PROXY STATEMENT

The Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the "Board of Directors") of Ethan Allen Interiors Inc., a Delaware corporation ("Company"), of proxies for use at the 1999 Annual Meeting of Shareholders of the Company to be held on November 17, 1999 and any adjournment thereof (the "Annual Meeting"). The Proxy Statement and accompanying form of proxy are first being mailed to shareholders on or about October 26, 1999.

VOTING SECURITIES; PROXIES; REQUIRED VOTE

VOTING SECURITIES

The Board of Directors has fixed the close of business on September 24, 1999 as the record date (the "Record Date") for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, the Company had outstanding 40,798,004 shares of common stock, par value \$.01 per share (the "Common Stock"). The holders of Common Stock are entitled to notice of and to vote at the Annual Meeting. Holders of Common Stock are entitled to one vote per share.

PROXIES

M. Farooq Kathwari, Horace G. McDonnell and Edward H. Meyer, the persons named as proxies on the proxy card accompanying this Proxy Statement, were selected by the Board of Directors of the Company to serve in such capacity.

Each properly executed and returned proxy will be voted in accordance with the directions indicated thereon, or if no direction is indicated, such proxy will be voted in accordance with the recommendations of the Board of Directors contained in this Proxy Statement. Each shareholder giving a proxy has the power to revoke it at any time before the shares it represents are voted. Revocation of a proxy is effective upon receipt of the Secretary of the Company of either (i) an instrument revoking the proxy or (ii) a duly executed proxy bearing a later date. Additionally, a shareholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting.

REQUIRED VOTE

The Holders of at least one third of the outstanding shares of Common Stock represented in person or by proxy will constitute a quorum at the Annual Meeting. At the Annual Meeting, the vote of a majority in interest of the shareholders present in person or by proxy and entitled to vote thereon is required to elect directors, ratify the appointment of KPMG LLP as the independent auditors of the Company's consolidated financial statements for the fiscal year ending June 30, 2000, and amend the 1992 Stock Option Plan.

The election inspectors appointed for the meeting will tabulate the votes cast in person or by proxy at the Annual Meeting and will determine whether or not a quorum is present. The election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the shareholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

PROPOSAL 1 ELECTION OF DIRECTORS

The Board of Directors is presently composed of six members. There is currently a vacancy on the Board of Directors as Mr. Steven A. Galef passed away during 1998. The Restated Certificate of Incorporation of the Company divides the Board of Directors into three classes, as nearly equal in size as possible, with one class of Directors elected each year for a three-year term. The term of the Directors in one class, which is composed of two Directors, expires as of the Annual Meeting.

Two Directors, M. Farooq Kathwari and Horace G. McDonell, are nominated for election at the Annual Meeting, each to a term as Director for three years. If for any reason any nominee becomes unable or unwilling to serve at the time of the meeting, the persons named in the enclosed proxy card will have discretionary authority to vote for a substitute nominee. It is not anticipated that any nominee will be unavailable for election.

The following sets forth information as to the nominees for election at the Annual Meeting and each Director continuing in office, including his or her age, present principal occupation, other business experience during the last five years, directorships in other publicly held companies, membership on committees of the Board of Directors and period of service as a Director of the Company.

The Company has issued options to purchase shares of Common Stock pursuant to the 1992 Stock Option Plan and an Incentive Stock Option Plan and has issued warrants to purchase shares of Common Stock to certain key members of management. See NOTE 9 to "Notes to Consolidated Financial Statements" in the Company's Annual Report as of June 30, 1999 filed on Form 10-K. THE ETHAN ALLEN RETIREMENT SAVINGS PLAN

Ethan Allen established the Ethan Allen Profit Sharing and 401(k) Retirement Plan (the "Plan"), now known as the Ethan Allen Retirement Savings Plan, effective July 1, 1994 as a result of the merger of the Profit Sharing and 401(k) Plans. The Plan covers all employees who have completed at least one year of service.

The 401(k) aspect of the Plan allows participants to defer up to 15% of their compensation, subject to certain statutory limitations. The Company contributes \$0.50 for each \$1.00 of a participant's before tax contribution, up to a maximum of \$1,000 annually (effective January 1, 1998). During fiscal year 1999, the Company made a contribution of \$1,000 (as of December 31, 1998) to the 401(k) aspect of the Plan for each of the above named executive officers. During fiscal year 1998, the Company made a contribution of \$600 (as of December 31, 1997) to the 401(k) aspect of the Plan for each of the above named executive

officers.

The Profit Sharing portion of the Plan is a defined contribution plan. Contributions to the Plan can only be made by the Company and are at the discretion of the Company. Contributions are allocated among all members in the same ratio as their covered remuneration bears to that of all members.

The Plan is the primary vehicle for providing retirement income to Ethan Allen employees.

Prior to July 1, 1996, members in the Profit Sharing portion of the Plan who were under the age of 55 vested annually in 20% increments starting upon their third year of service and continuing until the end of the seventh year of service when they become fully vested. All Plan members age 55 and over were 100% vested regardless of their years of service. Effective July 1, 1996, all Plan members are 100% vested in their Profit Sharing balances. Plan members continue to be 100% vested in their 401(k) accounts.

The Plan is administered by Ethan Allen Inc. with J.P. Morgan/American Century Services, Inc. as Investment Manager and Recordkeeper. Investments offered include a stable asset fund, five mutual funds, three strategic allocation funds, employer common stock and a personal choice option. The investments are employee directed and qualify under Section 404c.

As of June 30, 1999, the estimated net present aggregate value of contributions to the retirement programs for the above named executive officers were: M. Farooq Kathwari \$341,478, Thomas Swanston \$0, Lenora W. Kirkley \$20,064, Craig W. Stout \$41,506 and Margaret McLinden \$62,426.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board of Directors is responsible for (i) reviewing and making determinations with regard to the employment arrangements, and compensation for the Chief Executive Officer, President and Chief Financial Officer or Treasurer and (ii) considering and accepting, modifying or rejecting the Chief Executive Officer's recommendations as to incentive compensation for executives and employees. The Compensation Committee met one time in fiscal 1999. The Compensation Committee reviews and approves the remuneration arrangements for the officers and directors of the Company, and reviews and recommends new executive compensation or stock plans in which the officers and/or directors are eligible to participate, including the granting of stock options and restricted stock awards. The members of the Compensation Committee are Mr. Edward H. Meyer and Ms. Kristin Gamble.

9

GENERAL POLICIES REGARDING COMPENSATION OF EXECUTIVE OFFICERS

The Compensation Committee's goals in establishing compensation levels and administering executive compensation plans are (1) to attract and retain high quality managerial and executive talent, (2) to reward executives for superior performance and (3) to structure appropriate incentives for executives to produce sustained superior performance in the future. The Company's compensation structure consists of base salary, annual cash bonuses, stock options and restricted stock awards. Generally, in formulating the compensation arrangements for executives other than the Chief Executive Officer, the Compensation Committee solicits recommendations from its Chief Executive Officer, which it considers, modifies and/or approves.

SALARY

The Compensation Committee establishes base salaries at levels that reflect the Compensation Committee's subjective assessment of prevailing salary levels among the companies with which it believes the Company competes for executive talent, as well as companies in the Company's industry generally.

BONUSES

For fiscal 1999, the Company's Compensation Committee observed a cash bonus program (the "Bonus Program") for managerial employees of the Company. The Bonus Program had two components: (i) an aggregate of \$2,279,000 in cash to be distributed to managerial employees other than Mr. Kathwari in amounts recommended by Mr. Kathwari, and (ii) as to Mr. Kathwari an amount determined in accordance with the New Employment Agreement. In light of the Company's performance for fiscal year 1999, the Committee recommended and agreed to a bonus of \$1,851,000 for Mr. Kathwari.

STOCK OPTIONS AND RESTRICTED STOCK AWARDS

Stock options granted at 100% of the stock's market value on the date of grant are currently the Company's sole long term compensation vehicle. The Compensation Committee believes that stock options align the interest of management with those of the Company's stockholders and provide appropriate incentives to motivate executives to provide increased returns for stockholders.

In determining the size of individual option grants, and restricted stock

awards, the Compensation Committee considers the aggregate number of shares available, which is in turn a function of the levels of stockholders' dilution, the number of shares previously authorized by stockholders remaining available for grants of options and awards and the number of individuals to whom it wishes to award stock options and restricted stock awards. The Compensation Committee also considers the range of potential compensation levels that may be yielded by the options. Furthermore, the Compensation Committee considers the size of option grants awarded by those companies with which it believes the Company competes for executives, especially within the home furnishings industry. The Compensation Committee reserves the discretion to consider any factors it considers relevant, and to give all factors considered the relative weight it considers appropriate under the circumstances then prevailing, in reaching its determination regarding the size and timing of option grants and restricted stock awards.

COMPENSATION FOR THE CHIEF EXECUTIVE OFFICER FOR FISCAL 1999

As of July 1, 1994, Mr. Kathwari and the Company entered into an employment agreement (the "Prior Employment Agreement"), which was revised and extended as of July 1, 1997 (as revised, the "New Employment Agreement"). Pursuant to the New Employment Agreement, the Company has agreed to employ Mr. Kathwari as Chairman, Chief Executive Officer and President of the Company and Ethan Allen for a period of five years commencing July 1997 with two one-year extensions exercisable with the agreement of Mr. Kathwari and the Company. Pursuant to the terms of the New Employment Agreement,

10

Mr. Kathwari will receive a base salary of \$700,000 per year, subject to increase annually upon the review and recommendation of the Compensation Committee, with automatic annual cost-of-living increases.

Under the terms of the Prior Employment Agreement, Mr. Kathwari was entitled to an annual incentive bonus based on the Company's EBITDA (as described in the Prior Employment Agreement). For the first twelve month period of Mr. Kathwari's Prior Employment Agreement, if the Company's EBITDA was less than \$53 million, he received no incentive bonus. If the Company's EBITDA equaled \$53 million, he was paid an incentive bonus of \$135,000. If the Company's EBITDA exceeded \$53 million, his incentive bonus was increased proportionately up to an amount equivalent to his base salary, payable when EBITDA equaled or exceeded \$90 million; however, his incentive bonus did not exceed \$450,000 for the first twelve month period. This incentive bonus and bonus ceiling arrangement were subject to modification annually based upon the Company's EBITDA projections or upon agreement of the Compensation Committee and Mr. Kathwari.

Pursuant to the terms of the New Employment Agreement, Mr. Kathwari will be entitled to an annual incentive bonus based upon the Company's Operating Income (as described in the New Employment Agreement). If the Company's Operating Income is \$40 million or less, he will receive no incentive bonus. If the Company's Operating Income exceeds \$40 million, his incentive bonus will be equal to 2% of the amount by which Operating Income exceeds \$40 million. This Operating Income threshold will be increased after fiscal 1998 by 10% each year. In addition, in the event the Company consummates a major acquisition, the Company and Mr. Kathwari have agreed that they will negotiate in good faith for an appropriate revision to this threshold in order to properly implement its purposes.

Under the Prior Employment Agreement, Mr. Kathwari was to receive during the term of employment ten-year stock options to acquire 60,000 shares at an exercise price equal to the then current market price, resulting in total stock options to Mr. Kathwari to acquire 300,000 shares of Common Stock during the term of the Prior Employment Agreement. Generally, one-third of each stock option was to vest each year following the grant. Pursuant to action of the Compensation Committee on August 8, 1995, that grant has been amended so that all remaining stock options were granted as of that date at an exercise price equal to the market price as of August 8, 1995. Generally, one seventh of the total original grant shall vest as of July 27, 1994 and each of the next six years. Pursuant to the two-for-one split of the Company's Common Stock on September 2, 1997, and the three-for-two split of the Company's Common Stock on May 21, 1999, (each, a "Stock Split" and collectively, the "Stock Split(s)") this option was converted to an option to purchase 900,000 shares. Pursuant to the New Employment Agreement, Mr. Kathwari was granted, as of September 19, 1997, an option to purchase 1,500,000 additional shares, (as adjusted for the May 21, 1999 Stock Split) of which the option to purchase 750,000 (as adjusted for the May 21, 1999 Stock Split) shares will be exercisable at the then current market price for the Common Stock at the date of grant and the option to purchase the remaining 750,000 (as adjusted for the May 21, 1999 Stock Split) shares will be exercisable at a 30% premium to the then current market price for the Common Stock at the date of grant. The option to purchase 750,000 shares which has an exercise price equal to the value of the stock on September 19, 1997 (as adjusted for the May 21, 1999 Stock Split) and the option to purchase 750,000 shares which has an exercise price equal to 130% of the value of the stock on September 19, 1997 (as adjusted for the May 21, 1999 Stock Split), will each vest at a rate of one-third each year following the grant. The options are granted pursuant to the Company's 1992 Stock Option Plan.

Under the Prior Employment Agreement, Mr. Kathwari received during the term thereof each year as of July 27, 1994, and each successive July 1, up to and including July 1, 1997, 10,000 shares of "restricted" stock, and he received on July 1, 1998, pursuant to the Stock Splits 30,000 shares of "restricted" stock, for a total of up to 150,000 shares (as adjusted for the Stock Splits) under the Prior Employment Agreement. Pursuant to the New Employment Agreement, the Company will establish a book account for Mr. Kathwari, which will be credited with 21,000 Stock Units as of July 1 of each year (as adjusted for the May 21, 1999 Stock Split), commencing July 1, 1997, for a total of up to 105,000 Stock Units over the term of the New Employment Agreement, with an additional 21,000 Stock Units to be credited in connection

11

with each of the two one-year extensions. Following the termination of Mr. Kathwari's employment, Mr. Kathwari will receive shares of Common Stock equal to the number of Stock Units credited to the account. During the period in which Stock Units are credited to the account, Mr. Kathwari will receive dividend equivalent payments in cash equal to the dividends payable on the shares of Common Stock represented by the Stock Units. The options and the restricted stock will become fully vested upon the occurrence of a Change in Control of the Company (as defined in the New Employment Agreement).

In the event Mr. Kathwari's employment with the Company is terminated by reason of death or disability, he (or his estate) will receive his base salary plus his bonus through the end of the year, along with any deferred compensation, unreimbursed expenses, insurance proceeds and other payments in accordance with Company practices. If Mr. Kathwari's employment is terminated by the Company without "cause" or by Mr. Kathwari "for good reason", he will receive the same his base salary through the end of the term of the agreement, a payment equal to the lesser of \$1 million or the bonus payments for two years calculated by reference to the highest bonus previously paid to him, and he will be entitled to settlement of the Stock Unit awards in Common Stock through the remainder of the full term of the New Employment Agreement and stock options, exercisable within three years after termination. If Mr. Kathwari's employment is terminated by the Company for "cause" or voluntarily by Mr. Kathwari, he will receive his base salary and bonus prorated through the date of termination, along with any deferred compensation, unreimbursed expenses or any other payment in accordance with Company practices. In connection with each of the foregoing termination payments, Mr. Kathwari will be reimbursed for certain excise and other taxes he is required to pay in respect of such payments. In fiscal 1999, Mr. Kathwari received \$711,613 in base salary, which represented an \$11,613 increase from the prior fiscal year and was consistent with the terms of the New Employment Agreement. Mr. Kathwari also received an annual incentive bonus in fiscal 1999 of \$1,851,000, dividend income of \$4,480 from the Stock Units and was deemed to have received \$1,033,750 from the vesting of "restricted" stock. The payment of the incentive bonus and dividend income, and the "deemed" vesting of "restricted" stock, were effected in accordance with the terms of the New Employment Agreement and the recommendation of the Compensation Committee as described above. In fiscal 1998, Mr. Kathwari received \$700,000 in base salary, which represented a \$150,000 increase from the prior fiscal year and was consistent with the terms of the New Employment Agreement. Mr. Kathwari also received an annual incentive bonus in fiscal 1998 of \$1,670,000, dividend income of \$1,540 from the Stock Units and was deemed to have received \$556,800 from the vesting of shares of "restricted" stock. The incentive bonus and dividend income from the Stock Units were paid pursuant to the terms of the New Employment Agreement and the recommendation of the Compensation Committee as described in the paragraph entitled "Bonuses" above. In fiscal 1997, Mr. Kathwari received \$550,000 in base salary, which represented a \$75,000 increase from the prior fiscal year and was the increase required under the terms of the Prior Employment Agreement. Mr. Kathwari also received an annual incentive bonus in fiscal 1997 of \$819,000. The incentive bonus was paid pursuant to the terms of the Prior Employment Agreement and calculated based on the formula set out in the paragraph entitled "Bonuses" above.

The New Employment Agreement is effective through June 30, 2002, although it may be extended for two additional one-year terms at the mutual agreement of Mr. Kathwari and the Company. To assist in developing the terms of the New Employment Agreement, the Compensation Committee retained an independent compensation consultant, and met with such consultant over a period of three months. In determining the level of compensation appropriate for Mr. Kathwari, the Compensation Committee reviewed employment contracts of chief executive officers in companies in the home furnishings industry of a size and complexity comparable to the Company. In addition, the Compensation Committee and Mr. Kathwari agreed to include a substantial incentive component in the New Employment Agreement. As a result, the large part of Mr. Kathwari's potential compensation is in the form of incentive stock options, restricted stock awards, and a bonus based on the Company's performance.

12

TAX POLICY

Section 162(m) of the Code limits deductibility of annual compensation in excess of \$1 million paid to the Company's Chief Executive Officer and any of the four other highest paid officers. However, compensation is exempt from this limit if it qualifies as "performance based compensation." The Company submitted

the amendment of the Company's 1992 Stock Option Plan to stockholders, to allow awards thereunder to qualify under the "performance-based compensation" requirements. The Company also submitted the Incentive Performance Bonus Provisions of the New Employment Agreement to stockholders to allow the bonus to comply with the "performance-based compensation" requirements. Finally, the stock unit awards under the New Employment Agreement are structured to satisfy the requirements for deductibility.

Although the Compensation Committee will continue to consider deductibility under Section 162(m) with respect to future compensation arrangements with executive officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since Company objectives may not always be consistent with the requirements for full deductibility, the Company may enter into compensation arrangements under which payments are not deductible under Section 162(m).

CONCLUSION

The Compensation Committee believes that long-term stockholder value is enhanced by corporate and individual performance achievements. Through the plans described above, a significant portion of the Company's executive compensation is based on corporate and individual performance, as well as competitive pay practices. The Compensation Committee believes equity compensation, in the form of stock options, restricted stock, and stock units is vital to the long-term success of the Company. The Compensation Committee remains committed to this policy, recognizing that the competitive market for talented executives and the cyclical nature of the Company's business may result in highly variable compensation for a particular time period.

PROPOSAL 3
AMENDMENT TO THE 1992 STOCK OPTION PLAN

GENERAL

Since the Company's adoption of the 1992 Stock Option Plan (the "Stock Option Plan") on March 23, 1993, and as of the Record Date, the Company has

granted 3,523,050 stock options to employees and directors of the Company 3,109,475 of which remain outstanding. As of the Record Date, there were 1,967,547 shares of Common Stock available for grant under the Stock Option Plan (as adjusted for the Stock Splits). Accordingly, in order to continue to implement the Company's policy of providing equity incentives to its employees and directors and to provide greater flexibility in making awards under the Stock Option Plan, the Board of Directors has approved an amendment to the Stock Option Plan to provide for an additional Formula Option (as defined in the Stock Option Plan) for 2000 shares of Common Stock to each Independent Director (as defined in the Stock Option Plan) each year with an exercise price to equal the closing price of the Common Stock on the day of the Board of Directors meeting held in August of each year. Approval of this amendment requires the affirmative vote of a majority of the shares of Common Stock issued and outstanding and entitled to vote on the election of directors, and if the amendment does not receive such approval, it will not take effect.

PURPOSE

Stock options and SARs are awarded under the Stock Option Plan for the purpose of increasing stockholder value, advancing the interests of the Company, strengthening the Company's ability to attract and retain the services of experienced and knowledgeable independent directors, enhancing the Company's ability to attract, retain and motivate employees, and providing such directors and employees with an opportunity to acquire an equity interest in the Company.

SHARES SUBJECT TO THE STOCK OPTION PLAN

Subject to adjustment in the event of certain transactions involving the Company, up to 580,199 shares of Common Stock were reserved for issuance under the Stock Option Plan on the date of its inception, an additional 600,000 shares of Common Stock were reserved for issuance on November 4, 1996 and an additional 1,300,000 shares of Common Stock were reserved for issuance on November 18, 1997, for a total of 5,490,597 shares of Common Stock, after giving effect to the Stock Splits. As of the Record Date, there were 1,967,547 shares of Common Stock available for grant under the Stock Option Plan (as adjusted for the Stock Splits). If an award granted under the Stock Option Plan expires or is terminated without having been exercised in full, the shares of Common Stock subject to the award but not delivered are available again for awards under the Stock Option Plan.

WHO MAY PARTICIPATE IN THE STOCK OPTION PLAN

Directors and employees of the Company are eligible to receive awards pursuant to the terms of the amended Stock Option Plan. Each Independent Director of the Company is currently entitled to receive Formula Options to purchase 2,500 shares of Common Stock upon his or her appointment to the Board of Directors, subject to the terms and conditions contained in the Stock Option Plan. The number of options and SARs granted to directors and employees under the Stock Option Plan is determined by the Committee. The Committee determines which individuals will be granted options and SARs, the number of shares to be optioned and other terms and conditions applicable to the grants.

The stockholders are being asked to approve a provision which will provide for an additional Formula Option (the "New Options") for 2,000 shares of Common Stock to each Independent Director. The New Options would be granted at an exercise price equal to the closing price of the Common Stock on the day of the Board of Directors meeting held in August of each year. The other terms of the New Options would be substantially the same as the existing Formula Options. The New Options would have a term of ten

15

years from the date of grant, subject to earlier termination in the event the Independent Director's service to the Company is terminated, and would vest 50% on the first anniversary of the grant and 50% on the second anniversary of the grant.

Options granted under the Stock Option Plan may be either incentive stock options as defined in Section 422 of the Code or non-qualified stock options. Incentive stock options may be granted only to employees of the Company and its subsidiaries (as described in the Stock Option Plan) and are subject to the limitation that the aggregate fair market value (determined as of the time the option is granted) of stock with respect to which incentive stock options are exercisable for the first time by an optionee during any calendar year (under all option plans of the Company) will not exceed \$100,000. Options that do not meet these requirements will be treated as non-qualified stock options.

The purpose of this amendment to the Stock Option Plan is to promote the interests of the Company and its stockholders by increasing the proprietary and vested interest of Independent Directors in the Company.

EXERCISE OF AWARDS; EXERCISE PRICE; TERMINATION OF AWARDS

Awards granted pursuant to the Stock Option Plan are evidenced by agreements in such form as the Committee may from time to time establish. Generally, each agreement states the number of shares covered thereby, the exercise price (which

will not be less than the closing price of the Common Stock on the NYSE on the date of grant of the options), the time or times during which each award is exercisable, the expiration date of the award, the form of payment which may be used upon exercise of a stock option and whether a stock option is an incentive stock option or a non-qualified stock option. Options granted under the Stock Option Plan vest at a rate determined by the Committee. Formula options vest at a rate of 50% on each anniversary of the date of the grant. On the Record Date, the closing price of the Common Stock on the NYSE was \$29.188 per share.

An award may be exercised in whole or in part (but for the purchase of whole shares only) from time to time by written notice to the Chief Executive Officer of the Company or his appointees which states the number of shares being exercised. Subject to the terms of the option agreement executed by the holder, payment of the option price may be made in cash, check or in outstanding shares of Common Stock (valued as of the date of exercise) or in a combination of such methods and must accompany the exercise notice. The exercise date of an option is the date elected by the optionee, but not earlier than the date on which the Company receives the notice from the optionee.

Neither an optionee nor any person holding an SAR has any privileges as a stockholder of the Company with respect to any shares of Common Stock subject to an award under the Stock Option Plan until the date of issuance of a stock certificate.

Awards under the Stock Option Plan expire the earlier of 10 years from the date of grant or 90 days after termination of employment, except as otherwise provided by the terms of the award.

All outstanding options and SARs become immediately exercisable if a Business Combination (as defined in Article Fifth of the Company's Certificate of Incorporation) occurs and is consummated and the disinterested directors of the Company either do not approve such Business Combination in accordance with Article Fifth, or do approve such Business Combination and so authorize such immediate exercisability in connection with such Business Combination.

DURATION OF THE STOCK OPTION PLAN; AMENDMENT; CERTAIN TRANSACTIONS

The Stock Option Plan will remain in effect as long as any awards that were made under it remain outstanding. However, no awards could be granted under the Stock Option Plan after October 24, 2007. The Stock Option Plan may be amended or terminated by the Board at any time, except that no such

16

amendment or termination may alter or impair the rights of a participant under any award made prior to such amendment or termination without the consent of the participant.

If the Common Stock is changed by reason of a Stock Split, stock dividend or recapitalization, or converted into or exchanged for other securities as a result of a merger, consolidation or reorganization, the Committee will make such adjustments in the number and class of shares of stock with respect to which awards may be granted under the Stock Option Plan as will be equitable and appropriate in order to make such awards, as nearly as may be practicable, equivalent to such awards immediately prior to such change. A corresponding adjustment changing the number and class of shares allocated to, and the exercise price of, each award or portion thereof outstanding at the time of such change will likewise be made. In the case of incentive stock options, no adjustment will be made if such adjustment (i) would constitute a modification, extension or renewal of such incentive stock options within the meaning of Sections 422 and 425 of the Code, or (ii) would, under Section 422 of the Code, be considered as the adoption of a new plan requiring stockholder approval.

ADMINISTRATION

The Stock Option Plan is to be administered by the Compensation Committee, or such other committee of the Board of Directors as the Board may determine (the "Committee"). Subject to the provisions of the Stock Option Plan, the Committee has all powers with respect to the administration of the Stock Option Plan, including without limitation, full power and authority to interpret the provisions of the Stock Option Plan and any agreement executed thereunder and to resolve all questions arising under the Stock Option Plan.

ASSIGNMENT; DEATH OF HOLDER

The Stock Option Plan provides that, except as otherwise provided by the Committee, an award is exercisable only by the holder and is not assignable or transferable during the lifetime of a holder. If the holder dies, his or her award is thereafter exercisable (during the period specified in "Exercise of Awards; Exercise Price; Termination of Awards" above) by his or her executors or administrators to the full extent to which such award was exercisable by the holder at the time of his or her death.

OPTIONS AND SARs GRANTED

During the period from the inception of the Stock Option Plan through the

Record Date, Mr. Kathwari, Mr. Swanston, Ms. Kirkley, Mr. Stout and Ms. McLinden have been granted 2,475,000, 23,250, 27,750, 19,500, and 19,500 stock options, respectively; all current executive officers, as a group, have been granted 2,565,000 stock options; all current directors who are not executive officers, as a group, have been granted 142,500 stock options; and all employees, including all current officers who are not executive officers, as a group, have been granted 797,550 stock options. No SARs have been awarded under the Stock Option Plan. A total of 135,651 stock options have been forfeited.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following summarizes the federal income tax consequences to participants who may receive awards under the Stock Option Plan. This description of tax consequences is based upon present federal tax laws and regulations.

NON-QUALIFIED STOCK OPTIONS. The grant of a non-qualified stock option to an optionee will not itself be a taxable event, and the optionee will not be subject to any income tax consequences with respect to such option unless and until the option is exercised. Upon the exercise of a non-qualified stock option, the optionee will generally recognize ordinary compensation income equal to the "spread" between the exercise price and the fair market value of the Common Stock on the date of exercise, and the Company generally will be entitled to a corresponding deduction. Upon a subsequent disposition of the Common

17

Stock, the optionee will recognize a short-term or long-term capital gain or loss equal to the difference between the fair market value of the shares on the date of exercise and the fair market value at disposition, depending on the length of time the shares are held.

INCENTIVE STOCK OPTIONS. The grant of an incentive stock option to an employee will not itself be a taxable event. However, in contrast to the exercise of a non-qualified stock option, the exercise of an incentive stock option will not cause an optionee to recognize taxable income for regular income tax purposes. If the optionee holds the shares acquired upon exercise of the incentive stock option for a minimum of two years from the date of the grant of the incentive stock option and for at least one year after exercise, any gain realized by the optionee on the subsequent sale of such shares will be treated as long-term capital gain. Under such circumstances, the Company will not be entitled to any deduction for federal income tax purposes. If the shares are sold or otherwise disposed of prior to the expiration of such periods, then the optionee will recognize ordinary income in an amount equal to the difference between the fair market value of the Common Stock on the date of exercise over the amount paid for such shares, and the Company generally will be entitled to a corresponding deduction. Any loss recognized upon a taxable disposition of the shares generally would be characterized as a capital loss.

The excess of the fair market value on the date of exercise of an incentive stock option over the exercise price is an adjustment which increases alternative minimum taxable income, the base upon which alternative minimum tax is computed. In determining the amount of gain or loss recognized on the later disposition of stock acquired pursuant to the exercise of an incentive stock option, the tax basis of the stock for alternative minimum tax purposes (but not regular tax purposes) is increased by the excess of the fair market value of the stock over the option price at the time of exercise.

STOCK APPRECIATION RIGHTS. An employee will not realize taxable income at the time of the grant of an SAR. Upon exercise, however, the employee will generally realize ordinary income in the amount that the fair market value of the Common Stock on the date of exercise exceeds its fair market value on the date of grant. The Company generally will be entitled to a corresponding deduction in the year of exercise.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE STOCK OPTION PLAN, WHICH IS DESIGNATED AS PROPOSAL NO. 3 ON THE ENCLOSED PROXY CARD.

OTHER MATTERS

PROXY SOLICITATION EXPENSE

The expense of the proxy solicitation will be paid by the Company. In addition to the solicitation of proxies by use of the mails, solicitation also may be made by telephone, telegraph or personal interview by directors, officers and regular employees of the Company, none of whom will receive additional compensation for any such solicitation. The Company has engaged Morrow & Company, a professional proxy solicitation firm, to provide customary solicitation services for a fee of \$4,000 plus expenses. The Company does not anticipate that the costs and expenses incurred in connection with this proxy solicitation will exceed those normally expended for a proxy solicitation for those matters to be voted on in the Annual Meeting. The Company will, upon request, reimburse brokers, banks and similar organizations for out-of-pocket and reasonable clerical expenses incurred in forwarding proxy material to their principals.

STOCKHOLDER PROPOSALS

Proposals of stockholders must be received in writing by the Secretary of the Company no later than 120 days in advance of the first anniversary of the date of the mailing of this proxy statement in order to be considered for inclusion in the Company's proxy statement and form of proxy relating to the 2000 Annual Meeting of Stockholders.

If a stockholder desires to submit a proposal for consideration at the 2000 Annual Meeting of Stockholders, written notice of such stockholder's intent to make such a proposal must be given and received by the Secretary of the Company at the principal executive offices of the Company either by personal delivery or by United States mail not later than June 2, 2000. Each notice must describe the proposal in sufficient detail for the proposal to be summarized on the agenda for the Annual Meeting of Stockholders and must set forth: (i) the name and address, as it appears on the books of the Company, of the stockholder who intends to make the proposal; (ii) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at such meeting to present such proposal; and (iii) the class and number of shares of the Company which are beneficially owned by the stockholder. In addition the notice must set forth the reasons for conducting such proposed business at the Annual Meeting of Stockholders and any material interest of the stockholder in such business. The presiding officer of the Annual Meeting of Stockholders will, if the facts warrant, refuse to acknowledge a proposal not made in compliance with the foregoing procedure, and any such proposal not properly brought before the Annual Meeting of Stockholders will not be considered.

OTHER BUSINESS

The Board of Directors is not aware of any matters to be presented at the Annual Meeting other than those enumerated in the Company's Notice enclosed herewith. If any other matters do come before the meeting, it is intended that the holders of the proxies will vote thereon in their discretion. Any such other matters will require for its approval the affirmative vote of the majority in interest of the stockholders present in person or by proxy at the Annual Meeting where a quorum is present, or such greater vote as may be required by the Company's Amended and Restated Certificate of Incorporation, the Company's Amended and Restated By-laws or the General Corporation Law of the State of Delaware.
