaseback transaction completed in August 2022 partially offset by \$20.9 million in cash dividends paid and capital expenditures of \$8.5 million as the Company continues to return capital to shareholders and reinvest back into the business.

Cash dividends paid were \$20.9 million during the first six months ended December 31, 2022, which included a special cash dividend of \$12.7 million, or \$0.50 per share. During the second quarter of fiscal 2023, the Company’s Board declared a regular quarterly cash dividend of \$0.32 per share, which was paid on January 4, 2023 to shareholders of record as of December 7, 2022. The \$0.32 per share cash dividend represented a 28.0% increase over the prior year regular quarterly cash dividend.

Cash from operating activities totaled \$40.9 million during the first half of fiscal 2023, an increase from \$22.7 million in the prior year period due to an improvement in working capital and higher net income. The increase in working capital was primarily from a reduction in customer deposits as net shipments outpaced written orders and improved collections on outstanding accounts receivable, which converted shipments to cash at a faster pace, partially offset by a reduction in inventory carrying levels.

Inventories, net decreased to \$159.9 million at December 31, 2022, compared with \$176.5 million at June 30, 2022, as the Company restores its operating inventory levels to more historical norms as backlog declines. Inventory balances continue to decrease as the Company seeks to reduce its levels of inventory while also ensuring appropriate levels are maintained to service its customer base.

Customer deposits from written orders totaled \$83.7 million at December 31, 2022, a decrease of \$37.4 million during the fiscal year as net shipments outpaced written orders.

No debt outstanding at December 31, 2022.

DIVIDENDS

On January 24, 2023, the Company's Board of Directors declared a regular quarterly cash dividend of \$0.32 per share, payable on February 21, 2023, to shareholders of record at the close of business on February 7, 2023.

ABOUT NON-GAAP FINANCIAL MEASURES

This press release is intended to supplement, rather than to supersede, the Company's consolidated financial statements, which are prepared and presented in accordance with U.S. generally accepted accounting principles ("GAAP"). In this press release the Company has included financial measures that are derived from the consolidated financial statements but are not presented in accordance with GAAP. The Company uses non-GAAP financial measures, including adjusted operating income and margin, adjusted net income, and adjusted diluted EPS (collectively "non-GAAP financial measures"). The Company computes these non-GAAP financial measures by adjusting the comparable GAAP measure to remove the impact of certain charges and gains and the related tax effect of these adjustments. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, or superior to, the financial performance measures prepared in accordance with GAAP. The Company uses these non-GAAP financial measures for financial and operational decision making and to evaluate period-to-period comparisons. The Company believes that they provide useful information about operating results, enhance the overall understanding of past financial performance and prospects, and allow for greater transparency with respect to key metrics used by management in its financial and operational decision making. A reconciliation of these non-GAAP financial measures to the most directly comparable financial measure reported in accordance with GAAP is provided at the end of this press release.

FORWARD-LOOKING STATEMENTS

Such forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. These forward-looking statements may include words such as “anticipate,” “estimate,” “expect,” “project,” “plan,” “intend,” “believe,” “continue,” “may,” “will,” “short-term,” “target,” “outlook,” “forecast,” “future,” “strategy,” “opportunity,” “would,” “guidance,” “non-recurring,” “one-time,” “unusual,” “should,” “likely,” “COVID-19 impact,” and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events. The Company derives many of its forward-looking statements from operating budgets and forecasts, which are based upon many detailed assumptions. While the Company believes that its assumptions are reasonable, it cautions that it is very difficult to predict the impact of known factors and it is impossible for the Company to anticipate all factors that could affect actual results and matters that are identified as “short term,” “non-recurring,” “unusual,” “one-time,” or other words and terms of similar meaning may in fact recur in one or more future financial reporting periods.

Forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those that are expected. Actual results could differ materially from those anticipated in the forward-looking statements due to a number of risks and uncertainties including, but not limited to, the risks and uncertainties disclosed in Part I, Item 1A. *Risk Factors*, in the Company’s 2022 Annual Report on Form 10-K and other factors identified in its reports filed with the Securities and Exchange Commission (the “SEC”), available on the SEC’s website at www.sec.gov.

All forward-looking statements attributable to the Company, or persons acting on its behalf, are expressly qualified in their entirety by these cautionary statements, as well as other cautionary statements. Reconciliation of Non-GAAP Financial Measures

To supplement the financial measures prepared in accordance with GAAP, the Company uses non-GAAP financial measures, including adjusted operating income and margin, adjusted net income and adjusted diluted earnings per share. The reconciliations of these non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are shown in tables below.

These non-GAAP measures are derived from the consolidated financial statements but are not presented in accordance with GAAP. The Company believes these non-GAAP measures provide a meaningful comparison of its results to others in its industry and prior year results. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, its financial performance measures prepared in accordance with GAAP. Moreover, these non-GAAP financial measures have limitations in that they do not reflect all the items associated with the operations of the business as determined in accordance with GAAP. Other companies may calculate similarly titled non-GAAP financial measures differently than the Company does, limiting the usefulness of those measures for comparative purposes.

Despite the limitations of these non-GAAP financial measures, the Company believes these adjusted financial measures and the information they provide are useful in viewing its performance using the same tools that management uses to assess progress in achieving its goals. Adjusted measures may also facilitate comparisons to historical performance.

The following tables below provide a reconciliation of non-GAAP financial measures used in this release to the most directly comparable GAAP financial measures.
