Item 2.02 Results of Operations and Financial Condition

On July 22, 2021, Ethan Allen Interiors Inc. (“Ethan Allen” or the “Company”) issued a press release providing several business updates as well as announcing the release date for its fiscal 2021 fourth quarter and full fiscal year results. A copy of the press release issued by the Company is furnished as Exhibit 99.1 hereto and incorporated by reference herein. The information furnished pursuant to this Form 8-K, including Exhibit 99.1, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (such act being the “Exchange Act”), or otherwise subject to the liabilities of that section, and shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

Exhibit 99.1 includes non-GAAP diluted earnings per share for the period presented. This non-GAAP measure is not in accordance with, or an alternative for, the measure prepared in accordance with generally accepted accounting principles, and may be different from non-GAAP measures used by other companies. Ethan Allen believes that non-GAAP measures have limitations in that they do not reflect all of the amounts associated with the Company’s results of operations as determined in accordance with GAAP and that these measures should only be used to evaluate Ethan Allen’s results of operations in conjunction with the corresponding GAAP measures.

Ethan Allen believes that the presentation of non-GAAP diluted earnings per share when shown in conjunction with the corresponding GAAP diluted earnings per share measure, provides useful information to investors and management regarding financial and business trends relating to its financial condition and its historical and projected results of operations. For its internal budgeting process, Ethan Allen’s management uses financial statements that do not include, when applicable, significant asset impairments and restructurings, retail acquisition costs, significant litigation settlements and other contingencies, and the income tax effects of the foregoing. The Company’s management also uses the foregoing non-GAAP measures, in addition to the corresponding GAAP measures, in reviewing the financial results of Ethan Allen. From time to time in the future, there may be other items that Ethan Allen may exclude for purposes of its internal budgeting process and in reviewing its financial results.

Ethan Allen Provides Business Updates and Announces Earnings Release Date for its Fiscal 2021 Fourth Quarter and Full Fiscal Year

DANBURY, CT – July 22, 2021 – Ethan Allen Interiors Inc. (“Ethan Allen” or the “Company”) (NYSE: ETH) today provided several updates on its business and announced its earnings release date for the fiscal 2021 fourth quarter and full fiscal year.

Farooq Kathwari, Ethan Allen’s Chairman, President and CEO commented, “In a difficult year marked by the COVID-19 pandemic, macroeconomic uncertainty and supply chain disruption, we delivered strong results. Demonstrating the strength of our brand in the marketplace combined with heightened demand for our product offerings and design services, we grew our retail segment written orders by 105.0%, leading to a record high order backlog at quarter-end.”

PRELIMINARY FINANCIAL RESULTS

The Company expects to report the following financial results for its fourth quarter ended June 30, 2021:

(comparisons are to the prior fiscal year fourth quarter)

- Consolidated net sales of \$178.3 million increased 94.7%
- Retail segment written orders increased 105.0%
- Wholesale net sales of \$106.4 million increased 106.2%; Retail net sales of \$150.7 million rose 113.0%
- Wholesale segment orders increased 82.3%; Excluding GSA and other government orders, wholesale segment orders increased 87.0%

Mr. Kathwari continued, “The start of our fiscal 2021 year was during the unprecedented crisis due to COVID-19 and our foremost focus was and has continued to be operating safely for our associates and clients. During fiscal 2021, we progressed strongly and in the fourth quarter of fiscal 2021, we delivered consolidated adjusted diluted EPS in the range of \$0.72 to \$0.74. This compared to the prior year adjusted EPS of (\$0.15) due to pandemic-related closures. For the full fiscal 2021 year, consolidated net sales were \$685.2 million, up 16.2%, and we ended the year with a strong balance sheet, including \$104.6 million in cash and no debt. Additionally, we strengthened our business by growing operating margin through disciplined cost and expense controls. Retail written orders, which increased 105.0% over the prior year and 40.2% to the fiscal 2019 fourth quarter, reflect the strength of our offerings and interior design professionals increasingly combining technology with their personal service and continued consumer interest in the home.”

“As we head into the fiscal 2022 year, we are pleased with the resilience of our North American manufacturing, which has been steadily increasing production to service our high order backlogs. While we continue to work through raw material shortages and managing the increased cost of shipping, we believe we have a great opportunity to continue our growth in sales and profitability due to our strong retail network, the personal service of our interior design professionals increasingly combined with technology, our unique vertical integration whereby 75% of products are made in our North American manufacturing workshops, and our strong logistics network of national distribution centers and retail home delivery centers delivering product with white glove service to our clients’ homes,” concluded Mr. Kathwari.

ABOUT NON-GAAP FINANCIAL MEASURES

In this news release the Company has included a financial measure that is not prepared in accordance with U.S. generally accepted accounting principles ("GAAP"). The Company computes the non-GAAP financial measure of adjusted diluted EPS by adjusting GAAP diluted EPS to remove the impact of certain charges and the related tax effect of these adjustments. The presentation of this non-GAAP financial measure is not intended to be considered in isolation or as a substitute for, or superior to, the financial measure presented in accordance with GAAP. The Company uses this non-GAAP financial measure for financial and operational decision making and to evaluate period-to-period comparisons. The Company believes that it provides useful information about operating results, enhances the overall understanding of past financial performance and prospects, and allows for greater transparency with respect to key metrics used by management in its financial and operational decision making.
